Modern African Poetry And The African Predicament:

Modern African Poetry and the African Predicament Romanus N. Egudu, 1978 **West African Poetry** Robert Fraser, 1986-09-04 Previous studies of African poetry have tended to concentrate either on its political content or on its relationship to various European schools This book examines West African poetry in English and French against the background of oral poetry in the vernacular Do the roots of such poetry lie in Africa or in Europe In committing their work to writing do poets lose more than they gain Can the immediacy of oral performance ever be recovered Robert Fraser's account of two centuries of West African verse examines its subjugation to a succession of international styles from the heroic couplet to the austerity of experimental Modernism Successive chapters take us through the Ngritudo movement and the emergence of anglophone free verse in the 1950s to the rediscovery in recent years of the neglected springs of orality which is the subject of the concluding chapter **Modern African Poetry and the African Predicament** Romanus N.

Egudu, 1978-10-12 **The African Predicament** Kofi Awoonor, 2006 This collection of Kofi Awoonor's writings comprises essays written over a period of three decades and includes several previously unpublished pieces According to the author himself they reflect a life time of engagement in literature and politics my two passions **Theory of African Literature** Chidi Amuta, 2017-06-15 This groundbreaking work first published in 1989 was one of the first to challenge the conventional critical assessment of African literature and remains highly influential today Amuta's key argument is that African literature can be discussed only within the wider framework of the dismantling of colonial rule and Western hegemony in Africa In exploring the possibility of a dialectical alternative critical base he draws upon both classical Marxist aesthetics and the theories of African culture espoused by Fanon Cabral and Ngugi From these explorations Amuta derives a new language of criticism which is then applied to works by modern African writers as diverse as Achebe Ousmane Agostinho Neto and Dennis Brutus Amuta's highly original and innovative approach remains relevant not only for assessing the literature of developing countries but for Marxist and postcolonial theories of literary criticism more generally The author's elegance of argument and clarity of exposition makes this a distinguished and lasting contribution to debates around cultural expression in postcolonial Africa Alt 42: Oral and Written African Poetry and Poetics Author Ernest N Emenyonu, 2024-11-19

The Enigma of Good and Evil: The Moral Sentiment in Literature Anna-Teresa Tymieniecka, 2006-08-27 Striking toward peace and harmony the human being is ceaselessly torn apart in personal social national life by wars feuds inequities and intimate personal conflicts for

which there seems to be no respite Does the human condition in interaction with others imply a constant adversity Or is this conflict owing to an interior or external factor of evil governing our attitudes and conduct toward the other person To what criteria should I refer for appreciation judgment direction concerning my attitudes and my actions as they bear on the well being of others At the roots of these questions lies human experience which ought to be appropriately clarified before entering into speculative abstractions of the ethical theories and precepts Literature which in its very gist dwells upon disentangling in multiple perspective the peripeteia of our life experience offers us a unique field of source material for moral and ethical investigations Literature brings preeminently to light the Moral Sentiment which pervades our life with others our existence tout court Being modulated through the course of our experiences the Moral Sentiment sustains the very sense of literature and of personal human life Tymieniecka
