Polarizing Dreams Pil Ho Kim,2024-12-31 Anyone genuinely curious about what makes South Korean pop culture tick should look no further than Gangnam Celebrated in a song by an unlikely K pop superstar named Psy in 2012 Gangnam is the epicenter of Hallyu the Korean Wave It is an exclusive zone of privilege and wealth that has lured pop culture industries since the 1980s and fueled the aspirations of Seoul s middle class producing in its wake the dialectical images of the modern city described by Walter Benjamin sweet dreams and nightmares visions of heaven and hell scenes of spectacular rises and great falls In Polarizing Dreams Pil Ho Kim presents South Korea s Gangnam style urban development as a unique case of cultural globalization in the age of social polarization Unlike previous genre or industry focused publications on Hallyu Polarizing Dreams mobilizes sources that may be unknown to many K pop fans dissident poetry and protest songs from the 1980s B rated adult films tour bus disco music obscure early works by famous authors and filmmakers interviews with sex workers and urban entrepreneurs to weave together Gangnam s rich backstory and give readers a deeper appreciation of such acclaimed films as Bong Joon Ho s Parasite and Lee Chang dong s Burning and the Netflix drama series Squid Game Kim takes an unflinching look at the darker side of Korean society that includes school bullying entertainment industry scandals and misogynistic violence all of which have provided compelling narratives for an increasing number of Hallyu media products The Gangnam portrayed in this volume is the site of rampant disaster capitalism and rising inequality as well as the engine of cultural and technological innovation In short Gangnam is at the heart of Korea s global polarization As one of a handful of books on Korean cultural history that bridges the twentieth and the twenty first centuries Polarizing Dreams will have a lasting impact on the study of Korean pop culture and beyond

The Sounds of Aurora Australis Beatrice Dalov,2021-01-12 Entrenched until recently in Western aesthetics Australian composers are now developing a functional cultural identity expressed through a distinctly nationalistic musical idiom Its ongoing formation inspired by Australias Aboriginal heritage and unique natural environment seeks to distance the nations artistic developments from the

geographically remote Occidental regions and emphasize its native cultures Presently however mounting sociopolitical and ethical concerns surrounding the cultural borrowing between Indigenous and non Indigenous peoples are problematizing the developing nationalistic idiom as composers must determine whether the two groups share any legitimate connection beyond mere occupation of the same land given their tense post colonial history Musicologist Beatrice Dalov traces the formation of the Southern Lands cultural identity while simultaneously considering its complex relationship with the nations First Peoples She illuminates the origins influences and developments of Australian art music from colonization late eighteenth century to the present day interweaving the social cultural political and economic forces that shaped and often determined its evolution The history demonstrates that the complex processes of articulating a unique cultural identity began almost immediately after arrival of the first colonists and continues uninterrupted through today Drawing on newly available archival material key works and personally conducted interviews with numerous contemporary composers Dalov traces the history of the lands music from scattered convict settlements and eventful contacts with Aboriginal peoples to the formation of a national musical infrastructure to todays thriving musical independence She brings forward not only the most prominent composers and musicians of the last century but also those who laid a crucial foundation and offered the first contributions toward a national idiom A comprehensive history of the music of the Great Southern Land has been too long neglected by social historians and musicologists worldwide Beatrice Dalov sets the record straight **The Graphic** ,1921 *This Ancient Lyre* O.
