and spokes system set up after the Second World War this region is now more nearly an informal economic community which increasingly appears to be China centric China and East Asia s Post Crises Community presents one of the first attempts to weave together different strands of the current discussion to develop a framework for understanding a rapidly evolving East Asia region

US-India Partnership in the Indo-Pacific Tayyaba Jaffery, 2025-03-31 This book discusses the partnership between the US and India in the Indo Pacific region which also serves as an engine for the Quad alliance of the US India Japan and Australia It investigates the multilateral efforts taken by the Quad and its effects on changing reforming or establishing a new regional security complex against China in the Indo Pacific The theory employed by the author is based on a novel construct of Heterarchical Regional Security Complex HRSC which refers to a de centralized principle of power distribution that is power is not concentrated in a particular element but rather diffused within the entire structure When merged with the Regional Security Complex RSC Theory it presumes the creation of such a security complex in which all members have roughly equal power This book unravels how the Quad can operate as an HRSC in balancing against China s growing hold in the region It is supplemented by the Balance of Threat framework to discuss the functioning of Quad from a minilateral perspective with a heterarchical overlay Besides Quad this book also focuses on the blooming partnership between the US and India since the turn of the century 2007 2020 This book will be beneficial for researchers interested in international relations Asian politics regional security and Indo Pacific studies
