Myths, Fairy Tales and Legends Verna A. Foster, 2012-10-06 These new essays explore the ways in which contemporary dramatists have retold or otherwise made use of myths fairy tales and legends from a variety of cultures including Greek West African North American Japanese and various parts of Europe The dramatists discussed range from well established playwrights such as Tony Kushner Caryl Churchill and Timberlake Wertenbaker to new theatrical stars such as Sarah Ruhl and Tarell Alvin McCraney The book contributes to the current discussion of adaptation theory by examining the different ways and for what purposes plays revise mythic stories and characters The essays contribute to studies of literary uses of myth by focusing on how recent dramatists have used myths fairy tales and legends to address contemporary concerns especially changing representations of women and the politics of gender relations but also topics such as damage to the environment and political violence **Whimsicans** Jean Stephenson, 2010 *Beyond Bombshells* Jeffrey A.

Brown, 2015-09-09 *Beyond Bombshells* analyzes the cultural importance of strong women in a variety of current media forms Action heroines are now more popular in movies comic books television and literature than they have ever been Their spectacular presence represents shifting ideas about female agency power and sexuality *Beyond Bombshells* explores how action heroines reveal and reconfigure perceptions about how and why women are capable of physically dominating roles in modern fiction indicating the various strategies used to contain and or exploit female violence Focusing on a range of successful and controversial recent heroines in the mass media including Katniss Everdeen from *The Hunger Games* books and movies Lisbeth Salander from *The Girl with the Dragon Tattoo* novels and films and Hit Girl from the *Kick Ass* movies and comic books Jeffrey A Brown argues that the role of action heroine reveals evolving beliefs about femininity While women in action roles are still heavily sexualized and objectified they also challenge preconceived myths about normal or culturally appropriate gender behavior The ascribed sexuality of modern heroines remains Brown s consistent theme particularly how objectification intersects with issues of racial stereotyping romantic fantasies images of violent adolescent

and preadolescent girls and neoliberal feminist revolutionary parables Individual chapters study the gendered dynamics of torture in action films the role of women in partnerships with male colleagues young women as well as revolutionary leaders in dystopic societies adolescent sexuality and romance in action narratives the historical import of nonwhite heroines and how modern African American Asian and Latina heroines both challenge and are restricted by longstanding racial stereotypes
