Texts and Contexts Doug Munro, Brij V. Lal, 2005-11-30 Texts and Contexts is concerned with the development of Pacific Islands history as a specialization in its own right Specifically this volume examines the foundational texts that pioneered and consolidated the new subdiscipline and served as the building blocks and stepping stone for further developments in the field Thirty five texts all of which represent defining points in the development of Pacific Islands historiography are examined Much more than retrospective appraisals of the foundational texts the individual chapters consider a text or complimentary texts within the context of the time of writing and gauge what ongoing influence they exerted In some cases they suggest how a particular text has been superseded by subsequent work that breaks new conceptual ground in the ongoing process of revisionism Contributors Chris Ballard on Gavin Souter Ivan Brady on Greg Denning I C Campbell on Norma McArthur Bronwen Douglas and Doug Munro on H E Maude and Dorothy Shineberg Michael Goldsmith on Marshall Sahlins David Hanlon on Francis X Hezel K R Howe on Andrew Sharp and David Lewis Brij V Lal on K L Gillion and Peter Corris Hugh Laracy on Niel Gunson and Ta unga Lamont Lindstrom on Peter Worsley and Peter Lawrence Doug Munro on Douglas L Oliver R P Gilson J W Davidson and K R Howe Vincent O Malley on Keith Sinclair and Alan Ward Jon Osorio on Ralph Kuykendall and Gavan Daws Tom Ryan on Bernard Smith Jane Samson on W P Morrell and Deryck Scarr Francis West on Francis West and Gavan Daws Glyndwr Williams on O H K Spate

The Myth Of Decline George L Bernstein, 2011-05-31 This history of Britain since 1945 confronts two themes that have dominated British consciousness during the post war era the myth of decline and the pervasiveness of American influence The political narrative is about the struggle to maintain a power that was illusory and from 1960 on to reverse an economic decline that was nearly as illusory The British economy had its problems which are fully analyzed however they were counterbalanced by an unparalleled prosperity At the same time there was a social and cultural revolution which resulted in a more exciting dynamic society While there was much American influence there was no Americanization American influences were incorporated with many others into a new and less stodgy British culture Contrary to conventional

wisdom this groundbreaking book finds that the story of Britain since the war is marked not by decline but by progress on almost all fronts
