Looking Back at Law's Century Austin Sarat, Bryant Garth, Robert A. Kagan, 2018-10-18 This book describes a century of tremendous legal change of inspiring legal developments and profound failures The twentieth century took the United States from the Progressive Era s optimism about law and social engineering to current concerns about a hyperlegalistic society from philosophical idealism to the implementation of democracy the rule of law and the idea of human rights throughout the world At the same time law maintained its status as the key language of

governance in the United States the most legal of all countries which has succeeded in making its version of the state a point of reference around the globe *How to Get Into Top Law Schools 5th Edition* Richard Montauk,2011-08-02 The most authoritative guide for law students now revised and updated Richard Montauk an administrations insider and lawyer demystifies the law school application process and provides the tools to ace every step along the way Based on and including exclusive interviews with admissions officers Montauk delivers a candid view of what leading law schools look for in an applicant He also gives applicants solid advice on developing marketing strategies writing winning essays maximizing financial aid and updating credentials to better match that ideal profile **Looking Back** James F. Queenan,2011-08-11 Judge Queenan tells a very human story of his life family and travels withholding no family secrets Included is an account of his diverse and evolving career as a lawyer who handled business transactions drafted estate plans tried cases and at the end found greatest satisfaction in representing corporations reorganizing under chapter 11 He tells of the losing party in one case sending a bomb in the mail to his client We also learn of the disastrous results of a Ponzi scheme that used ruses similar to those of Bernard Madoff Judge Queenans high values and commitment to due process of law are apparent throughout He is still troubled by the prejudicial effect of the press conferences held by the district attorney in the Brinks armed robbery case which came before the Supreme Judicial Court of Massachusetts when he was a young law clerk with the court In giving an account of his years on the bench a time when he was also teaching in law school Judge Queenan makes law and trials understandable to the layman He rejects the notion that bankruptcy is a refuge for the dishonest and lazy and he decries the countrys toxic fascination with debt taking special aim at abusive leveraged buy outs of corporations He recalls memorable witnesses and lawyers tells how he determined who was lying and explains what he did to reduce the length of trials Perhaps most informative of all he describes how a judge makes law rather than just grabbing a rule off the shelf A former campaign worker for Robert Kennedy Judge Queenan shows his passion for politics He gives a critique of the Supreme Courts 2000 decision in Bush v Gore which handed the presidency to George W Bush As one who demonstrated against the war in Iraq before the war began he examines the wars terrible consequences and traces its long political fallout that contributed to the election of Barack Obama for whom the judge delivers a unique panegyric **Through the Dark Looking Glass** Garret Godwin,2018-01-02 Ira Ellingsworth a pawn in the neoconservative movement under the tutelage of his boss Fred Rollins a born again evangelical Christian and archconservative realizes that this is not the destiny he wanted for himself As an assistant district attorney he comes face to face with the unholy trinity of the Patriot Act the Military Commissions Act of 2006 and the Violent Radicalization and Homegrown Terrorism Act of 2007 To make matters worse he is proselytized to become a member of the Christian Zionist movement which he eventually finds to be hypocritical He and his comrade in arms Carol Langley do battle against these forces but they realize that they are outmatched Seeking a new direction Ira and Carol get hired by Roberto Sanchez a lawyer for the American Civil Liberties Union ACLU and they blossom as civil rights lawyers

Ira now fights against everything that Fred Rollins stands for and he starts to bring justice back from near annihilation. The national intelligence agencies and their ever expanding surveillance powers receive their first reality check compliments of the ACLU and Ira becomes an unlikely hero. He then undergoes a spiritual transformation as he breaks free from the power obsessed neoconservative world and sees that the country is finally moving in a new direction. Education, 1988 **Doing the Right Thing** Marybeth Gasman, 2024-08-20 An honest confrontation of systemic racism in faculty hiring and what to do about it. While colleges and universities have been lauded for increasing student diversity, these same institutions have failed to achieve any comparable diversity among their faculty. In 2017, of the nation's full time tenure track and tenured faculty, only 3 percent each were Black men, Black women, Hispanic men, and Hispanic women. Only 6 percent were Asian Pacific Islander men, 5 percent were Asian Pacific Islander women, and 1 percent were American Indian/Alaska Native. Why are the numbers so abysmal? In *Doing the Right Thing*, Marybeth Gasman takes a hard, insightful look at the issues surrounding the recruitment and hiring of faculty of color. Relying on national data and interviews with provosts, deans, and department chairs from sixty major universities, Gasman documents the institutional forces stymieing faculty diversification and she makes the case for how such deficiencies can and should be rectified. Even as institutions publicly champion inclusive excellence and the number of doctoral students of color increases, Gasman reveals the entrenched constraints contributing to the faculty status quo. Impediments to progress include the alleged trade off between quality and diversity, the power of pedigree, the rigidity of academic pipelines, failures of administrative leadership, lack of accountability among administration and faculty, and the opacity and arbitrariness of the recruitment and hiring process. Gasman contends that leaders must acknowledge institutional failures of inclusion, pervasive systemic racism, and biases that restrict people of color from pursuing faculty careers. Recognizing that individuals from all backgrounds are essential to the creation and teaching of knowledge, *Doing the Right Thing* puts forth a concrete call for colleges and universities to take action and do better. **5% More** Michael Alden, 2016-07-26 Small changes lead to big results that stick. 5% More presents a painless route to change with results that can last a lifetime. Whether you want to boost your health, wealth, or wisdom, this book reveals a key technique that makes it stick. You may already know that breaking big goals into small chunks makes them easier to achieve, but the trick is in making those chunks large enough to be productive yet small enough to be sustainable. This book shows you how to bring your goals within reach with only five percent more effort. Five percent is almost unnoticeable in terms of effort, but it accrues quickly with each step, boosting the baseline. Increase sales, decrease your marathon time, boost your savings, or master a new skill. Just five percent more can get you where you want to be. Small changes, small commitments, and small adjustments can lead to very big results. You can accomplish more than you ever thought possible in your business or in your life. This book walks you through the 5% More strategy to help you map your

path to the future Accomplish big changes with very small steps Make bigger leaps in progress each step of the way Break big goals into manageable milestones Find a change that you can stick to for the long term Mountain climbers don't conquer Everest on their first time out attempting to do so would be a tragic failure No matter what your goal no matter what your baseline small incremental steps set you up for success 5% More gives you a concrete strategy for realizing your goals and making changes that last
