Roots Schmoots Journeys Among Jews:

Roots Schmoots Howard Jacobson, 1995-08-01 From a Booker Prize winning author an informed and witty travelogue exploring America Israel Lithuania and the nature of Jewish identity Publishers Weekly Howard Jacobson had been hoping to make a journey to Lithuania to search for his Jewish roots So when the BBC offered to send him around the globe to report on a variety of Jewish communities he accepted The trip he recounts in this memoir takes him to New York City where tension simmers between Jews and African Americans to California where he visits a gay synagogue to Israel where he encounters the spectrum of Jewishness from Orthodox right wing hardliners to tolerant peace loving kibbutzniks And ultimately to Lithuania the land of his forefathers where he discovers that antisemitism still lurks A lively irreverent but ultimately serious account of a British Jew's search for his roots Elizabeth Benedict The New York Times Profound and moving Publishers Weekly

Writing Jewish Ruth Gilbert, 2013-12-04 British Jewish writers are increasingly addressing challenging questions about what it means to be both British and Jewish in the twenty first century Writing Jewish provides a lively and accessible introduction to the key issues in contemporary British Jewish fiction memoirs and journalism and explores how Jewishness exists alongside a range of other different identities in Britain today By interrogating myths and stereotypes and looking at themes of remembering and forgetting belonging and alienation location and dislocation Ruth Gilbert examines how these writers identify the particularity of their difference while acknowledging that this difference is neither fixed nor final but always open to re interpretation

Howard Jacobson's Novels in the Context of Contemporary British Jewish Literature Anténe, Petr, The novelist Howard Jacobson who received the 2010 Booker Prize for *The Finkler Question* has often been characterized as the British Philip Roth although he himself prefers to be viewed as the Jewish Jane Austen This monograph concludes that both comparisons may be used to comment on various features of Jacobson's oeuvre Like Roth Jacobson tends to focus on male Jewish protagonists and intimate relations between the sexes Like Austen he portrays a certain social class whether it be the British Jewish minority or the social world of British writers and university professors Apart from reflecting on the tension between Britishness and Jewishness as inseparable aspects of his characters' identities Jacobson's novels contribute to the traditions of British and Jewish humour

The battle of Britishness Tony Kushner, 2017-10-03 This pioneering study of migrant journeys to Britain begins with Huguenot refugees in the 1680s and continues to asylum seekers and east European workers today Analyzing the history and memory of migrant journeys covering not only the response of politicians and the public but also literary and artistic representations then and now Kushner's volume sheds new light on the nature and construction of Britishness from the early modern era onwards It is an essential tool for those wanting to understand why people come to Britain or are denied entry and how migrants have been viewed by state and society alike The journeys covered vary from the famous including the Empire Windrush in 1948 to the obscure such as the Volga German transmigrants passing through Britain in the 1870s While employing a broadly historical

approach Kushner incorporates insights from many other disciplines and employs a comparative methodology to highlight the importance of the symbolic as well as the physical nature of such journeys **Nationalism, War and Jewish Education** David Aberbach, 2018-10-04 Nationalism War and Jewish Education explores historical circumstances leading to the emergence of a Jewish religious school system lasting to modern times and the process by which this system was broken down and adapted in secular form as Jewish nationalism grew in the 19th and early 20th centuries In the Roman period education became an essential part of rabbinic pacifist accommodation following Jewish defeats while in the modern period secular education was associated with nationalism and increasing militancy of emerging states In both periods there was a revival of Hebrew and the creation of an educational system based on Hebrew texts Both revivals were responses to anti-Semitism which pushed large numbers of Jews away from assimilation into the dominant culture to a renewed Jewish national identity The book highlights the centrifugal and centripetal shifts in Jewish identity from messianic militarism to pacifism and back It shows how changes in Jewish education accompanied these shifts While drawing on historical scholarship for background this book is essentially a literary study showing how literary changes at different times and places reflect historical socio psychological economic and political change Nationalism War and Jewish Education is original in showing how ancient Jewish education affected modern Jewish society therefore it is a valuable resource for students and researchers interested in Jewish history and literature education development studies and nationalism **An unorthodox history** Gavin Schaffer, 2025-02-18 A bold new history of British Jewish life since the Second World War Historian Gavin Schaffer wrestles Jewish history away from the question of what others have thought about Jews focusing instead on the experiences of Jewish people themselves Exploring the complexities of inclusion and exclusion he shines a light on groups that have been marginalised within Jewish history and culture such as queer Jews Jews married to non Jews Israel critical Jews and even Messianic Jews while offering a fresh look at Jewish activism Jewish religiosity and Zionism Weaving these stories together Schaffer argues that there are good reasons to consider Jewish Britons as a unitary whole even as debates rage about who is entitled to call themselves a Jew Challenging the idea that British Jewish life is in terminal decline An unorthodox history demonstrates that Jewish Britain is thriving and that Jewishness is deeply embedded in the country's history and culture

Post-War Jewish Fiction D. Brauner, 2001-07-18 In this groundbreaking study David Brauner explores the representation of Jewishness in a number of works by postwar British and American Jewish writers identifying a transatlantic sensibility characterised by an insistent compulsion to explain themselves and their Jewishness in ambivalent terms Through detailed readings of novels by famous American authors such as Saul Bellow Philip Roth Bernard Malamud and Arthur Miller alongside those by lesser known British writers such as Frederic Raphael Jonathan Wilson Howard Jacobson and Clive Sinclair certain common preoccupations emerge Gentiles who mistake themselves for Jews Jewish hostility towards Nature writing and not writing about the Holocaust and the relationship between fact and fiction **Edinburgh Companion to**

Modern Jewish Fiction David Brauner, 2015-06-07 Provides critical overviews of the main writers and key themes of Anglophone Jewish fiction. This collection of essays represents a new departure for and a potentially re-defining moment in literary Jewish Studies. It is the first volume to bring together essays covering a wide range of American, British, South African, Canadian, and Australian Jewish fiction. Moreover, it complicates all these terms, emphasising the porousness between different national traditions and moving beyond traditional definitions of Jewishness. For the sake of structural clarity, the volume is divided into three parts: American Jewish Fiction, British Jewish Fiction, and International and Transnational Anglophone Jewish Fiction, but many of the essays cross over these boundaries and speak to each other implicitly as well as on occasion explicitly. Extending and redefining the canon of modern Jewish fiction, the volume juxtaposes major authors with more marginal figures, revising and recuperating individual reputations, rediscovering forgotten and discovering new work, and in the process remapping the whole terrain. This volume opens windows onto vistas that previously had been obscured and opens doors for the next generation of studies that could not proceed without a wide-ranging visionary empiricism grounding their work. The Edinburgh Companion is a paradigm-changing event and nothing in Jewish literary studies that follows can fail to pay close attention to it.

Key Features: Highlights the rich diversity of the field and identifies its key themes, including immigration, the Diaspora, the Holocaust, Judaism, assimilation, antisemitism, and Zionism. Analyses the main trends in Anglophone Jewish fiction and situates them in historical context. Discusses the place of Anglophone Jewish fiction in relation to critical debates concerning transatlanticism and transnationalism, ethnicity and identity, politics, postcolonial studies, feminist studies, and Jewish Studies. With a preface by Mark Shechner, the volume contains 28 essays by contributors including Vicki Aarons (Trinity University, Texas), Debra Shostak (Wooster College, Ohio), Ira Nadel (University of British Columbia), Efraim Sicher (Ben Gurion University), Phyllis Lassner (Northwestern University), Sue Vice (University of Sheffield), Lori Harrison Kahan (Boston College), Ruth Gilbert (University of Winchester), Beate Neumeier (University of Cologne), and Sandra Singer (University of Guelph). David Brauner is Professor of Contemporary Literature at The University of Reading. Axel Staer is Reader in Comparative Literature at the University of Kent, Canterbury.

The Changing World Religion Map Stanley D. Brunn, 2015-02-03 This extensive work explores the changing world of religions, faiths, and practices. It discusses a broad range of issues and phenomena that are related to religion, including nature, ethics, secularization, gender, and identity. Broadening the context, it studies the interrelation between religion and other fields, including education, business, economics, and law. The book presents a vast array of examples to illustrate the changes that have taken place and have led to a new world map of religions. Beginning with an introduction of the concept of the changing world religion map, the book first focuses on nature, ethics, and the environment. It examines humankind's eternal search for the sacred and discusses the emergence of green religion as a theme that cuts across many faiths. Next, the book turns to the theme of the pilgrimage, illustrated by many examples from all parts of the world. In its discussion of the interrelation between religion and education,

it looks at the role of missionary movements It explains the relationship between religion business economics and law by means of a discussion of legal and moral frameworks and the financial and business issues of religious organizations The next part of the book explores the many new faces that are part of the religious landscape and culture of the Global North Europe Russia Australia and New Zealand the U S and Canada and the Global South Latin America Africa and Asia It does so by looking at specific population movements diasporas and the impact of globalization The volume next turns to secularization as both a phenomenon occurring in the Global religious North and as an emerging and distinguishing feature in the metropolitan cosmopolitan and gateway cities and regions in the Global South The final part of the book explores the changing world of religion in regards to gender and identity issues the political religious nexus and the new worlds associated with the virtual technologies and visual media

The Alien Jew in the British Imagination, 1881-1905 Hannah Ewence, 2019-09-27 This book explores how fin de siècle Britain and Britons displaced spatially charged apprehensions about imperial decline urban decay and unpoliced borders onto Jews from Eastern Europe migrating westwards The myriad of representations of the alien Jew that emerged were the product of but also a catalyst for a decisive moment in Britain's legal history the fight for the 1905 Aliens Act Drawing upon a richly diverse collection of social and political commentary including fiction political testimony ethnography travel writing journalism and cartography this volume traces the shifting rhetoric around alien Jews as they journeyed from the Russian Pale of Settlement to London's East End By employing a unique and innovative reading of both the aliens debate and racialized discourse concerned with the Jew Hannah Ewence demonstrates that ideas about space and place critically informed how migrants were viewed an argument which remains valid in today's world
