**Chicano Identity in Chicano Fiction** Markus Widmer, 2003-06-30 Seminar paper from the year 1998 in the subject American Studies Literature grade 2 B University of Aberdeen English Department course Chicano Fiction language English abstract In this essay I will address the question of Chicano identity by investigating two very different texts that both deal with a quest for identity in a Mexican American context Tom s Rivera s And the Earth Did Not Devour Him and Richard Rodriguez Hunger of Memory The Education of Richard Rodriguez I will first discuss the contextual differences between the two works Then I will consider the definitions of identity upon which the texts are based Going deeper into the works themselves I will finally discuss along which lines the two quests for identity develop In conclusion I will connect my investigations to the question of whether Chicano identity is unified or fragmented Both Tom

s Rivera's *And the Earth Did Not Devour Him* and Richard Rodriguez's *Hunger for Memory* are about an individual searching for his identity. In both works the protagonist is a Mexican American or Chicano. However, the differences between the two books are huge. The generic difference is most obvious: Rivera's work is a fictional narrative which Hector Calderon termed "novel as tales" (1). Rodriguez, referring to his book, speaks of "essays impersonating an autobiography" (p. 7). This entails that the subject searching for identity is, in Rodriguez's case, the author himself or rather his literary image. In Rivera's case, the subject is purely fictional, although some critics have identified this literary subject with the author.

**Short Fiction By Hispanic Writers of the United States** Nicol s Kanellos, 1993-01-01. Short Fiction by Hispanic Writers of the United States includes representative works by the most celebrated Cuban American, Mexican American, and Puerto Rican writers of short fiction in the country. The texts cover a full range of expression, themes, and styles of US Hispanics and are introduced by informative entries which place the authors in their cultural and historic frameworks. In these pages, the reader will not find picturesque, folksy, or touristy renditions of Hispanic culture. Instead, Short Fiction by Hispanic Writers of the United States brings together works that are clear, incisive, and authentic representations of Hispanic life in the United States. The selections are as diverse as Hispanic culture itself and as varied as the personalities of their authors. Here are Max Mart nez's outrageous challenge of racial and social structures; Roberta Fern ndez's construction of Hispanic women's aesthetics; Roberto Fern ndez's subversion of the English language; Nicholasa Mohr's humorous attack on patriarchy; and Judith Ortiz Cofer's poetic evocation of childhood and biculturalism. This collection engages in aesthetic and cultural experience that will result in a redefined canon and a new identity for the country as a whole. They are refocusing our perception of ourselves as a people and a culture. The pressure and the commitment to do so, of course, make for excellence and innovation in literary expression. It also makes for enjoyable reading. Short Fiction by Hispanic Writers of the United States is recommended for the general fiction reader and for use in high school and college literature classes in search of a multicultural perspective.

**Chicano and Chicana Literature** Charles M. Tatum, 2022-07-26. The literary culture of the Spanish-speaking Southwest has its origins in a harsh frontier environment marked by episodes of intense cultural conflict, and much of the literature seeks to capture the epic experiences of conquest and settlement. The Chicano literary canon has evolved rapidly over four centuries to become one of the most dynamic, growing, and vital parts of what we know as contemporary US literature. In this comprehensive examination of Chicano and Chicana literature, Charles M. Tatum brings a new and refreshing perspective to the ethnic identity of Mexican Americans. From the earliest sixteenth-century chronicles of the Spanish Period to the poetry and narrative fiction of the second half of the nineteenth century and the first half of the twentieth century, and then to the flowering of all literary genres in the post-Chicano Movement years, Chicano literature amply reflects the hopes and aspirations as well as the frustrations and disillusionments of an often marginalized population. Exploring the work of Rudolfo Anaya, Sandra Cisneros, Luis Alberto Urrea, and many more, Tatum examines the important social, historical, and cultural

contexts in which the writing evolved paying special attention to the Chicano Movement and the flourishing of literary texts during the 1960s and early 1970s Chapters provide an overview of the most important theoretical and critical approaches employed by scholars over the past forty years and survey the major trends and themes in contemporary autobiography memoir fiction and poetry The most complete and up to date introduction to Chicana o literature available this book will be an ideal reference for scholars of Hispanic and American literature Discussion questions and suggested reading included at the end of each chapter are especially suited for classroom use Movements in Chicano Poetry Rafael

Chicano Timespace Miguel R. López,2001 The premature death of Ricardo S nchez in 1995 marked the passing of an almost legendary figure in Chicano literature and in the Chicano political movement A troubadour of Chicano Movement poetry he established an anti aesthetic that became the norm S nchez s autobiographical poetry forges a link between genres of the past and present and establishes him as the first great tragic figure of contemporary Chicano literature In a body of work that spanned spatial temporal and cultural boundaries S nchez dealt with issues of power and of linguistic and cultural barriers between Anglo Native American and Mexican American peoples in the United States While he lived critics showed reluctance to engage S nchez s work fully perhaps in part because of his reputation as a confrontational even outrageous individual Focusing on Canto y grito mi liberaci n and Hechizospells Miguel R L pez examines S nchez s work and places him in the context of the past present and future of Chicano literature L pez explains clearly the relation of time and space in S nchez s prolific work and shows him as a writer committed to his craft as well as to his political stance In the end the portrait that emerges is of a poet whose work was linguistically and thematically complex and one who was more passionate controversial and forthright in his expression than any other contemporary Chicano writer
