Rebels Wit Attitude Lain Ellis, 2010-08 In *Rebels Wit Attitude* music writer and professor Iain Ellis throws a spotlight on the history of humor as a weapon of anti establishment rebellion paying tribute to the great rebel humorists in American rock history and investigating comedy and laughter as the catalyst and main expressive force in these artists work The performers who are the subject of Ellis s study are not merely funny people they are those whose art exudes defiance and resistance whether aimed at social structures and mores political systems aesthetic practices or the music industry itself Subversive rock humor has emerged as a formidable force of modern art building a reputation for rock music as a rebellious sometimes dangerous form of expression that can dismay the adult mainstream as it empowers the youth culture In this study of rock s impact on youth through the decades Ellis proves that the most subversive rock humorists serve as the conscience of our culture They chastise pretensions satirize hypocrisy and pour scorn on power corruption and lies Discussing the work of iconic figures as diverse as Chuck Berry Lou Reed the Ramones the Talking Heads the Beastie Boys Missy Elliott Ellis examines the nature of the rock humorist asking why and in what ways each performer uses humor as a weapon of resistance to various status quos The commentary on these artists work is the basis for a deeper discussion of the historical foundations and other socio cultural contexts of humorous art and Ellis delves into the larger issues of politics nationality geography generation art social class race gender and sexuality that surround his subject The chapters divided by decade include introductory sections outlining each decade s defining forces and contextual features While lyrics constitute Ellis s primary field of analysis his exploration goes well beyond that moving into a discussion and interpretation of image performance product and musical content

It's not just the family match makers they have to fear during the New Year Rory Albertini has survived in a world of espionage and danger by being patient and outwitting any enemy So when his fianc and the only woman he's ever love dumps him he immediately creates an attack plan He gives her time with a deadline to deal with the fact that he can't talk about his job but will give everything else in his life including his heart to her Yet when danger comes for her he might have to reveal the deadly skills he wants to hide and then possibly lose her forever Serenity McDerny is a stubborn Irishwoman who'd thought she had the ideal life with her hottie Italian fianc in the best small town in the world They even picked out rings when she'd had no clue he wasn't actually with the forest service The guy is some type of spy He lied to her way too easily and she can't let that go Now like some arrogant James Bond he's given her a deadline to figure things out and get back together with him While she can handle Rory's stubbornness as well as the danger coming fast not even Serenity can avoid the Albertini match makers when they set their sights on her **Rebels: City of Indra** Kendall Jenner, Kylie Jenner, Elizabeth Killmond-Roman, Maya Sloan, 2016-11-15
