Modern Bhutan:

The History of Bhutan Karma Phuntsho, 2014-08-15 In 2008 Bhutan triumphantly took the stage as the world's youngest democracy. But despite its growing prominence and rising scholarly interest in the country, Bhutan remains one of the least studied and least well-known places on the planet. Karma Phuntsho's *The History of Bhutan* is the first book to offer a comprehensive history of Bhutan in English. Along with a detailed social and political analysis, it offers substantive discussions of Bhutan's geography and culture. The result is the clearest, richest account of this nation and its history ever published for general readers. A 2015 Choice Magazine Outstanding Academic Title Award Winner. *Local Tradition Meets Modern Know-How*, *Bhutan* Ramakant, Ramesh Chandra Misra, 1996 Contributed articles presented at an international seminar April 1993 predominantly on social and economic conditions. *The Modern Review* Ramananda Chatterjee, 1920 Includes section Reviews and notices of books. **Education and Society in Bhutan** Chelsea M. Robles, 2016-05-26 Bhutan's education sector has attracted international attention for recent reforms driven by the national development philosophy of Gross National Happiness, which aspires to balance change with the continuity of tradition. This book traces the history of education in Bhutan and reveals that as the country has modernised and become globally connected and further influenced by international and Western mores, tensions have emerged across the education sector. The author examines how these tensions between the curriculum and local knowledges can impact teaching and learning and offers approaches to addressing them. Based on extensive empirical data including in-depth interviews and classroom observations, Robles analyzes the discourses of high-level officials who were involved in the early development of the modern system of education, a range of education leaders and teachers. Filling a gap in the literature, this book is an invaluable resource for students and researchers interested in the formation of education policy, social and political reform in Bhutan and South Asia Studies.

The Royal Semi-Authoritarian Democracy of Bhutan Dhurba Rizal, 2015-07-22 The book puts into plain words a changing dimension of politics in a traditional regime and offers an insight into the emerging transition to royal semi-authoritarian democracy in Bhutan. Bhutan represents a political system which coalesces the rhetorical acquiescence of democracy with illiberal authoritarian attributes under the former royalist shadow. Royal democracy is a myth and only paints the frontage of democracy. The smokescreen of this kind of authoritarian regime is not yet democracy but is instead a new form of semi-authoritarian rule. The political reforms in Bhutan were orchestrated by the traditional regime and elites in a traditional society as a tightly controlled top-down process without devolution of power outside the regime. Royal Democracy can best be understood as an attempt to construct a political regime that impersonates democratic institutions but works outside the logic of political representation and seeks to repress any vestige of genuine political pluralism. Exploring the authoritarian logic behind the democratic rhetoric is especially important for Bhutan, which is today glorified by the UN as The Mecca of Gross National Happiness and depicted by many as a model of top-down democracy on popular media and in academia.

Holding State controlled elections alone does not create a cure for deeper political economic and social predicaments besetting Bhutan and does not create a solid foundation for democratic transition The glitter of royal semi authoritarian democracy is a Jigmeocracy an old Jigme s system with new labels a classic case of transition from a traditional regime in a traditional society *Fabric of Life - Textile Arts in Bhutan* Karin Altmann,2015-11-27 This extensive work dedicated to the unique textile art of Bhutan is an impressive illustration of how closely art spirituality and life are interwoven in the last of the Buddhist kingdoms in the Himalayas It gives new insight into Bhutanese cosmology worldview culture and society which is associated with a variety of historical philosophical religious social and artistic perspectives The remote mountain location low key foreign policy and basic principles of Buddhism has made it possible for Bhutan the last of the Buddhist kingdoms in the Himalayas to preserve a remarkable form of textile art that is interwoven with all aspects of life Karin Altmann shows us Bhutan textiles in their diversity they are clothes and everyday objects currency and commodity mark important events as gifts during life and are testament to the social status of a person But they are also an integral aspect of religious festivals dances and rituals that provide insight into the mystical and religious beliefs of the Bhutanese people and reflect the concept of gender in Bhutanese society The book also tells the story of a country that is searching for a sensitive balance between tradition and progress in a globalized world *Perspectives on Modern South Asia* Kamala Visweswaran,2011-05-06 Perspectives on Modern South Asia presents an exciting core collection of essays drawn from anthropology literary and cultural studies history sociology economics and political science to reveal the complexities of a region that is home to a fifth of humanity Presents an interdisciplinary overview of the origins and development of the eight nations comprising modern South Asia Afghanistan Bhutan Bangladesh India the Maldives Nepal Pakistan and Sri Lanka Explores South Asia s common cultures languages and religions and their relationship to its ethnic and national differences Features essays that provide understandings of the central dynamics of South Asia as an important cultural political and economic region of the world
