Gender and the Rhetoric of Modernity in Spanish America, 1850-1910 Lee Skinner, 2018-10-01 This ambitious volume shows how nineteenth century Spanish American writers used the discourses of modernity to envision the place of women at all levels of social and even political life in the modern utopian nation Looking at texts ranging from novels and essays to newspaper articles and advertisements and with special attention to public and private space domesticity education technology and work Skinner identifies gender as a central concern at every level of society *Fictions of Western American Domesticity* Amanda J. Zink, 2018-06 This work provides a compelling explanation of something that has bedeviled a number of feminist scholars Why did popular authors like *Edna Ferber* continue to write conventional fiction while living lives that were far from conventional Amanda J Zink argues that white writers like *Ferber* and *Willa Cather* avoided the subject of their own domestic labor by writing about the performance of domestic labor by others showing that American print culture both in novels and through advertisements moved away from portraying women as angels in the house and instead sought to persuade other women to be angels in their houses Zink further explores lesser known works such as Mexican American cookbooks and essays in Indian boarding school magazines to show how women writers dialoging domesticity exemplify the cross cultural encounters between colonial domesticity and sovereign domesticity By situating these interpretations of literature within their historical contexts Zink shows how these writers championed and challenged the ideology of domesticity **The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950** George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of *The Cambridge Bibliography of English Literature* The design of the original work has established itself so firmly as a workable

solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries *The New Cambridge Companion to T.
