Romantic Victorian Poetry 2nd Edition

Herbert F. Tucker Jr.

Romantic Victorian Poetry 2nd Edition:

The Cambridge Companion to Medievalism Louise D'Arcens, 2016-03-02 Medievalism the creative interpretation or recreation of the European Middle Ages has had a major presence in the cultural memory of the modern West and has grown in scale to become a global phenomenon Countless examples across aesthetic material and political domains reveal that the medieval period has long provided a fund of images and ideas that have been vital to defining the modern Bringing together local national and global examples and tracing medievalism's unpredictable course from early modern poetry to contemporary digital culture this authoritative Companion offers a panoramic view of the historical aesthetic ideological and conceptual dimensions of this phenomenon It showcases a range of critical positions and approaches to discussing medievalism from more traditional historicist and close reading practices through to theoretically engaged methods It also acquaints readers with key terms and provides them with a sophisticated conceptual vocabulary for discussing the medieval afterlife in the modern

Elizabeth Barrett Browning Rebecca Stott, Simon Avery, 2014-09-25 This volume will provide students with an introduction to the poetry and life of Elizabeth Barrett Browning one of the most popular poets of her day in Britain and America and who has become one of the great icons of Victorianism for the modern age The authors present a biographical survey study of her poetry its critical reception and an assessment of her influence on later poets This book also examines the complex myths which are associated with Elizabeth Barrett Browning and offers re readings of her life and work particularly in dispelling the myth of the ailing invalid poet recluse and instead showing her to be one of the great intellectuals of her day immersed in European history and politics from a very early age The book situates Browning within broader historical political and cultural contexts than have yet been examined enabling a better understanding of her poetry and paints the portrait of a fine and innovative poet an intellectual and an astute political thinker

Literary Theology by Women Writers of the Nineteenth Century Rebecca Styler, 2016-05-13 Examining popular fiction life writing poetry and political works Rebecca Styler explores women's contributions to theology in the nineteenth century Female writers Styler argues acted as amateur theologians by use of a range of literary genres Through these they questioned the Christian tradition relative to contemporary concerns about political ethics gender identity and personal meaning Among Styler's subjects are novels by Emma Worboise writers of collective biography including Anna Jameson and Clara Balfour who study Bible women in order to address contemporary concerns about The Woman Question poetry by Anne Bronte and political writing by Harriet Martineau and Josephine Butler As Styler considers the ways in which each writer negotiates the gender constraints and opportunities that are available to her religious setting and literary genre she shows the varying degrees of frustration which these writers express with the inadequacy of received religion to meet their personal and ethical needs All find resources within that tradition and within their experience to reconfigure Christianity in creative and more earth oriented ways

American and British Poetry Harriet Semmes Alexander, 1984 Mid-Victorian Poetry, 1860-1879

Catherine Reilly,2000-01-01 These two volumes list late and mid Victorian poets with brief biographical information and bibliographical details of published works The major strength of the works is the discovery of very many minor poets and their work unrecorded elsewhere Visionary Dreariness Markus Poetzsch,2013-09-13 Visionary Dreariness Readings in Romanticism s Quotidian Sublime undertakes a reconceptualization of the theoretical and experiential framework of the Romantic sublime by shifting the focus from Burke s and Kant s prescriptions of natural vastness and grandeur to the narrower but no less wondrous spaces objects and experiences of everyday life This shift is defined as a descent from mountaintops to an encounter in William Blake s terms with a World in a Grain of Sand The purpose of this book is to sift the literature of the Romantic everyday both prose and poetry canonical and noncanonical for such grains In order to define the inherently amorphous and subsumptive sphere called everyday life the author draws upon two main theoretical threads the first based on the phenomenological poetics of Gaston Bachelard serves to elucidate the depth and diversity of everyday household space the second comprising the work of Henri Lefebvre and Michel de Certeau defines the generative potential what de Certeau glosses as the everyday creativity of some of the most basic human activities such as walking reading and washing to name but a few The role of the everyday in Romantic literature has in recent years received greater scholarly attention particularly from critics dissatisfied with the perpetuation of what Karina Williamson characterizes as a debased Romanticism which rules there is a category of experience and expression which is poetic and all the rest is ordinary and inadmissible The present study serves to map the intersections of these categories of experience and expression the sublime and the quotidian and thereby to challenge our assumptions about the aesthetic value of the everyday not only in the Romantic period but also in our own Tennyson's Name Anna Barton,2016-12-05 Seeking to understand Tennyson s poetry as the work of a man concerned with making and then living up to one of the most famous names in Victorian literature Anna Barton offers close readings of Tennyson s major works From his obscure beginning as A T one of two anonymous brothers to the height of his success when he held the impressive title Alfred Lord Tennyson DCL Poet Laureate the development of Tennyson s career took place in a period increasingly aware that a name could command considerable cultural capital In the marketplace goods were sold on the strength of their brand name in the press the battle for signed articles was fought and won and in Victorian drawing rooms young ladies collected the autographs of family and friends and pasted them into scrap books From his early lyrics to his Arthurian Idylls Barton argues the laureate s keen sense of professional identity forced him to grapple with modern concerns about the ethics of print in order to establish his own responsible poetic Browning's Beginnings Herbert F. Tucker Jr.,1980-12-31 Browning s Beginnings was first published in 1980 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Browning s Beginnings offers a fresh approach to the poet who among major Victorians has proved at once the most congenial and most inscrutable to modern readers Drawing on recent developments

in literary theory and in the criticism of romantic poetry Herbert F Tucker Jr argues that Browning's stylistic obscurity is the result of a principled poetics of evasion This art of disclosure in deferring formal and semantic finalities constitutes an aesthetic counterpart to his open ended moral philosophy of incompleteness Browning's poems like his enormously productive career find their motivation and sustenance in his optimistic love of the future a love that is indistinguishable from his lifelong fear that there will be nothing left to say The opening chapters trace the workings of Browning's art of disclosure with extensive and original interpretations of the unduly neglected early poems *Pauline Paracelsus* and *Sordello* and place special emphasis on Browning's attitudes toward poetic tradition and language A chapter on Browning's attitudes toward poetic tradition and language A chapter on Browning's plays identifies dynamics of representation in *Pippa Passes* *Stratford* and *King Victor and King Charles* Tucker discusses the pervasive analogy between Browning's ideas about poetic representation and about representation in its erotic and religious aspects and shows how the early poems and plays illustrate correlative developments in poetics and in the exploration and dramatic rendering of human psychology The remaining chapters follow the poetic psychology of Browning to its culmination in the great poems of his middle years exemplary readings of selected dramatic lyrics and monologues suggest that the ways of meaning in Browning's mature work variously bear out the sense of endlessness or perpetual initiation that is central to his poetic beginnings Tucker thus contends that the romantic and the Victorian Browning have more in common than is generally supposed and his book should appeal to students of both periods Its discussion of general literary issues poetic influence closure representation and meaning in application to particular texts should further recommend Browning's *Beginnings* to the nonspecialist reader interested in poetry and poetic theory

The Cultural Production of Matthew Arnold Antony H. Harrison, 2009-11-15 The career of Matthew Arnold as an eminent poet and the preeminent critic of his generation constitutes a remarkable historical spectacle orchestrated by a host of powerful Victorian cultural institutions *The Cultural Production of Matthew Arnold* investigates these constructions by situating Arnold's poetry in a number of contexts that partially shaped it Such analysis revises our understanding of the formation of the elite and elitist male literary intellectual subject during the 1840s and 1850s as Arnold attempts self definition and strives simultaneously to move toward a position of ideological influence upon intellectual institutions that were contested sites of economic social and political power in his era Antony H Harrison reopens discussion of selected works by Arnold in order to make visible some of their crucial sociohistorical intertextual and political components Only by doing so can we ultimately view the cultural work of Arnold steadily and whole and in a fashion that actually eschews this mystifying premise of all Arnoldian inquiry which by the early twentieth century had become wholly naturalized in the academy as ideology

Romantic Poetry Karl Kroeber, Gene W. Ruoff, 1993 This anthology fills the need for a comprehensive up to date collection of the most important contemporary writings on the English romantic poets During the 1980s many theoretical innovations in literary study swept academic criticism Many of these approaches from

deconstructive new historicist and feminist perspectives used romantic texts as primary examples and altered radically the ways in which we read Other major changes have occurred in textual studies dramatically transforming the works of these poets The world of English romantic poetry has certainly changed and Romantic Poetry keeps pace with those changes Karl Kroeber and Gene W Ruoff have organized the book by poet Blake Wordsworth Coleridge Byron Shelly and Keats and have included essays representative of key critical approaches to each poet s work In addition to their excellent general introduction the editors have provided brief helpful forewords to each essay showing how it reflects current approaches to its subject The book also has an extensive bibliography sure to serve as an important research aid Students on all levels will find this book invaluable
