Savage Freud And Other Essays On Possible And Retrievable Selves:

The Savage Freud and Other Essays on Possible and Retrievable Selves Ashis Nandy, 1995 One of India's leading public intellectuals Ashis Nandy is a highly influential critic of modernity science nationalism and secularism In this his most important collection of essays so far he seeks to locate cultural forms and languages of being and thinking that defy the logic and hegemony of the modern West The core of the volume consists of two ambitious deeply probing essays one on the early success of psychoanalysis in India the other on the justice meted out by the Tokyo War Crimes Tribunal to the defeated Japanese Both issues are viewed in the context of the psychology of dominance over a subservient or defeated culture This theme is explored further in essays on mass culture and the media political terrorism the hold of modern medicine and notably the conflict or split between the creative work of writers like Kipling Rushdie and H G Wells and the political and social values they publicly and rationally present Also included is a controversial essay by Nandy on the issue of sati or widow s suicide Gender in the Making ,2024-06-24 Black Skin, White Coats Matthew M. Heaton, 2013-10-15 Black Skin White Coats is a history of psychiatry in Nigeria from the 1950s to the 1980s Working in the contexts of decolonization and anticolonial nationalism Nigerian psychiatrists sought to replace racist colonial psychiatric theories about the psychological inferiority of Africans with a universal and egalitarian model focusing on broad psychological similarities across cultural and racial boundaries Particular emphasis is placed on Dr T Adeoye Lambo the first indigenous Nigerian to earn a specialty degree in psychiatry in the United Kingdom in 1954 Lambo returned to Nigeria to become the medical superintendent of the newly founded Aro Mental Hospital in Abeokuta Nigeria's first modern mental hospital At Aro Lambo began to revolutionize psychiatric research and clinical practice in Nigeria working to integrate modern western medical theory and technologies with traditional cultural understandings of mental illness Lambo s research focused on deracializing psychiatric thinking and redefining mental illness in terms of a model of universal human similarities that crossed racial and cultural divides Black Skin White Coats is the first work to focus primarily on black Africans as producers of psychiatric knowledge and as definers of mental illness in their own right By examining the ways that Nigerian psychiatrists worked to integrate their psychiatric training with their indigenous backgrounds and cultural and civic nationalisms Black Skin White Coats provides a foil to Frantz Fanon's widely publicized reactionary articulations of the relationship between colonialism and psychiatry Black Skin White Coats is also on the cutting edge of histories of psychiatry that are increasingly drawing connections between local and national developments in late colonial and postcolonial settings and international scientific networks Heaton argues that Nigerian psychiatrists were intimately aware of the need to engage in international discourses as part and parcel of the transformation of psychiatry at home Psychology in India Volume IV: Theoretical and Methodological Developments (ICSSR Survey of Advances in Research) Girishwar Misra, Psychology in India Volume IV Theoretical and Methodological Developments is part of the periodic surveys in the major disciplines of the social sciences to assess

Raghuramaraju, 2007-08-10 This volume traces the impact of colonialism and Western philosophy on the dialogical structure of Indian thought and highlights the general tendency in contemporary Indian philosophy to avoid direct dialogue as opposed to the rich and elaborate debates that formed the pivot of the classical Indian tradition It defines three possible areas of debate between Swami Vivekanand and Mahatama Gandhi V D Savarkar and Mahatama Gandhi and Sri Aurobindo and Krishna Chandra Bhattacharyya on state and pre modern society religion and politics and science and spiritualism respectively This book will be of considerable interest not only to students and scholars of Indian philosophy and religious studies but to scholars of politics and sociology as well Literature in a Cosmopolitan Age Vincent P. Pecora, 2020-02-13 European culture after the Franco Prussian War of 1870 71 was no stranger to ancient beliefs in an organic religiously sanctioned and aesthetically pleasing relationship to the land The many resonances of this relationship form a more or less coherent whole in which the supposed cosmopolitanism of the modern age is belied by a deep commitment to regional nationalist and civilizational attachments including a justifying theological armature much of which is still with us today This volume untangles the meaning of the vital geographies of the period including how they shaped its literature and intellectual life Intoxication, Modernity, and Colonialism Dušan I. Bjelić, 2017-01-25 This book depicts how Freud's cocaine and Benjamin's hashish illustrate two critiques of modernity and two messianic emancipations through the pleasures of intoxicating discourse Freud discovered the libido and unconscious in the industrial mimetic scheme of cocaine whereas Benjamin found an inspiration for his critique of phantasmagoria and its variant psychoanalysis in hashish s mimesis In addition as part of the history of colonialism both drugs generated two distinct colonial discourses and consequently two different understandings of the emancipatory powers of pleasure the unconscious and dreams After all great ideas don t liberate they intoxicate **Against Autonomy** Timothy J. Postcolonial Theory and Psychoanalysis Mrinalini Greedharry,2008-04-30 Psychoanalytic theory has been the critical instrument of choice for colonial critics This book examines why critics who are otherwise suspicious of Western forms of knowledge are drawn to psychoanalytic theories and whether it is possible to use such theories without reproducing the colonial discourse that also structures psychoanalytic thought Ashis Nandy Ramin Jahanbegloo,Ananya Vajpeyi,2018-04-04 This volume is an adda of great minds spanning generations and multiple nationalities While one discusses creativity and aesthetics through Indian classical music another recounts the pleasure of a simple walk Another questions how it would be if Rabindranath Tagore lived in the twenty first century yet another how cool Indians are or might be in the future Subjects as far apart as war and solitude find space in these musings Through these lively engagements emerge key insights into the ideas writings and life of one of the foremost intellectuals of our time in Indian and global scholarship thought and dissent Ashis Nandy

Pan-Asianism and the Legacy of the Chinese Revolution Viren

Murthy, 2023-10-25 An intellectual history of pan Asianist discourse in the twentieth century Recent proposals to revive the ancient Silk Road for the contemporary era and ongoing Western interest in China's growth and development have led to increased attention to the concept of pan Asianism Most of that discussion however lacks any historical grounding in the thought of influential twentieth century pan Asianists In this book Viren Murthy offers an intellectual history of the writings of theorists intellectuals and activists spanning leftist conservative and right wing thinkers who proposed new ways of thinking about Asia in their own historical and political contexts Tracing pan Asianist discourse across the twentieth century Murthy reveals a stronger tradition of resistance and alternative visions than the contemporary discourse on pan Asianism would suggest At the heart of pan Asianist thinking Murthy shows were the notions of a unity of Asian nations of weak nations becoming powerful and of the Third World confronting the advanced world on equal terms an idea that grew to include non Asian countries into the global community of Asian nations But pan Asianists also had larger aims imagining a future beyond both imperialism and capitalism The fact that the resurgence of pan Asianist discourse has emerged alongside the dominance of capitalism Murthy argues signals a profound misunderstanding of its roots history and potential Dark Continents Ranjana Khanna, 2003-04-22 Argues that the psychoanalytic self was constituted through the specifically national colonial encounters of the late 19th and early 20th centuries and that therefore somewhat paradoxically perhaps The Psychoanalysis of Race Christopher Lane, 1998 Are divisive psychoanalysis is crucial for understanding postcolonia political forces the source of the historical persistence of racism and its alarming recurrence in contemporary society Or are there also subtler more intractable reasons for racism's irrational power and historical persistence. This collection of essays takes the study of racism into a radically new direction that of unconscious fantasies and identities offering perspectives from a variety of leading figures in many fields Psychoanalytic Mediations between Marxist and Postcolonial Reading of the Bible Tat-siong Benny Liew, Erin Runions, 2016-10-14 The first sustained conversation between Marxism postcolonialism and psychoanalysis in biblical studies This volume pursues critical readings of the Bible that put psychoanalysis into conversation with Marxist and postcolonial criticism In these essays psychoanalysis provides a way to mediate between Marxism s materialist groundings and postcolonialism's resistance against empire The essays in the volume illuminate the way empire has shaped the biblical text by looking at the biblical texts silences ruptures oversights over emphases and inexplicable elements These details are read as symptoms of a set of oppressive material relations that shaped and continue to haunt the text in the ascendancy of the text in the name of the West Features Essays and responses from multiple perspectives and geographical locations including Africa Australia Oceania Latin America and North America Psychoanalysis that considers how the traumas of colonialism manifest both materially and psychically Close readings of biblical texts
