From "Worster" to the Process of Healing Milton Burgess,2018-12-07 From Worster to the Process of Healing is a journey through the life of individuals who have found themselves in a state of brokenness that has risen in all human beings because of the fall in the Garden of Eden The fall has manifested itself in all areas of life which oftentimes gives rise to dysfunction in the lives of many families This book seeks to look at the lives of some prominent characters in biblical history and trace their journey and to see the many serious acts they made as a result of their sinful nature What is so interesting is that their actions affected not only their lives but also the lives of many generations As we journey through the process of wounded lives this book looks at various clinicians and their approaches to bring healing to wounded persons What we may find interesting is that the community of faith has a vital role to play in the healing of the wounded and broken individual This book does not seek to be the final source of one's solutions to health but seeks to be hopefully a source that one may gain further insight into the process of healing or wellness
