## **Modern Art Despite Modernism:**

**Modern Art Despite Modernism** Robert Storr, Museum of Modern Art (New York, N.Y.), 2000 Essay by Robert Storr Foreword by Glenn D Lowry Modern Art Despite Modernism Robert Storr, Museum of Modern Art (New York, N.Y.), 2000 Throughout the 20th century the evolution of mainstream modernism in the arts has been shadowed and complicated by alternative expressions intended either to set back the clock or to redirect the stream of progress This book published in conjunction with the second of three cycles of millennial exhibitions MoMA2000 at The Museum of Modern Art New York explores the anti modernist impulse as exhibited in painting and sculpture through the social political and cultural conflicts of the 1920s 1930s and 1940s Curator Robert Storr reminds the reader of the strengths of some of this work by Otto Dix Lucien Freud Francesco Clemente and even Pablo Picasso and of the enduring popularity of such artists as Pavel Tchelitchew whose Hide and Seek along with Andrew Wyeth s Christina s World are among the public s favorite pictures Storr also discusses taste and vulgarity and their implications both past and present for institutions like The Museum of Modern Art that are thought of as canon builders

**AngloModern** Janet Wolff, 2018-05-31 Early twentieth century art and art practice in Britain and the United States were Janet Wolff asserts marginalized by critics and historians in very similar ways after the rise of post Cubist modern art In a masterly book on the sociology of modernism Wolff explores work that was primarily realist and figurative and investigates the social institutional political and aesthetic processes by which that art fell by the wayside in the postwar period Throughout she shows that questions of gender and ethnicity play an important role in critical curatorial and historical evaluations For example Wolff finds that the work of the artists central to the development of the Whitney Museum was relegated to a secondary status in the postwar period when realism was labeled feminine in contrast to the aggressive masculinity of abstract expressionism The three key periods considered in AngloModern are the early twentieth century when modernist art and existing and new realist traditions coexisted in a certain tension the postwar period in which modernism claimed superiority over realism and the late twentieth century when a retrieval of the realist and figurative traditions seemed to occur Wolff concludes by considering this re emergence as well as the limitations of earlier discussions of the struggles of realist and figurative art to endure the currents of modernism

**Paradoxy of Modernism** Robert Scholes, 2008-10-01 In this lively personal book Robert Scholes intervenes in ongoing discussions about modernism in the arts during the crucial half century from 1895 to 1945 While critics of and apologists for modernism have defined modern art and literature in terms of binary oppositions high low old new hard soft poetry rhetoric Scholes contends that these distinctions are in fact confused and misleading Such oppositions are instances of paradoxy an apparent clarity that covers real confusion Closely examining specific literary texts drawings critical writings and memoirs Scholes seeks to complicate the neat polar oppositions attributed to modernism He argues for the rehabilitation of works in the middle ground that have been trivialized in previous evaluations and he fights orthodoxy with such paradoxes as durable fluff formulaic creativity and

iridescent mediocrity The book reconsiders major figures like James Joyce while underscoring the value of minor figures and addressing new attention to others rarely studied It includes twenty two illustrations of the artworks discussed Filled with the observations of a personable and witty guide this is a book that opens up for a reader s delight the rich cultural terrain of modernism

*Latin American Art at The Museum of Modern Art* Miriam M. Basilio Gaztambide,2025-06-13 This book sheds light on an as yet unstudied aspect of The Museum of Modern Art s MoMA preeminent role in establishing the definition of the problematic term Latin American art in the United States from the 1930s to the present through its collection displays In examining the shifting categorization of Latin American works according to stylistic and geographic taxonomies we gain a greater understanding of the organization of the Museum s collections as a whole during the 1940s and 1950s This book is the first to document these institutional precedents crucial for the understanding of the articulation of a Modernist canon and its contested legacy today The MoMA is widely recognized as the preeminent institution that defined 20th century art through its collection shaping our understandings of the history of art with its hierarchies and exclusions as they sediment over time MoMA s holdings of art from Latin America shed light on a key period when the stylistic categories that have since come to be accepted by many today as the Modernist canon developed MoMA s collection displays suggest ways in which artists from areas of the world formerly excluded can be incorporated within today s increasingly global museums MoMA s approach may be compared to initiatives adopted by several museums since the 2000s creating geographically defined curatorial positions as a way to redress gaps in collecting art from Latin America and other areas of the world In this book author Miriam M Basilio Gaztambide offers a closer study of the history of collection displays as a means to understand canon formation in modern art museums This work will be of interest to those researching Latin American modern and contemporary art and curatorial and museum studies

**Aristocracy and the Modern Imagination** Charles A. Riley,2001 Modernism generally signifies the efforts of late 19th century European painters writers musicians and philosophers who consciously broke with tradition This is an examination of what that meant for those aristocrats who were also modernists

*Marketing Modernism in Fin-de-Siècle Europe* Robert Jensen,2022-02-08 In this fundamental rethinking of the rise of modernism from its beginnings in the Impressionist movement Robert Jensen reveals that market discourses were pervasive in the ideological defense of modernism from its very inception and that the avant garde actually thrived on the commercial appeal of anti commercialism at the turn of the century The commercial success of modernism he argues depended greatly

on possession of historical legitimacy The very development of modern art was inseparable from the commercialism many of its proponents sought to transcend Here Jensen explores the economic aesthetic institutional and ideological factors that led to its dominance in the international art world by the early 1900s He emphasizes the role of the emerging dealer gallery market and of modernist art historiographies in evaluating modern art and legitimizing it through the formation of a canon of modernist masters In describing the canon building of modern dealerships Jensen considers the new ideological dealer and explores the commercial construction of artistic identity through such rhetorical concepts as temperament and independent art and through such institutional structures as the retrospective His inquiries into the fate of the juste milieu a group of dissidents who saw themselves as true heirs of Impressionism and his look at a new form of art history emerging in Germany further expose a linear dealer oriented history of modernist art constructed by or through the modernists themselves

**Modern Art in Pakistan** Simone Wille,2017-09-19 Modern Art in Pakistan examines interaction of space tradition and history to analyse artistic production in Pakistan from the 1950s to recent times It traces the evolution of modernism in Pakistan and frames it in a global context in the aftermath of Partition A masterful insight into South Asian art this book will interest researchers scholars and students of South Asian art and art history and Pakistan in particular Further it will be useful to those engaged in the fields of Islamic studies museum studies and modern South Asian history
