Leviathan Transformed Theodore Caplow, 2002-01-16 The authors using these goals as a checklist found that each of the seven states performs well in some areas and badly in others They discovered that all states approached these goals in a style shaped by their own history and in particular by how they have been affected by the troubles of the twentieth century Their investigations offer a new informative way of looking at these nation states and detail the social and political conditions in each state Contributors include Theodore Caplow Salustiano Del Campo Royal Academy of Political and Social Science Madrid Nikolai Genov Bulgaria Academy of Sciences Karl Otto Hondrich Goethe University Simon Langlois Universit de Laval Alberto Martinelli University of Milan and Henri Mendras OFCE Paris

Changing Structures of Inequality Yannick Lemel, Heinz-Herbert Noll, 2002 The international sociological community has engaged recently in a controversial discussion on social inequality There is a vigorous debate on whether the traditional concepts of social class and social stratification are still useful Some researchers argue that social classes still offer a key explanation to social inequalities while others challenge the long standing tradition of class analysis New approaches have been proposed to describe recent social changes in the stratification system vanishing middle class two thirds societies cosmographic inequality and classless society among others

Multicultural Variations Lance W. Roberts, Barry Ferguson, Mathias Bös, 2013-02-01 Contrary to mid twentieth century predictions ethnic pluralism has increased dramatically in North America and significantly in Europe Neither the post 9 11 emphasis on international border security nor anti immigration and anti multiculturalism movements have affected the fifty year trend of increasing labour mobility and sustained levels of migration The ethnic pluralism accompanying this powerful trend has fueled academic research and public debate Contributors report on and develop a conceptualization of ethnic social incorporation and multiculturalism in Canada the United States Germany Greece Bulgaria and Italy This group of countries displays a remarkable variety of both ethnic diversity and public policy responses to ethnic social incorporation over the past four decades It includes two countries Canada and the United States built upon very large scale immigration over the course of more than a century two countries Greece and Italy which until recently were characterized by large scale emigration but now are grappling with immigration one country Bulgaria that was until the 1990s insulated from extensive migration and faces a demographic slump and one Germany that has experimented with isolating temporary populations but is now addressing the responsibilities of permanent immigration *Multicultural Variations* includes national reports describing each of the six countries under investigation and is book ended by introductory and concluding chapters that present a new understanding of and synthesis on multiculturalism that is distinct from either enthusiastic support or ideological critiques Contributors

Piano Makers in Russia in the Nineteenth Century Anne Swartz, 2014-08-01 Piano Makers in Russia in the Nineteenth Century is a richly detailed thematic study of the history of the piano in Russian society from its beginnings with the European artisans who settled in St Petersburg in the early decades of the century through the transition to Russian owned family firms The piano played a defining role in the shaping of Russia s musical culture in the nineteenth century as artisans and entrepreneurs provided the foundation for the great tradition of the Russian virtuoso in the performance and the composition of piano music It also helped bring about a transformative change in the material culture as the piano expanded its reach from the court and the nobility to include music enthusiasts from all social classes and Russian families in their homes This historical study brings to light the impact of neglected piano artisans in nineteenth century Russia and presents a fresh view of the social and economic ties between the state and the piano manufacturing artisans in an era largely defined by handcrafting and entrepreneurship It contributes significantly to current

issues surrounding the role of the piano and the entrepreneur artisans in the urban centers of imperial Russia and represents an expansion of what is currently known about the piano builders who established workshops in Russia beginning in the late 1830s and 1840s well before the heyday of the virtuoso in that country Rare documents including letters memoirs gazettes exhibition catalogs music journals and administrative reports form the nucleus of this book and provide fascinating insights about state and private patronage and the class economic issues related to the affordability and prestige of the piano in Russia Issues surrounding the transformation of the music industry in Russia the role of women as patrons and performers the exportation of instruments to the Russian Far East and the complex system of tariffs and trade protection that benefited domestic piano manufacturers provide this book's thematic links Conclusions indicate that while favorable tariff laws and state imposed economic policies benefited the family owned firms in the nineteenth century they remained in effect in the decades after the nationalization of the piano industry in 1917

The Oxford Handbook of the History of Communism S. A. Smith, 2014-01-09 The impact of Communism on the twentieth century was massive equal to that of the two world wars Until the fall of the Soviet Union in 1991 historians knew relatively little about the secretive world of communist states and parties Since then the opening of state party and diplomatic archives of the former Eastern Bloc has released a flood of new documentation The thirty five essays in this Handbook written by an international team of scholars draw on this new material to offer a global history of communism in the twentieth century In contrast to many histories that concentrate on the Soviet Union The Oxford Handbook of the History of Communism is genuinely global in its coverage paying particular attention to the Chinese Revolution It is global too in the sense that the essays seek to integrate history from above and from below to trace the complex mediations between state and society and to explore the social and cultural as well as the political and economic realities that shaped the lives of citizens fated to live under communist rule The essays reflect on the similarities and differences between communist states in order to situate them in their socio political and cultural contexts and to capture their changing nature over time Where appropriate they also reflect on how the fortunes of international communism were shaped by the wider economic political and cultural forces of the capitalist world The Handbook provides an informative introduction for those new to the field and a comprehensive overview of the current state of scholarship for those seeking to deepen their understanding

Raleigh, 2013-09-19 Soviet Baby Boomers traces the collapse of the Soviet Union and the transformation of Russia into a modern highly literate urban society through the life stories of the country's first post World War II Cold War generation Coppola's Monster Film Steven Travers, 2016-06-23 In 1975 after his two Godfather epics Francis Ford Coppola went to the Philippines to film *Apocalypse Now* He scrapped much of the original script a jingoistic narrative of U S Special Forces winning an unwinnable war Harvey Keitel originally cast in the lead role was fired and replaced by Martin Sheen who had a heart attack An overweight Marlon Brando paid a huge salary did more philosophizing than acting It rained almost every day and a hurricane wiped out the set The Philippine government promised the use of helicopters but diverted them at the last minute to fight communist and Muslim separatists Coppola filmed for four years with no ending in the script The shoot threatened to be the biggest disaster in movie history Providing a detailed snapshot of American cinema during the Vietnam War this book tells the story of how *Apocalypse Now* became one of the great films of all time *For the Soul of Mankind* Melvyn P. Leffler, 2007-09-18 What caused the Cold War in the first place and why did it last as long as it did Melvyn P Leffler homes in on four crucial episodes when American and Soviet leaders considered modulating avoiding or ending hostilities and asks why they failed **Spartak Moscow** Robert Edelman, 2012-11-15 In the informative entertaining and generously illustrated *Spartak Moscow* a book that will be cheered by soccer fans worldwide Robert Edelman finds in the stands and on the pitch keys to understanding everyday life under Stalin Khrushchev and their successors Millions attended matches and obsessed about their favorite club and their rowdiness on game day stood out as a moment of relative freedom in a society that championed conformity This was particularly the case for the supporters of Spartak which emerged from the rough proletarian Presnia district of Moscow and spent much of its history in fierce rivalry with Dinamo the team of the secret police To cheer for Spartak Edelman shows was a small and safe way of saying no to the fears and absurdities of high Stalinism to understand Spartak is to understand how soccer explains Soviet life Champions of the Soviet Elite League twelve times and eleven time winner of the USSR Cup Spartak was founded and led for seven decades by the four Starostin brothers the most visible of whom were Nikolai and Andrei Brilliant players turned skilled entrepreneurs they were flexible enough to constantly change their business model to accommodate the dramatic shifts in Soviet policy Whether because of their own financial wheeling and dealing or Spartak's too frequent success against state sponsored teams they were arrested in 1942 and spent twelve years in the gulag Instead of facing hard labor and likely death they were spared the harshness of their places of exile when they were asked by local camp commandants to coach the prisoners football teams Returning from the camps after Stalin's death they took back the reins of a club whose mystique as the people's team was only enhanced by its status as a victim of Stalinist tyranny Edelman

covers the team from its days on the wild fields of prerevolutionary Russia through the post Soviet period. Given its history, it was hardly surprising that Spartak adjusted quickly to the new capitalist world of postsocialist Russia, going on to win the championship of the Russian Premier League nine times, the Russian Cup three times, and the CIS Commonwealth of Independent States Cup six times. In addition to providing a fresh and authoritative history of Soviet society as seen through its obsession with the world's most popular sport, Edelman, a well-known sports commentator, also provides biographies of Spartak's leading players over the course of a century and riveting play-by-play accounts of Spartak's most important matches, including such highlights as the day in 1989 when Spartak last won the Soviet Elite League on a Valery Shmarov free kick at the ninety-second minute. Throughout, he palpably evokes what it was like to cheer for the Red and White.

Revenge of the Domestic Donna Harsch, 2018-06-26 *Revenge of the Domestic* examines gender relations in East Germany from 1945 to the 1970s, focusing especially on the relationship between ordinary women, the Communist Party, and the state created by the Communists, the German Democratic Republic (GDR). The book weaves together personal stories from interviews, statistical material, and evidence from archival research in Berlin, Potsdam, Leipzig, Merseburg, and Chemnitz to reconstruct the complex interplay between state policy toward women and the family on the one hand, and women's reactions to policy on the other. Donna Harsch demonstrates that women resisted state decisions as citizens, wage workers, mothers, wives, and consumers, and that in every guise they maneuvered to overcome official neglect of the family. As state dependence on female employment increased, the book shows, the Communists began to respond to the insistence of women that the state pay attention to the family. In fits and starts, the party-state begrudgingly retooled policy in a more consumerist and family-oriented direction. This domestication was partial, ambivalent, and barely acknowledged from above. It also had ambiguous, arguably regressive effects on the private gender arrangements and attitudes of East Germans. Nonetheless, the economic and social consequences of this domestication were cumulatively powerful, and the book argues, gradually undermined the foundations of the GDR.
