Looking For The Last Percent The Controversy Over Census Undercounts

Andrew Gelman, Xiao-Li Meng

Looking For The Last Percent The Controversy Over Census Undercounts:

Differential Undercounts in the U.S. Census William P. O'Hare, 2019-02-13 This open access book describes the differences in US census coverage also referred to as differential undercount by showing which groups have the highest net undercounts and which groups have the greatest undercount differentials and discusses why such undercounts occur In addition to focusing on measuring census coverage for several demographic characteristics including age gender race Hispanic origin status and tenure it also considers several of the main hard to count populations such as immigrants the homeless the LGBT community children in foster care and the disabled However given the dearth of accurate undercount data for these groups they are covered less comprehensively than those demographic groups for which there is reliable undercount data from the Census Bureau This book is of interest to demographers statisticians survey methodologists and all those interested in census coverage

Looking for the Last Percent Harvey M. Choldin, 1994 Every census misses some people but those who are poor male urban black and Hispanic are most likely not to be counted In 1980 and 1990 big city mayors complained that census undercounts were depriving their communities of their correct representation in Congress and of their fair share of state and federal dollars The mayors filed lawsuits to demand recounts and statistical corrections to the census Harvey Choldin tells the story of the conflict between Census Bureau staff and politicians over how to handle the undercount Statisticians at the census bureau were caught between their own rigorous scientific standards and these strong political demands Choldin explains the political and statistical issues in the undercount controversy and describes the major research and development program in which statisticians developed innovative techniques with which to measure and correct undercounts He concludes by showing that despite the undercount the United States has an excellent census

The Misuse, Misrepresentation, and Politicization of Statistics in American Society Robert E. Parker, 2022-07-18 The Misuse Misrepresentation and Politicization of Statistics in American Society critically examines the early measurement efforts of several government agencies responsible for some of the most widely watched social indicators on unemployment life expectancy crime and population It argues that official statistics are dubious at best better seen not so much as objective barometers of social life but rather as socially constructed metrics that are easily manipulated and often politicized This book argues that official statistics powerfully frame social reality ultimately helping to determine who counts and what matters in society It makes the case that as with other types of official accounts data derived from government sources needs to be regarded skeptically and systematically investigated This book concludes that official statistics are a kind of sanctioned cover up of everyday reality hiding the true extent of joblessness distorting the real increase in life expectancy obscuring where crime actually happens and understating the undeniable growth of minority populations

Journal of Economic and Social Measurement, 2006

The Oxford Handbook of Contextual Political Analysis Robert E. Goodin, Charles Tilly, 2008-06-20 The Oxford Handbooks of Political Science is a ten volume set of reference books offering authoritative and

engaging critical overviews of the state of political science Each volume focuses on a particular part of the discipline with volumes on Public Policy Political Theory Political Economy Contextual Political Analysis Comparative Politics International Relations Law and Politics Political Behavior Political Institutions and Political Methodology The project as a whole is under the General Editorship of Robert E Goodin with each volume being edited by a distinguished international group of specialists in their respective fields The books set out not just to report on the discipline but to shape it The series will be an indispensable point of reference for anyone working in political science and adjacent disciplines The Oxford Handbook of Contextual Political Analysis sets out to synthesize and critique for the first time those approaches to political science that offer a more fine grained qualitative analysis of the political world The work in the volume has a common aim in being sensitive to the thoughts of contextual nuances that disappear from large scale quantitative modelling or explanations based on abstract general universal laws of human behavior It shows that context matters in a great many ways philosophical context matters psychological context matters cultural and historical contexts matter place population and technology all matter By showcasing scholars who specialize in the analysis of all these contexts side by side the Oxford Handbook of Contextual Political Analysis shows how political scientists can take those crucial contextual factors systematically into account

The Schematic State Debra Thompson, 2016-10-20 Invitation Orientation Transnational biological racialism The death and resurrection of race The multicultural moment The multiracial moment The future of counting by race Appendix A List of interviews archival sources

The Politics of Multiracialism Heather M. Dalmage, 2012-02-01 This is the first book to critically look at the political issues and interests surrounding the broadly defined Multiracial Movement and at what is being said about multiracialism Many of the multiracial family organizations that exist across the United States developed socially ideologically and politically during the conservative Reagan years While members of the Multiracial Movement differ widely in their political views the concept of multiracialism has been taken up by conservative politicians in ways that are often inimical to the interests of traditionally defined minorities Contributors look at the Multiracial Movement's voice and at the political controversies that attend the notion of multiracialism in academic and popular literature internet discourse census debates and discourse by and about pop culture celebrities The work discusses how multiracialism hybridity and racial mixing have occurred amidst existing academic discussions of authenticity community borders identity politics the social construction of race and postmodern fragmentation How the Multiracial Movement is shaping and transforming collective multiracial identities is also explored

The Oxford Encyclopedia of American Political and Legal History, 2012-04-17 The Oxford Encyclopedia of American Political and Legal History brings together in one authoritative reference work an unparalleled wealth of information about the laws institutions and actors that have governed America throughout its history Embracing the interconnectedness of politics and law The Encyclopedia addresses all aspects of both spheres from presidents and Supreme Court justices to specifics of policy history critical legislation and party formation Entries capture

the unique nature of the nation's founding principles embodied in the Constitution the expansive nature of American democracy political conflict and compromise and the emergence of the modern welfare and regulatory state all of which evince the tensions contradictions and possibilities manifest throughout America's history Clearly demonstrating how US politics and law have evolved since the colonial era The Encyclopedia encourages readers to anticipate further changes With over 450 articles by expert scholars each signed entry features numerous cross references and discussion of political and legal history as well as additional sources for further study This two volume A to Z compendium is a reference work of unparalleled depth and scope and will introduce a new generation of readers to the complexities of this dynamic field of study It also features extensive cross referencing a topical outline and a subject index The Population of the United States Donald J. Bogue, Douglas L. Anderton, Richard E. Barrett, 2010-07-06 This third edition written with two new coauthors combines 1990 census data with information from the Current Population Survey the National Health Interview Survey and numerous other sources even including demographic data not available in any other published source **The CQ Researcher Bound Volume 1998** Kathy Koch, Jost K, Cooper M, Masci D, 1999-04-15 **Search for the Causes of Schizophrenia** Wagner F. Gattaz, Heinz Häfner, 2012-12-06 This book comprises the conferences and discussions presented at the 4th symposium on the SEARCH FOR THE CAUSES OF SCHIZOPHRENIA which took place in Guarujá Brazil November 1998 This series of symposia started in 1986 on the occasion of the 600th anniversary of the University of Heidelberg followed by two others in 1989 and 1993 From these meetings resulted three volumes that have been widely used as a reference for comprehensive reviews on the state of the art in schizophrenia research They reflect the progresses resulting from the most relevant studies on the etiology of the disease The spirit of the 4th Search for the Causes remains the same again we gathered some of the most prominent researchers on schizophrenia to contribute not only with their own data but also summing up the state of the art and the perspectives in their areas of work The topics covered in 6 parts are Epidemiology Risk factors and antecedents Genetics Neuropathology and neuro chemistry Brain imaging and function and Treatment and rehabilitation In this 4th volume were introduced in each topic a chapter on the Balance of the Century to summarize what did we learn and what we did not in the last 100 years of schizophrenia research We hope that this volume can help us to see how far we are in the Search for the Causes of Schizophrenia and how much further we still have to go before our problem can be solved **The End of the Hamptons** Corey Dolgon, 2005-05 From polo players to migrant workers an inside peek at one of America's most exclusive communities *Applied Bayesian Modeling and Causal Inference from Incomplete-Data Perspectives* Andrew Gelman, Xiao-Li Meng, 2004-09-03 This book brings together a collection of articles on statistical methods relating to missing data analysis including multiple imputation propensity scores instrumental variables and Bayesian inference Covering new research topics and real world examples which do not feature in many standard texts The book is dedicated to Professor Don Rubin Harvard Don Rubin has made fundamental contributions to the

study of missing data Key features of the book include Comprehensive coverage of an important area for both research and applications Adopts a pragmatic approach to describing a wide range of intermediate and advanced statistical techniques Covers key topics such as multiple imputation propensity scores instrumental variables and Bayesian inference Includes a number of applications from the social and health sciences Edited and authored by highly respected researchers in the area

On Gender, Labor, and Inequality Ruth Milkman, 2016-07-15 Ruth Milkman's groundbreaking research in women's labor history has contributed important perspectives on work and unionism in the United States *On Gender Labor and Inequality* presents four decades of Milkman's essential writings tracing the parallel evolutions of her ideas and the field she helped define Milkman's introduction frames a career spanning scholarly project her interrogation of historical and contemporary intersections of class and gender inequalities in the workplace and the efforts to challenge those inequalities Early chapters focus on her pioneering work on women's labor during the Great Depression and the World War II years In the book's second half Milkman turns to the past fifty years a period that saw a dramatic decline in gender inequality even as growing class imbalances created greater than ever class disparity among women She concludes with a previously unpublished essay comparing the impact of the Great Depression and the Great Recession on women workers A first of its kind collection *On Gender Labor and Inequality* is an indispensable text by one of the world's top scholars of gender equality and work

Health Care and Information Ethics Audrey R. Chapman, 1997 This volume brings together experts in the fields of information ethics and health care to explore the implications of these challenges as they impact what kind of care will be available who will receive health care and how the care is monitored *Social Issues in America* James Ciment, 2015-03-04 Truly comprehensive in scope and arranged in A-Z format for quick access this eight volume set is a one source reference for anyone researching the historical and contemporary details of more than 170 major issues confronting American society Entries cover the full range of hotly contested social issues including economic scientific environmental criminal legal security health and media topics Each entry discusses the historical origins of the problem or debate past means used to deal with the issue the current controversy surrounding the issue from all perspectives and the near term and future implications for society In addition each entry includes a chronology a bibliography and a directory of Internet resources for further research as well as primary documents and statistical tables highlighting the debates **Comparing Canada** Luc

Turgeon, Martin Papillon, Jennifer Wallner, Stephen White, 2014-09-15 Debating how Canada compares both regionally and in relation to other countries is a national pastime This book examines how political scientists apply diverse comparative strategies to better understand Canadian political life Using a variety of methods the contributors use comparison to examine topics as diverse as Indigenous rights Canadian voting behaviour activist movements climate policy and immigrant retention While the theoretical perspectives and kinds of questions asked vary greatly as a whole they demonstrate how the art of comparing is an important strategy for understanding Canadian identity politics political mobilization political institutions

and public policy Ultimately this book establishes how adopting a more systematic comparative outlook is essential not only to revitalize the study of Canadian politics but also to achieve a more nuanced understanding of Canada as a whole

Journal of Economic Literature ,2001 *Reference Manual on Scientific Evidence* ,2000 The Federal Statistical System: Its Vulnerability Matters More Than You Think Kenneth Prewitt,2010-09 How do federal statistics strengthen our nation s science as well as its policy From demographers requiring vital statistics to economists relying on national accounts from political scientists using voting data to sociologists requiring race ethnicity statistics from public health researchers needing epidemiology data to those working on the history of the United States and drawing on statistical records the need for official statistics is great And yet it is not widely recognized that federal statistics provide a vital contribution to the nation s scientific infrastructure as well as serving as an information provider to the policy process What is the role of the federal statistical system in our scientific knowledge of American society Would the social knowledge relevant to public policies have reached current levels of maturity in the absence of public statistics Except by the scientific community that actually uses them federal statistical programs are typically not thought of in scientific terms but as adjuncts to important government functions In this latest volume of *The ANNALS* leading academics along with key federal officials including the president s science advisor the chief statistician of the U S the director of the Office of Management and Budget OMB the presidents of the National Academies and the director of the Census Bureau address the argument that the statistics that the federal statistical system produces should be understood as constituting a scientific infrastructure for the empirical social sciences Further they see the current federal statistical system as the best hope for bringing strong science to bear on new data sources and the best place to navigate unforeseen challenges in preserving the independence of statistical information from political interference This unique collection of essays conceptualizes the U S Federal Statistical System its role reach achievements and vulnerabilities The authors explore challenging issues such as privacy and confidentiality protections data quality and maintaining representativeness Their intriguing discussion also takes up the move from a census and survey data system to a system that increasingly incorporates administrative and digital data the nation s scientific leadership s role as advocates for statistical programs the problems with the scientific methodology sample surveys on which these statistics rest and strengthening the network of statistical agencies and programs Recommendations are offered ranging from how to better organize the system how to protect statistics from political interference how to strengthen their role in science and in the policy process and how to prepare for the challenges of a new information order If federal statistics are the knowledge base from which policy problems and solutions emerge it is imperative that we pay attention to the lessons they offer Never before has this topic received this level of attention from such an array of contributors A must read for all social scientists and policy makers

Looking For The Last Percent The Controversy Over Census Undercounts Introduction

In today's digital age, the availability of Looking For The Last Percent The Controversy Over Census Undercounts books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Looking For The Last Percent The Controversy Over Census Undercounts books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Looking For The Last Percent The Controversy Over Census Undercounts books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Looking For The Last Percent The Controversy Over Census Undercounts versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Looking For The Last Percent The Controversy Over Census Undercounts books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Looking For The Last Percent The Controversy Over Census Undercounts books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Looking For The Last Percent The Controversy Over Census Undercounts books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions

have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Looking For The Last Percent The Controversy Over Census Undercounts books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Looking For The Last Percent The Controversy Over Census Undercounts books and manuals for download and embark on your journey of knowledge?

FAQs About Looking For The Last Percent The Controversy Over Census Undercounts Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Looking For The Last Percent The Controversy Over Census Undercounts is one of the best book in our library for free trial. We provide copy of Looking For The Last Percent The Controversy Over Census Undercounts in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Looking For The Last Percent The Controversy Over Census Undercounts. Where to download Looking For The Last Percent The Controversy Over Census Undercounts online for free? Are you looking for Looking For The Last Percent The Controversy Over Census Undercounts PDF? This is definitely going to save you time and cash in something you should think about.
