M. Gona, 2010 One of the critical questions that Kenyans have continuously asked is what went wrong in January and February 2008 with the peace they had hitherto enjoyed There have not been readily available answers to this fundamental question The collection of papers presented in this book attempt to provide as a starting point possible explanations for the events of

early 2008 including key background issues in Kenyan history since pre independence times Based on a series of public lectures titled Re membering Kenya organized by the volume editors together with Twaweza Communications and sponsored by the Goethe Institut Kenya the Institute for International Education and The Ford Foundation the lecture series became a way of trying to get scholars to engage meaningfully with the Kenyan public on critical matters pertaining to their nationhood even if this entailed first calling to question the lie about the very ideas and practices upon which that nationhood is assumed to stand A key lesson drawn from the unfolding discussions at the Goethe Institut Kenya was that the 2007 elections debacle was merely the cusp of momentous crises to do with among other issues governance law and order Parliament s abdication of its role in ensuring accountability from the Executive dilemmas of identity and socio economic marginality The book is the first of three volumes under the Re membering Kenya series whose overall objective is to cast some new light on the various trajectories that informed the happenings of January 2008 The present volume brings together some of the best interpretative writing and suggestions on pertinent questions past and present ranging from the architecture of Kenya s ethnicity Kenyanness generational competition socialization and violence iconic representations of identity to the ongoing debate on the efficacy of the Truth Justice and Reconciliation Commission TJRC It is hoped that the issues debated during the public lectures and documented herein will spur further discussions in other spaces within civil society organizations among activists and in newspapers where the public might continue to expand their thinking on the complex task of Re membering Kenya

Vol. 1** John Dunn,Ian Harris,1997 Hugo Grotius 1583 1645 the Dutch jurist and philosopher is a key theorist of the post mediaeval state According to Grotius the state is not subject to any terrestrial superior either political or ecclesiastical His political writings develop the consequences of this condition including the construction of state authority in terms of natural rights acknowledging the right to self protection and the needs of individuals A further development is the idea that the state is the instrument of justice beyond its own boundaries He asserted that there were universal moral standards that could be used to judge questions of international conflict This universal morality was based on two principles that self preservation is always legitimate and that wanton injury of another is always illegitimate On this foundation rules for reconciling conflict could be erected and the existence of civil society explained These views have characterised much political thought from Grotius day to the present and have played their part in the history of international law This collection of articles presents in chronological order the writings of 20th century authors on Grotius and covers such topics as the life of Grotius the evolution of his ideas his contribution to the theory of natural law and his wider significance as a political thinker *(Re)membering Kenya Vol 1* wa-Mungai Mbugua,George Gona,2010-11-01 One of the critical questions that Kenyans have continuously asked is what went wrong in January and February 2008 with the peace they had hitherto enjoyed There have not been readily available answers to this fundamental question The collection of papers presented in this book attempt to provide as a starting point possible explanations for the events of early 2008 including key background issues in Kenyan history since pre independence times Based on a series of public lectures titled Re membering Kenya organized by the volume editors together with Twaweza Communications and sponsored by the Goethe Institut Kenya the Institute for International Education and The Ford Foundation the lecture series became a way of trying to get scholars to engage meaningfully with the Kenyan public on critical matters pertaining to their nationhood even if this entailed first calling to question the lie about the very ideas and practices upon which that nationhood is assumed to stand A key lesson drawn from the unfolding discussions at the Goethe Institut Kenya was that the 2007 elections debacle was merely the cusp of momentous crises to do with among other issues

The Moot Papers Keith Clements, 2015-02-26 The Moot was the study and discussion group set by J H Oldham 1874 1969 following the 1937 Oxford conference on Church Community and State Its purpose was to continue in an informal but serious way exploration of the relation between church and society and the realization of Christian ethics in the public sphere The Moot met twice or three times a year from 1938 to 1947 21 times in all and was convened by Oldham with the conscious intention of responding to the grave crisis that was felt to be facing western society in Britain no less than on the continent of Europe Overall some 35 people attended the Moot at one time or another but its core comprised a small number of regular members who were representative of the highest levels in theology social science and public affairs In addition to Oldham himself they included T S Elliot H A Hodges Eleonora Iredale Adolf L we Karl Mannheim Walter Moberly John Middleton Murry and Alec Vidler Other participants included Kathleen Bliss Fred Clarke Christopher Dawson H H Farmer Hector Hetherington Walter Oakshott and Gilbert Shaw while notables such as Reinhold Niebuhr Melville Channing Pearce Donald McKinnon Philip Mairet Leslie Newbiggin William Paton Frank Pakenham later Lord Longford Michael Polanyi and Oliver Tomkins made occasional guest appearances Against the background of impending and then actual war the discussions in the Moot repeatedly focused on the planned nature of modern society and therewith the roles if any within it of moral choice and the Christian community

Woodrow Wilson John Milton Cooper, Jr., 2011-04-05 The first major biography of America s twenty eighth president in nearly two decades from one of America s foremost Woodrow Wilson scholars A Democrat who reclaimed the White House after sixteen years of Republican administrations Wilson was a transformative president he helped create the regulatory bodies and legislation that prefigured FDR s New Deal and would prove central to governance through the early twenty first century including the Federal Reserve system and the Clayton Antitrust Act he guided the nation through World War I and although his advocacy in favor of joining the League of Nations proved unsuccessful he nonetheless established a new way of thinking about international relations that would carry America into the United Nations era Yet Wilson also steadfastly resisted progress for civil rights while his attorney general launched an aggressive attack on civil liberties Even as he reminds us of the foundational scope of Wilson s

domestic policy achievements John Milton Cooper Jr reshapes our understanding of the man himself his Wilson is warm and gracious not at all the dour puritan of popular imagination As the president of Princeton his encounters with the often rancorous battles of academe prepared him for state and national politics Just two years after he was elected governor of New Jersey Wilson now a leader in the progressive movement won the Democratic presidential nomination and went on to defeat Theodore Roosevelt and William Howard Taft in one of the twentieth century s most memorable presidential elections Ever the professor Wilson relied on the strength of his intellectual convictions and the power of reason to win over the American people John Milton Cooper Jr gives us a vigorous lasting record of Wilson s life and achievements This is a long overdue revelatory portrait of one of our most important presidents particularly resonant now as another president seeks to change the way government relates to the people and regulates the economy **Turkmenistan Economic and**

Thompson,2015-12-14 Most famous in Europe for his efforts to establish the League of Nations under US leadership at the end of the First World War Woodrow Wilson stands as one of America s most influential and visionary presidents A Democrat who pursued progressive domestic policies during his first term in office he despised European colonialism and believed that the recipe for world peace was the self determination of all peoples particularly those under the yoke of the vast Ottoman and Austro Hungarian Empires His efforts to resist heavy reparations on Germany fell on deaf ears while the refusal of France Russia and Britain to accept a League of Nations led by America together with the US Senate s refusal to ratify the League led to its ultimate failure Woodrow Wilson has traditionally been seen by both admirers and critics as an idealist and a heroic martyr to the cause of internationalism But John Thompson takes a different view arguing that Wilson was a pragmatist whose foreign policy was flexible and responsive to pressures and events His conclusion that Wilson was in fact an exceptionally skilful politician who succeeded in maintaining national unity whilst leading America onto the world stage for the first time in its history offers a challenging interpretation for anyone interested in the man and his era Law,

Magistracy, and Crime in Old Regime Paris, 1735-1789: Volume 1, The System of Criminal Justice Richard Mowery

Andrews,1994-04-29 Law Magistracy and Crime in Old Regime Paris 1735 1789 is the first of two volumes centred around the two great courts of Paris the Ch telet and Parlement and their criminal defendants in the eighteenth century Richard Andrews seeks to refute the black legend of revolutionary propaganda and its modern historical successors which hold that the Old Regime courts were cruel and arbitrary These courts are shown rather to be thoroughly rule bound and consisting of strict judicial procedure derived from royal statutes Rule of and by the law is shown to be the most substantial legacy of the Old Regime This volume places the courts of Old Regime Paris in the context of French society and the state The practices and doctrines of punishment are examined along with the jurisprudence of moral and criminal behaviour *State*
