Tradition and Innovation in Modern English Dictionaries Henri Béjoint, 1994 Dictionaries of the national language of a country are an essential and quite frequently controversial part of social life and learning This is an account of how such dictionaries are made how they are used and the issues and problems that face their writers and editors It is wide ranging scholarly yet readable in its approach addressing the linguistic problems in areas such as distinguishing meanings writing definition and providing synonyms

Out of Corpora, 2023-11-20 The new media revolution has led to a comprehensive digitization of our textual universe and the pervasive incorporation of the media into our everyday lives from mobile telephony to social media This calls for a concerted research effort uniting linguistics and other disciplines involved in language related research The massive growth in the amount diversity and availability of textual and multimodal language data for many of the world's languages poses several challenges In terms of theory and methods it forces us to rethink traditional notions of what linguistic corpora are and what role they play in linguistic description Established corpus linguistic methods such as concordancing and textual statistics are increasingly being complemented by visualization and geolocation of digital language data Empirically there is a growing need to document and analyse what people do with language in the increasingly technologized communicative ecology of the 21st century Language and Computers Studies in Digital Linguistics invites contributions which explore innovative intelligent and creative ways of using digital language data resources and infrastructure for linguistic description contribute to the development and refinement of usage based models in linguistics using both quantitative and qualitative methods analyse all aspects of digitally mediated communication from orthography to pragmatics and sociolinguistics

Non-finite Complementation Thomas Egan, 2015-06-29 This book presents a comprehensive guide to the way speakers of British English use infinitive and ing clauses as verbal complements It contains details of the non finite complementation patterns of over 300 matrix verbs with a particular emphasis on verbs that occur with more than one type of non finite complement Drawing upon data from the British National Corpus the author shows that some of the views which are to be found in the existing literature on these sorts of clauses are in conflict with the evidence of actual usage He also shows that there is actually much more regularity in this area than has often been taken to be the case Moreover this regularity is shown to be motivated by cognitive functional factors An appendix contains details of the relative frequency of all of the constructions dealt with in the study together with an example of each of them The book is of interest to language teachers as well as linguists both theoretical and applied

Linguistic Perspectives on Sexuality in Education Łukasz Pakuła, 2021-03-23 This book brings together leading academics and practitioners working in the area of language gender sexuality and education consolidating recent developments and moving the field forward in a contemporary context This unique and timely volume captures current themes debates theories and methods in the field and will be of interest to scholars and practitioners working around the world in the areas of Applied Linguistics Teaching English as a Foreign

Language Education Sociology and Discourse Studies **Vocabulary** Michael McCarthy,1990-10-25 How are words and idioms organized in a language How are they learnt and stored Vocabulary explains the ways in which the various theories relating to these questions have been applied in both teaching and reference materials A wide range of examples illustrate the text and will help readers to evaluate and adapt the vocabulary materials they use in their own classrooms Practical Lexicography Thierry Fontenelle,2008-01-24 This reader collects some of the best and most useful work in practical lexicography focusing on the central issues and hottest topics in the field An essential resource for all students and scholars of lexicography and lexicology as well as professional lexicographers **Specialised Dictionaries for Learners** Pedro A. Fuertes-Olivera,2010-03-26 The need for constructing a lexicographical theory with a particular focus on specialised dictionaries for learners is well documented in recent publications This will imply paying attention to at least four basic lexicographic categories learners the learner s situation the learner s needs dictionary assistance In one or other way these categories are analysed in this book whose eleven chapters are grouped into three parts Part 1 reflects on some of the main ideas defended by the function theory of lexicography perhaps the theoretical framework that has paid more attention to specialised lexicography Part 2 presents some proposals that have already been explored in the field of general learner s dictionary and must be incorporated into specialised metalexicography cultural aspects figurative meaning the inclusion of grammatical information the use of corpora Part 3 introduces the state of play regarding specialised dictionaries in China and offers some ideas for coping with the proliferation of terminological glossaries in Internet The book also describes Enrique Alcaraz s academic achievements together with some personal anecdotes and a personal short tribute to his memory Aspects of Meaning Construction Günter Radden,Klaus-Michael Köpcke,Thomas Berg,Peter Siemund,2007-04-11 Meaning does not reside in linguistic units but is constructed in the minds of the language users Meaning construction is an on line mental activity whereby speech participants create meanings on the basis of underspecified linguistic units The construction of meaning is guided by cognitive principles The contributions collected in the volume focus on two types of cognitive principles guiding meaning construction meaning construction by means of metonymy and metaphor and meaning construction by means of mental spaces and conceptual blending The papers in the former group survey experiential evidence of figurative meaning construction and discuss high level metaphor and metonymy the role of metonymy in discourse the chaining of metonymies metonymy as an alternative to coercion and metaphonymic meanings of proper names The papers in the latter group address the issues of meaning construction prompted by personal pronouns relative clauses inferential constructions sort of expressions questions and the into causative construction Longman Dictionary of American English Longman Staff,2002-07-01 **The Business Writer's Handbook, Eighth Edition** Gerald J.
