Modern Guide To The European Parliament:

A Modern Guide to the European Parliament Martin Westlake,1994 **The European Parliament's Committees** Richard Whitaker,2011-04-05 This book analyzes the development of the European Parliament's EP committees and their relationship with national political parties in the light of the EP's increased legislative role over the last three decades The book argues that national parties have a greater incentive to care about what goes on in the EP given the growth in its legislative power Because most of the EP's detailed legislative work takes place in its committees national parties should be concerned about their involvement with the EP's committee system Based on extensive original research this book shows how the EP's committees have changed over time in response to legislative empowerment and analyzes how national parties and individual MEPs use the committee system to further their policy goals The book makes a theoretical contribution by providing an explanation for the variation in powers of committees between separated and fused systems of government and by adapting theories of legislative organization developed in the context of the US Congress to the EP The European Parliament's Committees will be of interest to students and scholars studying the European Parliament EU institutions policy making and the development of legislatures and political parties Parliaments in Contemporary Western Europe Philip Norton,2013-10-23 The relationship between parliament and government is fundamental to a political system In this volume a distinguished team of specialists explore that relationship and consider to what extent parliaments have the capacity to constrain governments Are there particular institutional features such as specialisation through committees that enhance their capacity to influence public policy **The European Parliament** Ariadna Ripoll Servent,2017-11-03 This broad ranging text examines the political dynamic of the European Parliament EP showing how the EP is a key component of the political system of the EU It looks at how and how effectively the parliament translates citizen demands into policies and in so doing contributes to wider debates around democracy and legitimacy in the EU *The European Parliament* Bernard Steunenberg,J. J. A. Thomassen,2002 Exploring the European Union's democratic deficit this book traces the halting development of parliamentary democracy at the European level Arguing that the key actor in this crucial process is the European Parliament the contributors concentrate on two of the classic functions of a parliament the legislative and the representative The contributors analyze the ongoing tensions between party orientations and national loyalties between national parties and European party groups and between representatives at the national and regional level Visit our website for sample chapters *Collected Courses of the Academy of European Law:1997 European Community Law* Academy of European Law,2001-05-23 The Academy of European Law was established by the European University Institute in 1990 and extends the Institute's current programmes into a larger field of interest It has as its main activity the holding of annual Summer Courses in the law of the European Community and the protection of human rights in Europe In addition to General Courses shorter courses are held on subjects of special academic and practical interest in both fields Finally special guest

lectures on topical issues are given by policy makers judges and persons who have held or currently hold the highest position in these fields The courses are published in the language in which they were delivered English and French National Parliaments and the European Union Philip Norton,1996 This volume discusses how national parliaments have adapted to the effects of the Single European Act and the Maastricht Treaty **How the EU Really Works** Olivier Costa,Nathalie Brack,2016-04-29 The European Union is facing a profound crisis and is confronted with multiple challenges Over the last two decades it has experienced a series of dramatic changes to its powers its institutional design its constitutional framework and its borders At the same time the uneasy relationship between European citizens and elites has complicated both the reform and the function of the Union While the Lisbon treaty provided some answers to crucial questions it did not clarify the nature of the EU which remains at the crossroads of federal and intergovernmental logic The current economic and financial crisis puts the EU s legitimacy further under pressure and creates the impression of a turning point This book provides a concise analysis of the EU and its dynamics by paying particular attention to its day to day operation It aims to help students and scholars understand its evolution its institutions its decision making and the interactions between the EU and various actors Avoiding abstract theorizing the authors propose an easy to read analysis of how the Union works while recognizing the complexity of the situation Throughout the book the key issues of European integration are addressed democratic deficit politicization the role of member states institutional crisis and citizen involvement Informal Governance in the European Union Mareike Kleine,2014-03-04 The European Union is the world s most advanced international organization presiding over a level of legal and economic integration unmatched in global politics To explain this achievement many observers point to its formal rules that entail strong obligations and delegate substantial power to supranational actors such as the European Commission This legalistic view Mareike Kleine contends is misleading More often than not governments and bureaucrats informally depart from the formal rules and thereby contradict their very purpose Behind the EU s front of formal rules lies a thick network of informal governance practices If not the EU s rules what accounts for the high level of economic integration among its members How does the EU really work In answering these questions Kleine proposes a new way of thinking about international organizations Informal governance affords governments the flexibility to resolve conflicts that adherence to EU rules may generate at the domestic level By dispersing the costs that integration may impose on individual groups it allows governments to keep domestic interests aligned in favor of European integration The combination of formal rules and informal governance therefore sustains a level of cooperation that neither regime alone permits and it reduces the EU s democratic deficit by including those interests into deliberations that are most immediately affected by its decisions In illustrating informal norms and testing how they work Kleine provides the first systematic analysis based on new material from national and European archives and other primary data of the parallel development of the formal rules and informal norms that have governed the EU from the 1958 Treaty of Rome until today **The Statesman's Yearbook 2004 B.**

Turner,2016-12-27 For one hundred and forty years The Statesman's Yearbook has been relied upon to provide accurate and comprehensive information on the current political economic and social status of every country in the world The appointment of the new editor only the seventh in the book's history brought enhancements to the 1998-99 edition and these have been continued since then The 2004 edition is fully updated and contains more information than ever before A foldout colour section provides a political world map and flags for the one hundred and ninety two countries of the world In an endlessly changing world the annual publication of The Statesman's Yearbook gives all the information you need in one easily digestible single volume It will save hours of research and cross referencing between different sources and it is an essential annual purchase

The Statesman's Year-Book, 1996-7 B. Hunter,2016-12-27 The 133rd edition of The Statesman's Year Book is completely revised and updated Widely respected as an authoritative and accessible reference work The Statesman's Year Book provides the basic building blocks of knowledge about any country in the world constitution and government international relations industry agriculture trade and social issues Known as a people events and statistics work this year's edition includes accounts of the latest developments in trouble spots such as Bosnia Israel and Northern Ireland and records the results of recent elections in Italy Austria Spain and Turkey

Wildlife Law Great Britain: Law Commission,2012-08-14 Current law regulating wildlife is spread over a collection of Acts dating back to 1831 The original purpose of much of the law was to govern activities such as hunting and fishing including poaching Over the years it has expanded to conserve certain species ensure the welfare of wildlife and protect local biodiversity from invasive species The result is a legal landscape that is out of date confused and often contradictory Much of the older legislation is out of step with modern requirements and the principal modern Act the Wildlife and Countryside Act 1981 has been amended to such a degree that it is difficult for any non specialists to use The Commission's proposals in this consultation aim to simplify the existing complex framework introducing a single statute which covers the species specific law on the conservation protection and exploitation of wildlife The new regime would reduce the current dependency on criminal law by allowing an appropriate mix of regulatory measures such as guidance advice and a varied and flexible system of civil sanctions such as fines and bans The Commission also suggests that the introduction of statutory factors could play a role in ensuring transparent decision making and improve the engagement of those representing competing interests Factors would include 1 conservation of the species about which the decision is concerned 2 preservation and conservation of biodiversity 3 economic implications 4 wider social factors and 5 the welfare of those animals potentially affected by the decision

The Statesman's Yearbook 2003 Barry Turner,2016-12-30 For nearly one hundred and forty years The Statesman's Yearbook has been relied upon to provide accurate and comprehensive information on the current political economic and social status of every country in the world The appointment of the new editor only the seventh in the book's history brought enhancements to the 1998-99 edition and these have been continued since then The 2003 edition is fully updated and contains more information than ever before

including for the first time websites for national governments and international organizations A foldout colour section provides a political world map and flags for the one hundred and ninety two countries of the world In an endlessly changing world the annual publication of The Statesman s Yearbook gives all the information you need in one easily digestible single volume It will save hours of research and cross referencing between different sources and it is an essential annual purchase

Polity and Crisis Massimo Fichera,Sakari Hänninen,2016-04-22 European integration is an open ended ongoing process which has been deeply challenged by integral world capitalism This study explores the present EU foundational dilemma looking at the problematic relationship between the ideal model of integration and the reality of the 21st century Including contributions from leading theorists this volume explores the ways and extent to which the present European crisis could create a politico legal space for new possibilities and opportunities for action The authors discuss the current role of the EU and whether it aspires to be a democratic polity or a functional organization based on inter governmental bargaining The chapters question whether the future of European integration after the crisis will be paved by decisions which conflict with its Treaty basis and how it might come up with alternatives which would do more than echo the compulsions of the global market Issues are analysed from a historical perspective to see what can be learnt from its past and to explore the options for the future With contributions from prominent international legal and political scholars the book will be of interest to academics students and policy makers working in these areas The Statesman's Yearbook 2002 B. Turner,2016-12-29 For the last 138 years The Statesman s Yearbook has been relied upon to provide accurate and comprehensive information on the current political economic and social status of every country in the world The appointment of the new editor only the seventh in 138 years brought enhancements to the 1998 99 edition and these have been continued since then Internet usage figures are included Specially commissioned essays from major political and academic figures supplement country entries in areas of major upheaval and change A fold out colour section provides a political world map and flags for the 191 countries of the world The task of monitoring the pattern or flow of world change is never ending However the annual publication of The Statesman s Yearbook gives all the information needed in one easily digestible single volume It will save hours of research and cross referencing between different sources A prestigious and popular book The Statesman s Yearbook is updated every 12 months In a world of continual change The Statesman s Yearbook is a necessary annual purchase The EU Beyond Amsterdam Martin Westlake,2002-06-01 Introduced with a preface by Jacques Delors this volume offers new insights and develops generalised theories about the nature of European integration The contributors step back from the detail of the latest intergovernmental conference and budgetary negotiations to generate conclusions of enduring value The issues dealt with include the following Britain and integration intergovernmental conferences the rule of law making foreign policy work the democratic deficit **Influence and Interests in the European Union** Jenny Fairbrass,Alex Warleigh,2003-09-02 Clearly discusses the impact and uses of interest representation in the development of the EU system Examines the

complexities of representation at EU level a vital issue for potential lobbyists and interest groups Charts new trends and issues such as enlargement Europeanization and Central and Eastern Europe Contributions by acknowledged experts with a proven track record of research and publication in this field including seven current and past practitioners of EU politics with experience as lobbyists from either institutional NGO or corporate perspectives Places interest representation in its historical and theoretical context *Fifteen Into One?* Wolfgang Wessels, Andreas Maurer, Jürgen Mittag, 2003 This book provides a country by country analysis of how European policy is made and applied in the Member States **The Statesman's Year-Book 1997-8** B. Hunter, 2016-12-28 Widely respected as an authoritative and accessible reference work The Statesman's Year Book provides up to date world facts about every country in the world constitution and government international relations industry agriculture trade and social issues Known as a people events and statistics work this year's edition includes accounts of the latest development in trouble spots such as Israel and Northern Ireland and records all recent election results **A Creeping Transformation?** Michael W. Bauer, 2013-03-14 How can we approach the Commission's role as co manager of policy implementation Why should we expect the Commission to be pulled into domestic policy execution and to accumulate something like an implementation management capacity How should we conceptualise the Commission's linkage with post decision management issues Finally how does the Commission's involvement in the application of EU policies if any significantly change everything Such questions are answered in this study which is concerned with what may be called the implementation management capacity of the European Commission Simply put this is the role the Commission plays in the implementation of large scale European spending programmes While it is true that the Commission's predominant prerogatives are to draft legislation and facilitate bargaining it also has a role in post decision policy management This role is of increasing importance for the emerging governance of the European Union Readership social scientists journalists and all those interested in the role of the European Commission in shaping EU policies
