Indira Gandhi and the Years That Transformed India Srinath Raghavan, 2025-05-30 Indira Gandhi's ascent as prime minister of India in 1966 was entirely unforeseen But she soon emerged as one of the most powerful political leaders of her times who transformed the world's largest democracy She served as prime minister for a remarkable fifteen years leaving behind a complex and deeply controversial legacy In this fascinating account Srinath Raghavan tells the story of Indira Gandhi's political career and the momentous changes that India experienced under her leadership From her tentative start in high office to her remarkable electoral victories the dark days of the Emergency of 1975-77 and her assassination at the hands of her bodyguards in 1984 Raghavan sheds new light on her politics and government as well as on her adversaries and critics He shows how the 1970s were the hinge on which the history of the country turned and how Indira Gandhi transformed the new postcolonial nation into the India of today

Shaping India's New Destiny Jagmohan, 2010-04-25 In this book the author in the backdrop of his vast and varied experience looks at the major challenges confronting the country after about six decades of her tryst with destiny The analysis done indicates how these challenges have arisen how deep rooted infirmities of the Indian state and society have remained untackled how a leadership with a great vision and will has not emerged at various levels of public life and how the current culture of superficiality has prevented the nation from perceiving the dangers that lie ahead But the book is not restricted to analysis alone Nor does it limit itself to viewing the fall out of India's failed tryst with destiny It offers a new architecture for reshaping this destiny and looking forward to another tryst Shri Jagmohan with his characteristic candour observes The light of freedom about which Jawaharlal Nehru spoke so eloquently on the night of August 14-15 1947 was too weak to pierce through the darkness created by the heaps of garbage which India had collected in her courtyards during the long period of her social and cultural degeneration

My Frozen Turbulence in Kashmir (7th Ed.) Jagmohan, 2006

Triumphs and Tragedies of Ninth Delhi Jagmohan, 2015-10-01 In this insightful book Jagmohan recounts the moments

of triumphs and tragedies which he came across during his long and eventful date with Delhi's development from Jawaharlal Nehru's time till date. His narration and analysis of these moments in the context of larger forces that have remained embedded in the post 1947 India bring under sharp focus a number of fundamental questions that need in depth consideration of national leadership of all hue and colour. Why did Nehru despite his grand vision of a beautiful and balanced growth of Delhi extend only a weak implementational hand when it came to actualizing that vision on the ground? How was it that while most of her senior party leaders of Delhi lambasted the author and his colleagues for launching a drive to implement some of the clearance redevelopment projects Ms Indira Gandhi experienced a sense of thrill and pride when the results of that drive surfaced on the ground and enhanced the image of the Republic and its Capital especially in early 1980s the years of hosting ASIAD NAM CHOGAM? Why were the few remnants of Gandhian Truth which were seen in Prime Minister Morarji Desai's stand regarding Master Plan schemes butchered by his Home Ministry bureaucratic caucus and the Shah Commission? How was it that when in accordance with pre Emergency decision of the Central Government and unanimous resolution of the Delhi Municipal Corporation the government owned slums of Turkman Gate were cleared it was given a communal colour and subjected to the most diabolical campaign of calumny known to contemporary Indian history? What led Prime Minister A B Vajpayee a nobility oriented statesman to act against his own beliefs and change author's portfolio of Urban Development? Why did Mrs Sonia Gandhi Shieela Dikshit regime think that its principal plank for winning Delhi State Assembly Elections and Lok Sabha Elections should be a large reward to those who had ravaged with impunity the landscape of Delhi in form of thousands of unauthorized colonies? And why could not rival political parties think of any plan other than competitive negativity? How is it that We the People hardly ask ourselves In what type of Delhi do we want to live and what type of legacy do we wish to bequeath to posterity and to our children and grand children? Do we want our city to become junk yard of unauthorized constructions mirroring civic and moral chaos? Was inaction on the part of the Election Commission to check the existence of an unhealthy clientistic relationship between the land grabber illegal builder voters and those seeking their votes justifiable? The author has many other posers which extend to the infected ethos of Indian State Society and Civilization. Nor does the author limit himself to questions and posers. He points to the way out outlining a broad strategy of action.

Crisis of environment and climate change Jagmohan, 2008 **Remaking Cities (Routledge Revivals)** Alison Ravetz, 2013-10-08 This book published in 1980 is an iconoclastic account of one of the pillars of the welfare state British town and country planning between 1945 and 1975. Always a fine balance between central control and market forces it was challenged by strains within and between the environmental professions and protest by people dispossessed or alienated by re shaped urban environments. Remaking Cities critiques the export of western style planning to the developing world and reviews initiatives rooted in different understandings of growth appearing in those years. Nearly forty years on many of the same issues beset us notably the depressingly familiar inner city problem despite countless reports funds and

programmes But now our infrastructure and services once publicly owned are privatised and fragmented and local government progressively relegated The very core of planning development control is being pined in a struggle to regain the growth which led to our current crisis This gives fresh importance to the need for new modes of creating liveable sustainable environments emphasised in this important work **Civic Affairs**, 1960 **Urban Development Debates in the New Millennium** Kulwant Rai Gupta, 2004 This Collection Of Essays By Academics And Practitioners From Around The World Underscores Issues And Concerns Of Sustainable Urban Development And Best Practices In Terms Of Theory As Well As Praxes Contributors Have Made An Attempt To Critically Reconcile The Hypothetical With The Applied In Order To Arrive At Innovative Solutions For Urban Good Governance In The Context Of The Steady Proliferation Of Habitats And Conurbations All Over The World Their Papers More Often Than Not Transcend Regional Specifics To Address The Common Agenda Of Urban Development Debates As Informed By Assorted Modernization Perspectives In The 21st Century This Volume Brings Together Social Scientists Development Consultants And Nonprofit Professionals So That Multipositional Theories And Multicultural Praxes Might Be Reflected In Their Papers Based On Empirical Research And Field Level Insights It Is Expected That This Volume Will Provoke Fresh Debates And New Ideas That Will Facilitate Theory Building As Well As Formulation Of Paradigms For Good Practices And Sustainable Urban Applications The Book Would Be Found Highly Useful By Town Planners Municipal Administrators Ngos Working In The Field Of Urban Development And Common Readers Interested In Urban Problems And Policies It Will Be Equally Valuable For Policy Makers As Well As Students Researchers And Teachers Of Urban Economics Urban Sociology Urban Geography And Public Administration Soul and Structure of Governance in India Jagmohan, 2005 Political experiences of an Indian civil servant Soul And Structure Of Governance In Indi , Shâhjahânâbâd, Old Delhi Eckart Ehlers, Thomas Krafft, 2003 This Collection Of Articles Deals With Old Delhi Formerly And Traditionally Known As Shahjahanabad A Creation Of The Great Mughal Ruler Shahjahan 1628 1658 This Second Edition Contains A New And Additional Article By Anisha Shekhar Mukherji A Young Indian Scholar Who Provides Some Fresh Insights Into The Architectural Concept Of Shahjahan S Famous Palace Other Contributors Include Narayani Gupta Jamal Malik Susan Gole Beside The Editors **Housing India's Urban Poor 1800-1965** Hans Schenk, 2020-05-12 The hinge of this book is 15 August 1947 the day India became independent The new leaders of the nation formulated many goals for India s speedy development Among these was the promise to provide all urban citizens with decent housing and thus to clear all slums This promise structures this book It is divided into two sets of questions The first one refers to the past It was apparently necessary to express concern about the poor housing and sanitary provisions for many citizens before 1947 What was hence the situation of urban living during the approximately 150 years of colonial rule What measures were taken or not taken for improvement The promise to provide decent housing in independent India structures the second part of this book through a second set of questions What were the public actions to bring the promise nearer by What has been realized

what faded away finally The analysis ends in the mid 1960s when the role of public actors with regard to housing and the living environment diminished and the idea of self help and just marginal improvements of hut areas gained ground Finally some answers to the question why Indian society has as yet not been able to find adequate answers to the lack of decent housing for a majority of its citizens are formulated The book brings detailed in depth knowledge on urban housing and sanitation on several Indian cities together in a comparative manner and places this local knowledge in a broader context crossing urban borders Please note This title is co published with Manohar Publishers New Delhi Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka **The Politics of Urban**
