Scented Home Natural Recipes In The French Tradition

Abigail Gehring

Scented Home Natural Recipes In The French Tradition:

The Scented Home Laura Fronty, 2002 This scintillating book presents more than 50 ways to enhance a home with natural scents such as pomanders, potpourri, incense, scented drawer sachets, perfumed candles, and atomizers. With an illustrated dictionary and complete resource directory. **Incense** Gina Hyams, 2003-11 Now that aromatherapy has become an everyday luxury and top quality incense can be found in trendsetting boutiques and nationwide retailers everywhere, it's time for the first stylish volume on this ancient tradition. Touching on topics ranging from spirituality to romance to health and well-being, *Incense* draws on folklore and wisdom from Japan, India, the Pacific, and the Americas. By translating those traditions into practical applications, anyone can enjoy. *Incense* shows how different scents can bring energy, focus, or relaxation to daily life. Suggestions for arousing the senses abound, such as enhancing a meditation session with spicy clove or adding a rich and sensuous juniper aroma to a steamy bath. *Incense* also describes the variety of incense products available and explains their essential ingredients: flowers, herbs, and oils. Gorgeously rounded out with Susie Cushner's evocative photography, *Incense* is an elegant gift that soothes the soul and engages the senses. **Spa**, 2002 **The Publishers Weekly**, 2005 **Books in Print Supplement**, 2002 Forthcoming Books Rose Arny, 2002 **Cider, Hard and Sweet: History, Traditions, and Making Your Own (Third Edition)** Ben Watson, 2013-09-02 In this richly informative and entertaining book, Ben Watson explores the cultural and historical roots of cider. He introduces us to its different styles: draft, farmhouse, French, New England, and sparkling, and also covers other apple products like apple wine, apple juice, cider vinegar, and Calvados. Cider is the new thing in today's drinking world, even though it's been around for centuries. In spite of its long and colorful history, cider has remained relatively underappreciated by the American public. The purchase in 2012 of a Vermont-based cidemaker for over 300 million signaled that this is all likely to change very soon. Richly informative and entertaining, *Cider, Hard and Sweet* is your go-to source for everything related to apples, cider, and cidemaking. It includes great information on apple varieties, cidemaking basics, barrel fermentation, and recipes for cooking with cider, with instructions for making boiled cider and cider jelly, and recipes for dishes with cider braises and marinades. It also teaches readers how to recognize a good cider and takes you from buying store-bought to making the genuine article at home. **Subject Guide to Books in Print**, 1991 **Cider, Hard and Sweet: History, Traditions, and Making Your Own (Second Edition)** Ben Watson, 2011-05-01 A fully updated and expanded primer for anyone who wants to make cider, and for those who just like to drink it. With the rise in consumer demand for local foods and local food products and the emergence of more small craft food and beverage producers, since this book was originally published in 2000, this revised edition of *Cider, Hard and Sweet* comes at the right time. Watson's expanded section on the history of cider chronicles lesser-known cider producers such as those in Spain and Asia, broadened the selection of North American cider varieties, and European cider apple varieties provided new cidemaking basics tailored to beginner and intermediate cidemakers with

special attention to the new cidermaking equipment available added new recipes for cooking with cider from notable chefs and bartenders and added a new chapter about the recent popularity of perry pear cider available for purchase today
