## Modern Classics Selected Poems:

**Selected Poems** Kamala Das, 2014-12-01 A major poet in English Kamala Das's taboo breaking work explores themes of love and betrayal the corporeal and the spiritual while celebrating female sexuality and remaining deeply rooted in the poet's ancestral tradition and landscape A rigorous selection from her oeuvre six published volumes and other uncollected and previously unpublished poems this edition offers a unified perspective on her poetic achievement An illuminating introduction to her poetry by Devindra Kohli traces the sources of its ferment and showcases its originality of style and its acts of resistance

**Selected Poems** Hélène Aji, Jennifer Kilgore-Caradec, 2013-01-16 Complete poems are bulky and too heavy to carry around Collected poems pretend to be complete but usually are not Selected poems are altogether unpretentious and reader friendly But they can be problematic Who decides what poems are important for inclusion in a volume of selected poems When the selection occurs during the author's lifetime may one assume that the author was involved What motivates the choice of one poem over another How do readers' preferences influence this choice How do new readers and familiar readers of a poet negotiate the poems that are left out of the selection The essays in this volume address these questions in a variety of ways and also provide an overview of poetic writing from modernist poets to the present day using selections from the 1940s until now They offer new insight into the uses both pedagogical and critical of selection Because Selected Poems usually address a large general public these essays have also been written for all those who wish to know more about how these slimmer more attractive volumes are produced

Poetry Notebook: Reflections on the Intensity of Language Clive James, 2015-03-30 Legendary poet and critic Clive James

provides an unforgettably eloquent book on how to read and appreciate modern poetry Since its initial publication Poetry Notebook has become a must read for any lover of poetry Somewhat of an iconoclast Clive James gets to the heart of truths about poetry not always addressed some hard but always firmly committed to celebration Martin Amis He presents a distillation of all he s learned about the art form that matters to him most James examines the poems and legacies of a panorama of twentieth century poets from Hart Crane to Ezra Pound a mad old amateur fascist with a panscopic grab bag from Ted Hughes to Anne Sexton Whether demanding that poetry be heard beyond the world of letters or opining on his five favorite poets Yeats Frost Auden Wilbur and Larkin his generosity of attention his willingness to trawl through pages of verse in search of the hair raising line is his most appealing quality as a critic Adam Kirsch Wall Street Journal R. S. Thomas Daniel Westover,2011-09-15 R S Thomas 1913 2000 is the most recognizable literary figure in twentieth century Wales His controversial politics and public personality made him a cultural icon during his life and the merits of his poetry have continued to be debated in the years after his death Yet these debates have too often circled familiar ground returning to the assumed personality of the poet or to the received narrative of his experience Even the best studies have focused almost exclusively on ideas and themes As a result the poetry itself has frequently been marginalized This book argues that Thomas s reputation must be grounded in poetry not personality Unlike traditional literary biography which combines historical facts with the conventions of narrative in an attempt to understand the life of a literary figure this stylistic biography focuses on the essential relationship between the maker and the made object giving priority to the latter R S Thomas began his career by writing sugary derivative lyrics inspired by Palgrave s Golden Treasury yet he ended it as a form seeking experimentalist This study guides the reader through that journey tracing Thomas s stylistic evolution over six decades In so doing it asserts a priority not to look at poetry as many have as a way of affirming existing notions about an iconic R S Thomas but to come to terms with the tensions within him as they reveal themselves in the tensions rhythmic linguistic structural of the poetry itself

The Poetry of Sex Sophie Hannah,2014-01-30 The Poetry of Sex a raucous highly enjoyable anthology by acclaimed poet Sophie Hannah We ve been at it all summer from the Canadian border to the edge of Mexico It s hard to imagine a more fruitful subject for poets than sex in all its glorious manifestations from desire and hope through disappointment and confusion to conclusion and consequence And little has changed over the centuries as Sophie Hannah s anthology vividly demonstrates from Catullus pleading with Lesbos to Walt Whitman singing the body electric Moods and attitudes may vary but the drive persists as does the desire to write about it Sophie Hannah s selection ranges from ancient Rome to modern New York from gay to straight but her principle has been to go low on the sugar and high on the excitement It is essential reading for poetry lovers and romantics everywhere Sophie Hannah has published five collections of poetry Her fifth Pessimism for Beginners was shortlisted for the T S Eliot Award in 2007 Her Selected Poems is published by Penguin revised edition 2013 She is also the writer of bestselling psychological crime fiction most recently The Carrier Her novels have been

**Places that the map can't contain: Poetics in the Anthropocene** Julia Fiedorczuk, Paweł Piszczatowski, 2023-07-10 Inspired by Lynn Keller's notion of the self-conscious Anthropocene the book sets out to consider poetry as a privileged space for rethinking our basic epistemological assumptions Poetry does not have the kind of agency a direct political intervention has in fact as W H Auden famously put it poetry makes nothing happen On the other hand poetry is crucial when it comes to awakening our individual and collective imagination Considering the statement by Lawrence Buell that the current ecological crisis is in the first place a crisis of the imagination this function of poetry comes through as particularly important
