Rebels On The Rio Grande

Kenneth W. Noe

Rebels On The Rio Grande:

Rebels on the Rio Grande Alfred Brown Peticolas, Don E. Alberts, 1993-07-01 In the journal of A B Peticolas the experiences of the Sibley Brigade come to life beginning on 21 February 1862 the morning of the battle of Valverde the first and largest Civil War battle in New Mexico and ending with the company s marching back to Texas on 15 June 1862

Rebels on the Rio Grande Alfred Brown Peticolas, 1984 In 1862 Confederate invasion of New Mexico is a little known episode of Civil War history In the Journal of A B Peticolas however the experiences of the Sibley Brigade come to life It begins on 21 February 1862 the morning of the Battle of Valverde the first and largest Civil War battle in New Mexico and and it s with the company marching back to Texas on 15 June 1862 Despite the fact that he often wrote at night by candlelight after long days of marching through rough country Peticolas was a good observer and an effective writer He was also an artist of considerable skill His charming drawings and Journal sketches are included here He presents not only visited descriptions of the battles but also interesting impressions of New Mexico and of the people he met The author s introduction provides background to Peticolas s upbringing and education and also sets the scene with a history of the campaign leading up to the Battle of Valverde His epilogue traces Peticolas s prominent postwar career as a lawyer and judge in Texas The author has consulted every known journal diary and memoir by both Confederate and Federal participants so the Journal is extensively annotated Peticolas s observations offer a fascinating and unparalleled view of soldier life during the Civil War Publisher *Rio Grande Rebels' Last Stand* Fred Gipson, 1944 **Rebels in the Rockies** Walter Earl Pittman, 2014-07-30

The Civil War in 1861 found Southerners a minority throughout the West Early efforts to create military forces were quickly suppressed Many returned to the South to fight while others remained where they were forming a potentially disloyal population Underground movements existed throughout the war in Colorado California Nevada New Mexico Arizona and even Idaho Repeatedly betrayed and overwhelmed by Union forces and without communications with the South these groups were ineffective In southern New Mexico Southerners who were the majority aligned themselves with the Confederacy Four small companies of irregulars one Hispanic fought effectively as part of the abortive Confederate invasion force of 1861 2 The most famous of these the Brigands were close in function to a modern special forces unit In 1862 the Brigands were sent into Colorado to join up with a secret army of 600 1 000 men massing there but were betrayed Returning to Texas the Brigands and the other irregulars were used for special operations in the West throughout the War they also fought in the Louisiana Arkansas campaigns of 1863 4 Theater of a Separate War Thomas W. Cutrer, 2023-04-04 Though its most famous battles were waged in the East at Antietam Gettysburg and throughout Virginia the Civil War was clearly a conflict that raged across a continent From cotton rich Texas and the fields of Kansas through Indian Territory and into the high desert of New Mexico the Trans Mississippi Theater was site of major clashes from the war s earliest days through the surrenders of Confederate generals Edmund Kirby Smith and Stand Waite in June 1865 In this comprehensive military

history of the war west of the Mississippi River Thomas W Cutrer shows that the theater's distance from events in the East does not diminish its importance to the unfolding of the larger struggle The Three-Cornered War Megan Kate Nelson, 2020-02-11 Finalist for the Pulitzer Prize in History A dramatic riveting and fresh look at a region typically obscured in accounts of the Civil War American history buffs will relish this entertaining and eye opening portrait Publishers Weekly Megan Kate Nelson expands our understanding of how the Civil War affected Indigenous peoples and helped to shape the nation Library Journal starred review reframing the era as one of national conflict involving not just the North and South but also the West Against the backdrop of this larger series of battles Nelson introduces nine individuals John R Baylor a Texas legislator who established the Confederate Territory of Arizona Louisa Hawkins Canby a Union Army wife who nursed Confederate soldiers back to health in Santa Fe James Carleton a professional soldier who engineered campaigns against Navajos and Apaches Kit Carson a famous frontiersman who led a regiment of volunteers against the Texans Navajos Kiowas and Comanches Juanita a Navajo weaver who resisted Union campaigns against her people Bill Davidson a soldier who fought in all of the Confederacy's major battles in New Mexico Alonzo Ickis an Iowa born gold miner who fought on the side of the Union John Clark a friend of Abraham Lincoln's who embraced the Republican vision for the West as New Mexico's surveyor general and Mangas Coloradas a revered Chiricahua Apache chief who worked to expand Apache territory in Arizona As we learn how these nine charismatic individuals fought for self determination and control of the region we also see the importance of individual actions in the midst of a larger military conflict Based on letters and diaries military records and oral histories and photographs and maps from the time this history of invasions battles and forced migration shapes the United States to this day and has never been told so well Pulitzer Prize winning author T J Stiles *The Howling Storm* Kenneth W. Noe, 2020-10-07 Finalist for the Lincoln Prize Winner of the Colonel Richard W Ulbrich Memorial Book Award Traditional histories of the Civil War describe the conflict as a war between North and South Kenneth W Noe suggests it should instead be understood as a war between the North the South and the weather In *The Howling Storm* Noe retells the history of the conflagration with a focus on the ways in which weather and climate shaped the outcomes of battles and campaigns He further contends that events such as floods and droughts affecting the Confederate home front constricted soldiers food supply lowered morale and undercut the government's efforts to boost nationalist sentiment By contrast the superior equipment and open supply lines enjoyed by Union soldiers enabled them to cope successfully with the South's extreme conditions and ultimately secure victory in 1865 Climate conditions during the war proved unusual as irregular phenomena such as El Niño La Niña and similar oscillations in the Atlantic Ocean disrupted weather patterns across southern states Taking into account these meteorological events Noe rethinks conventional explanations of battlefield victories and losses compelling historians to reconsider long held conclusions about the war Unlike past studies that fault inflation taxation and logistical problems for the Confederate defeat his work considers how soldiers and civilians dealt with floods and

droughts that beset areas of the South in 1862 1863 and 1864 In doing so he addresses the foundational causes that forced Richmond to make difficult and sometimes disastrous decisions when prioritizing the feeding of the home front or the front lines The Howling Storm stands as the first comprehensive examination of weather and climate during the Civil War Its approach coverage and conclusions are certain to reshape the field of Civil War studies **Official Records of the Union and Confederate Navies on the War of the Rebellion** United States. Naval War Records Office,1905 A History of South America, 1854-1904 Charles Edmond Akers,1904 **Valverde** Jennifer Bohnhoff,2017-04-21 Texan Jemmy Martin wants nothing to do with the Civil War that is tearing apart the United States He never wants to see New Mexico the barren land that destroyed his father s happiness But when his brother sells the family s mules to the Confederate Army Jemmy feels forced to go with them to protect them and bring them home New Mexican Raul Atencio hates both the Texicans and Americanos whose presence threatens the culture of his people He wishes all foreigners would leave the desolate but beautiful land that his ancestors conquered centuries ago Although neither wants to fight Jemmy and Raul meet face to face over the barrel of a shotgun when they become embroiled in a battle that could change the destiny of two nations

Rebels On The Rio Grande Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the ability of words has be much more evident than ever. They have the capacity to inspire, provoke, and ignite change. Such may be the essence of the book **Rebels On The Rio Grande**, a literary masterpiece that delves deep in to the significance of words and their impact on our lives.
