Military Regimes and Development Theophilus Olatunde Odetola, 2011 Military Regimes and Development Theophilus Olatunde Odetola, Olatunde Odetola, 2011 First published in 1982 this book aims to examine the role that ruling military governments have played in African development Dr Odetola discusses military organisational values and skills in modernisation and argues that the evocation and application of these values and skills depends on the character of the leadership of individual ruling juntas their degree of professional training proximity to civilian society and so on He also investigates the relationship between the ruling military and existing social classes **Military Marxist Regimes in Africa** John Markakis, Michael Waller, 2013-07-23 First published in 1986 This is a collection of editorial and articles covering military Marxist regimes in the African locations of the Horn of Africa Benin the People's Republic of Congo Madagascar and Burkina Faso Military Development In Africa Bruce E. Arlinghaus, 2019-03-04 Increases in the number and improvements in the quality of arms transferred to sub Saharan African nations clearly will affect those nations economic development and political stability both immediately and in the long term Problems of technology absorption manpower development and the diversion of financial and human resources occasioned by such transfers become more and more critical as the demand for military modernization by African governments grows and the industrial nations compete to meet the demand Dr Arlinghaus evaluates conflicting assessments of the costs and benefits of military development from the perspective that it would be best for African nations to allocate resources for defense on the basis of socioeconomic considerations as well as their military and political goals **Military Institutions and Coercion in the Developing Nations** Morris Janowitz, 1988-02-29 This book includes Janowitz's seminal work *The Military in the Political Development of New Nations* with additional new analysis of Latin American nations and of the increasing significance of paramilitary and police forces in authoritarian regimes in developing nations *The Political Dilemmas of Military Regimes* Christopher Clapham, George Philip, 2021-05-11 First published in 1985 *The Political Dilemmas of Military Regimes* was written against the backdrop of the increased prominence of military intervention in the political process during this century The book puts forward the argument that the basic problem for military regimes is not how they gain power but what they can do with it once they have it It discusses the enormous range of cultural and historical circumstances that military organisations are derived from and how widely they vary in their structure politics and social composition The book also highlights the dilemma of choosing between institutionalisation and demilitarisation as one that all military regimes must eventually face *The Political Dilemmas of Military Regimes* is an in depth study that draws on global material and experiences from throughout the century The Military and Society David MacIsaac, 1975 **Military Rule and Transition in Ecuador, 1972-92** Anita Isaacs, 2016-01-03 Interprets the Ecuadorian transition to civilian rule following a prolonged period of military dictatorship 1972-79 and assesses the difficulties posed by efforts to consolidate democracy during the decade that followed It focuses on
