Thomas P. Rohlen

Modern Competing Ideologies:

Modern Competing Ideologies L. Earl Shaw, 1973 *Competing Ideologies in Greek Culture, Ancient and Modern* Evy Johanne Håland, 2019-04-04 By using both modern and ancient sources this volume explores the relationship between official religion and popular belief in Greece as illustrated by the relations between competing ideologies or the relationship between ideology and mentality It shows that the communicative aspect of the religious festival is central and allows the reader to get to know other sides of Greece than the picture that today dominates the news resulting from the economic crisis with which the country has struggled for several years Competing Ideologies in the Late Ottoman Empire and Early Turkish Republic Ahmet Seyhun, 2021-01-14 The second constitutional period of the Ottoman Empire and the early decades of the Turkish republic were a hotbed of new and competing ideas which were to dramatically shape the development of the modern nation that followed This book includes translations of and introductions to some of the key Turkish writers of the age including Namik Kemal Ziya G kalp Abdullah Cevdet and Ahmed Riza The writings of these Turkist Westernist and Islamist Ottoman and early republican thinkers are presented with contextualizing introductions which allow readers to access the primary texts which show the Turkish intellectual milieu out of which Mustafa Kemal s ideas were to emerge and ultimately dominate and will be of interest to students and scholars of Ottoman and Turkish History Ideology, Power and Prehistory Theoretical Archaeology Group (England). Conference, 1984-05-03 This book starts from the premise that methodology has always dominated archaeology to the detriment of broader social theory **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1975 The Routledge Handbook of Ethnic Conflict Karl Cordell, Stefan Wolff, 2016-01-22 A definitive global survey of the interaction of ethnicity nationalism and politics this handbook blends rigorous theoretically grounded analysis with empirically rich illustrations to provide a state of the art overview of the contemporary debates on one of the most pervasive international security challenges today Fully updated for the second edition the book includes a new section which offers detailed analyses of contemporary cases of conflict such as in Ukraine Kosovo the African Great Lakes region and in the Kurdish areas across the Middle East thus providing accessible examples that bridge the gap between theory and practice The contributors offer a 360 degree perspective on ethnic conflict from the theoretical foundations of nationalism and ethnicity to the causes and consequences of ethnic conflict and to the various strategies adopted in response to it Without privileging any specific explanation of why ethnic conflict happens at a particular place and time or why attempts at preventing or settling it might fail or succeed The Routledge Handbook of Ethnic Conflict enables readers to gain a better insight into such defining moments in post Cold War international history as the disintegration of the Soviet Union and Yugoslavia and their respective consequences the genocide in Rwanda and the relative success of conflict settlement efforts in Northern Ireland By contributing to understanding the varied and multiple causes of ethnic conflicts and to learning from the successes and failures of their prevention and settlement the Handbook makes a

powerful case that ethnic conflicts are neither unavoidable nor unresolvable but rather that they require careful analysis and thoughtful and measured responses

Resistance on the National Stage Michael Bodden, 2010-11-02 Resistance on the National Stage analyzes the ways in which between 1985 and 1998 modern theater practitioners in Indonesia contributed to a rising movement of social protest against the long governing New Order regime of President Suharto. It examines the work of an array of theater groups and networks from Jakarta, Bandung, and Yogyakarta that pioneered new forms of theater making and new themes that were often presented more directly and critically than previous groups had dared to do. Michael H. Bodden looks at a wide range of case studies to show how theater contributed to and helped build the opposition. He also looks at how specific combinations of social groups created tensions and gave modern theater a special role in bridging social gaps and creating social networks that expanded the reach of the prodemocracy movement. Theater workers constructed new social networks by involving peasants, Muslim youth, industrial workers, and lower middle class slum dwellers in theater productions about their own lives. Such networking and resistance established theater as one significant arena in which the groundwork for the ouster of Suharto in May 1998 and the succeeding Reform era was laid. Resistance on the National Stage will have broad appeal not only for scholars of contemporary Indonesian culture and theater but also for those interested in Indonesian history and politics as well as scholars of postcolonial theater and culture.

Contemporary Kemalism Toni Alaranta, 2014-02-03 The nature and content of Kemalist ideology in Turkey during the last twenty years is analysed in this book. In order to place the current manifestations of this Turkish official modernising ideology in the two part context of globalisation and the re-sacralisation of the world, Contemporary Kemalism scrutinises the texts of five prominent Kemalist intellectuals. After defining the unquestioned ideological premises of Kemalism such as its implied liberal philosophy of history and its idea about human nature, the book describes Kemalism's vision of the ideal society. Kemalism's close relationship to social democracy and neo-nationalism is then discussed in detail. Also included is an analysis of contemporary Kemalism's relation to earlier Kemalist articulations. The study demonstrates that various previous assumptions, both Western and Turkish, concerning Kemalism's nature and content are too simplistic and thus unable to account for the endurance of this ideology and its continuing relevancy in present day Turkey. Inviting the reader to contemplate contemporary Kemalism's ambiguous relationship with the Western world, this book will be of value to scholars and researchers with an interest in Middle Eastern Politics, Modernization Theory, and Political Ideology.

For Harmony and Strength Thomas P. Rohlen, 2023-09-01 Rohten has demonstrated that traditional anthropological method and theory can be adjusted to the analysis of complex organizations. The book provides a holistic perspective of a Japanese bank and its more than 3 000 employees. Methodologically, Rohlen analyzed this bank in much the same fashion as he would have carried out the study of a small community. Eleven months of participant observation within the bank and among its employees after work provided the major source of data. Possibly the most important finding of the study is that despite surface similarities with banks,

throughout the world the Japanese have evolved an institution which is radically different This bank like many modern Japanese businesses is organized to secure a common livelihood and way of life for its employees more than the best cultural analysis of a Japanese business for the book also contributes to the fields of Japanese cultural change and modernization process essential reading American Anthropologist The account is adorned with an unusually rich selection of illustration from the speeches of firm officers company records and documents and of course extensive observations from employees As a case study of a single Japanese organization For Harmony and Strength is a superb effort that penetrates deeper than any other book in the English language Contemporary Sociology A first rate contribution to the literature in applied anthropology and comparative and cross cultural management for the insights it provides on management of white collar employees in Japan Industrial and Labor Relations Review A well written thoroughly researched study of the internal life of a single Japanese organization Unlike most previous writers Aohlen deals with the separate recruitment work and leisure patterns of the bank s women employees As an anthropologist he has particular sensitivity to the ritual meanings of bank songs ceremonies and extensive training activities one of the best analyses to date of how Japanese organization works Library Journal What emerges from Rohlen s convincing and penetrating analysis is a picture of a thoroughly Japanese business organization deeply imbued with Japanese cultural values in its sensitivity to cultural meanings and in its analytical coherence in the presentation of data this book is a model of scholarship matched by few ethnographies It will be consulted by those specializing in Japan those interested in organizational behavior and those interested in seeing the meanings of fundamental matters for a long time to come Journal of Asian Studies Rohten has demonstrated that traditional anthropological method and theory can be adjusted to the analysis of complex organizations The book provides a holistic perspective of a Japanese bank and its more than 3 000 employees Methodologically Rohlen a *The Meaning of Ideology* Michael Freeden, 2013-10-18 This is the first collection to bring together leading scholars from diverse disciplines to offer a variety of perspectives on ideology and its analysis emphasizing the input of different intellectual and scholarly traditions to the meaning of ideology The articles explore commonalities in the use and understanding of ideology as well as delineating constructive differences in its interpretation while illuminating the changes that the concept of ideology as well as the practices it signifies has undergone in recent years Contributions are included from the fields of political theory history literature political science cultural studies post Marxism discourse analysis language studies law and sociology The Meaning of Ideology advances our understanding of the intricacy and relevance of ideology and offers the latest theories and insights that currently inform scholarship on the subject Ideology emerges through the pages of this collection more strongly than ever as a major tool of understanding political language and as a durable and normal phenomenon that is inherent in the many ways we conceive the world around us This book was previously published as a special issue of The Journal of Political Ideologies and will be of interest to students of political ideologies and political and social theory Effective Crime

Reduction Strategies James F. Albrecht, Dilip K. Das, 2011-02-22 The International Police Executive Symposium IPES www.ipes.info coordinates annual international conferences to evaluate critical issues in policing and recommend practical solutions to law enforcement executives deployed across the globe Drawn from the 2005 proceedings hosted by the Czech Republic in Prague Effective Crime Reduction Strategie *State-Society Relations and Confucian Revivalism in Contemporary China* Qin Pang, 2018-05-25 This book is a study of the causes of the Confucian revival and the party state's response in China today It concentrates on the interactions between state and society and the implications for the Chinese state's control over society or in other words its survival over a rapidly modernizing society The book explores the answers to questions such as Why has Confucianism suddenly gathered great momentum in contemporary Chinese society What is the role of the Chinese state in its rise Is the state really the orchestrator of the Confucian revival as has been widely assumed This book will be of interest to think tank and policy researchers sinologists and those with an interest in Chinese society

Islam and the Political Economy of Meaning (RLE Economy of Middle East) William Roff, 2015-05-08 To be a Muslim is to be a part of a culture with distinct beliefs ideas institutional forms and prescriptive roles Yet there is a complex inter relationship between a system of knowledge and belief such as Islam and the immediate political economic and social context of its adherents This book aims to improve understanding of Muslim social and political action by examining a broad spectrum of Muslim discourse both written and spoken to see how meaning is formed by context It is a broad comparative study and examines discourses produced in opposition to government as well as those produced in Iran or Pakistan for example under an authoritarian Islamic state Through cogent analyses of socio historical contexts and textual materials from East Java Nigeria Iran Pakistan Indonesia Malaysia the Maghreb and Egypt this book shows how to read a familiar Islamic movement period of change or textual source in a newer and better light First published in 1987 **The Routledge**

Handbook of Chinese Discourse Analysis Chris Shei, 2019-01-14 Chinese is a discourse oriented language and the underlying mechanisms of the language involve encoding and decoding so the language can be correctly delivered and understood To date there has been a lack of consolidation at the discourse level such that a reference framework for understanding the language in a top down fashion is still underdeveloped The Routledge Handbook of Chinese Discourse Analysis is the first to showcase the latest research in the field of Chinese discourse analysis to consolidate existing findings put the language in both theoretical and socio functional perspectives offer guidance and insights for further research and inspire innovative ideas for exploring the Chinese language in the discourse domain The book is aimed at both students and scholars researching in the areas of Chinese linguistics and discourse analysis *Pahlavi Iran and the Politics of Occidentalism* Zhand Shakibi, 2019-12-12 Zhand Shakibi presents a new interpretation of the political and social dynamics of the last decade of the Shah's rule that challenges the binary view of pro West Shah and anti West Ayatollah by drawing attention to the Pahlavi state's reaction to the intellectual and societal backlash against cultural and moral Occidentalism in

its last decade Revising the dominant historiography of the Pahlavi ideological and discursive approach to the West this book draws attention to the changes in the attitude of the Shah the Empress and state intellectuals towards the position and imagery of the West in state conceptions of the authenticity of Iranian national culture and identity Drawing on a wide range of primary sources Shakibi presents the multi faceted relationship of the Pahlavi state to the West and the institutions that were created to manage this such as the Rastakhiz Party This study argues that the Pahlavi state having recognized this backlash attempted to limit the threat to its legitimacy by reformulating intellectual discourses of anti West Occidentalism and incorporating them into the ideology of the Rastakhiz Party In so doing it played a critical role in exacerbating societal sensitivities about the spread of Western influences The Urban Geography Reader Nicholas R. Fyfe, Judith T. Kenny, 2005 A reader this collection captures the diversity of scholarship in the field of urban geography by presenting a stimulating selection of articles and excerpts by leading figures organized around seven themes *Routledge Handbook of Ethnic Conflict* Karl Cordell, Stefan Wolff, 2010-10-18 A definitive global survey of the interaction of race ethnicity nationalism and politics this handbook blends theoretically grounded rigorous analysis with empirical illustrations to provide a state of the art overview of the contemporary debates on one of the most pervasive international security challenges today The contributors to this volume offer a 360 degree perspective on ethnic conflict from the theoretical foundations of nationalism and ethnicity to the causes and consequences of ethnic conflict and to the various strategies adopted in response to it Without privileging any specific explanation of why ethnic conflict happens at a specific place and time or why attempts at preventing or settling it might fail or succeed the Routledge Handbook of Ethnic Conflict enables readers to gain better insights into such defining moments in post Cold War international history as the disintegrations of the Soviet Union and Yugoslavia and their respective consequences and the genocide in Rwanda as well as the relative success of conflict settlement efforts in Northern Ireland Macedonia and Aceh By contributing to understanding the varied and multiple causes of ethnic conflicts and to learning from the successes and failures of its prevention and settlement the Handbook makes a powerful case that ethnic conflicts are neither unavoidable nor unresolvable but rather that they require careful analysis and thoughtful and measured responses

The Modern British Party System Paul Webb, 2000-07-26 This is a really excellent book the best on British parties that I have read in recent years Paul Webb utilises the latest research and modern analytical techniques to provide a sophisticated study of parties and the party system which is packed with information It is a major contribution not just to the literature on British politics but also to the comparative literature on political parties David Denver Lancaster University Paul Webb s new book is likely to remain the standard work on the British party system for years to come Peter Mair University of Leiden A landmark study I cannot commend this book too highly to teachers of British politics students and professional analysts alike Ian Budge University of Essex An excellent book that will be much quoted by scholars in future years Alan Ware Oxford University Paul Webb provides the most comprehensive and well documented analysis of the programmatic and

organizational changes in the British party system His conclusion that British parties remain critically important to the functioning of democracy is strengthened by his comparative approach This book is a major contribution to the study of British party politics Patrick Seyd University of Sheffield Providing a complete up to date overview of the changing nature of contemporary party politics in Britain this book draws on models of comparative politics and the latest empirical analysis to explain the capacity of British parties to adapt to a changing political environment A number of broad themes include the nature and extent of party competition the internal life and organizational development of parties the variety of evolving party systems in the United Kingdom and the links between parties and the wider political system The current weaknesses of party performance are addressed and the scope of reform explained and examined Contrary to claims of decline however the book demonstrates that party politics remain essentially vibrant and intrinsic to modern British democracy The Modern British Party System will be an essential text for all students of contemporary British politics parties and party systems

Politics in Pacific Asia Xiaoming Huang, Jason Young, 2017-09-16 This lively and accessible new edition provides a uniquely broad ranging introduction to the governance and politics of Pacific Asia Thematically structured around the key institutions and issues it is genuinely comparative in its approach to the whole region A range of representative countries China Japan Korea Taiwan Singapore Malaysia Thailand Indonesia Vietnam and the Philippines are used as key case examples throughout and each of them is subject to a detailed full page country profile This diverse region is a fascinating area for study Politics in Pacific Asia provides a framework to form a coherent understanding of the region s politics it balances persistent patterns with the latest developments and general characteristics with the differing cultures histories and institutions of individual countries

Power, Resistance, Ideology and the State Ali M. Ansari, T. B. Dodge, Daniel Neep, Toby Dodge, 2025-08-05 A wide ranging innovative and essential exploration of the politics of today s Middle East Power Resistance Ideology and the State Charles Tripp and the Comparative Politics of the Middle East seeks to present a new understanding of a region of unprecedented volatility where postcolonial projects of state driven development have now expired old ruling elites have been delegitimized and political Islam discredited The work of Charles Tripp professor at the School of Oriental and African Studies SOAS for over three decades has shaped a distinct approach to the study of Middle East politics with an analytical sensibility that is empirically rich theoretically insightful and historically sensitive This volume brings together contributions from ten political scientists and historians from across Europe the United States and the Middle East each of which takes Tripp s work as an intellectual point of departure for studying Middle East politics Against this background the contributors explore the contemporary developments that have emerged to fill the intellectual and material shortcomings created by the systemic failures of economics and politics in the region The contributions focus on four themes that are central to an understanding of Middle East politics power resistance ideology and the state to examine political trends in cases ranging from Iran and Iraq to Jordan Lebanon and Syria Each chapter combines extensive field

research and a knowledge of regional politics with methodological and philosophical reflexivity to produce a collection of papers at the cutting edge of contemporary Middle East Studies
