

Modern Japanese

Helen Merritt, Nanako Yamada

Modern Japanese:

Southern Exposure Michael Molasky, Steve Rabson, 2000-08-01 *Southern Exposure* is the first anthology of Okinawan literature to appear in English translation and it appears at a propitious time Although Okinawa Prefecture comprises only one percent of Japan's population its writers have been winning a disproportionate number of literary awards in recent years including the prestigious Akutagawa Prize for fiction which was awarded to Matayoshi Eiki in 1996 and to Medoruma Shun in 1997 Both Matayoshi and Medoruma are represented in this anthology which includes a wide range of fiction as well as a sampling of poetry from the 1920s to the present day Modern Okinawa has been forged by a history of conquest and occupation by mainland Japan and the United States Its sense of dual subjugation and the propensity of its writers to confront their own complicity with Japanese militarism imbues Okinawa's literary tradition with insightful perspectives on a wide range of issues But this tradition is as deeply rooted in the region's lush semitropical landscape as in the forces of history As this anthology demonstrates Okinawan writers often suffuse their works with a lyricism and humor that disarms readers while bringing them face to face with the region's richly ambiguous legacy

Historical Dictionary of Modern Japanese Literature and Theater Scott J. Miller, 2009-07-01 With the Meiji Restoration in 1868 Japan opened its doors to the West and underwent remarkable changes as it sought to become a modern nation Accompanying the political changes that Western trade ushered in were widespread social and cultural changes Newspapers novels poems and plays from the Western world were soon adapted and translated into Japanese The combination of the rich storytelling tradition of Japan with the realism and modernism of the West produced some of the greatest literature of the modern age *Historical Dictionary of Modern Japanese Literature and Theater* presents a broad perspective on the development and history of literature narrative poetry and drama in modern Japan This book offers a chronology introduction bibliography and over 400 cross referenced dictionary entries on authors literary and historical developments trends genres and concepts that played a central role in the evolution of modern Japanese literature

Historical Dictionary of Modern Japanese Literature and Theater J. Scott Miller, 2021-06-05 With the Meiji Restoration in 1868 Japan opened its doors to the West and underwent remarkable changes as it sought to become a modern nation Accompanying the political changes that Western trade ushered in were widespread social and cultural changes Newspapers novels poems and plays from the Western world were soon adapted and translated into Japanese The combination of the rich storytelling tradition of Japan with the realism and modernism of the West produced some of the greatest literature of the modern age *Historical Dictionary of Modern Japanese Literature and Theater* Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries authors literary and historical developments trends genres and concepts that played a central role in the evolution of modern Japanese literature

Representing the Other in Modern Japanese Literature Rachael Hutchinson, Mark Williams, 2006-09-27 *Representing the Other in Modern Japanese Literature* looks at the

ways in which authors writing in Japanese in the twentieth century constructed a division between the Self and the Other in their work Drawing on methodology from Foucault and Lacan the clearly presented essays seek to show how Japanese writers have responded to the central question of what it means to be Japanese and of how best to define their identity Taking geographical racial and ethnic identity as a starting point to explore Japan's vision of non-Japan representations of the Other are examined in terms of the experiences of Japanese authors abroad and in the imaginary lands envisioned by authors in Japan Using a diverse cross section of writers and texts as case studies this edited volume brings together contributions from a number of leading international experts in the field and is written at an accessible level making it essential reading for those working in Japanese studies colonialism identity studies and nationalism *The A to Z of Modern Japanese Literature and Theater* Scott J. Miller, 2010-04-01 With the Meiji Restoration in 1868 Japan opened its doors to the West and underwent remarkable changes as it sought to become a modern nation Accompanying the political changes that Western trade ushered in were widespread social and cultural changes Newspapers novels poems and plays from the Western world were soon adapted and translated into Japanese The combination of the rich storytelling tradition of Japan with the realism and modernism of the West produced some of the greatest literature of the modern age *The A to Z of Modern Japanese Literature and Theater* presents a broad perspective on the development and history of literature narrative poetry and drama in modern Japan This book offers a chronology introduction bibliography and over 400 cross-referenced dictionary entries on authors literary and historical developments trends genres and concepts that played a central role in the evolution of modern Japanese literature *Routledge Handbook of Modern Japanese History* Sven Saaler, Christopher W. A. Szpilman, 2017-10-16 *The Routledge Handbook of Modern Japanese History* is a concise overview of modern Japanese history from the middle of the nineteenth century until the end of the twentieth century Written by a group of international historians each an authority in his or her field the book covers modern Japanese history in an accessible yet comprehensive manner The subjects featured in the book range from the development of the political system and matters of international relations to social and economic history and gender issues to post-war discussions about modern Japan's historical trajectory and its wartime past Divided into thematic parts the sections include Nation empire and borders Ideologies and the political system Economy and society Historical legacies and memory Each chapter outlines important historiographical debates and controversies summarizes the latest developments in the field and identifies research topics that have not yet received sufficient scholarly attention As such the book will be useful to students and scholars of Japanese history Asian history and Asian Studies **Japanese History & Culture from Ancient to Modern Times** John W. Dower, 1986 **The Dilemma of Faith in Modern Japanese Literature** Massimiliano Tomasi, 2018-04-19 The first book-length study to explore the links between Christianity and modern Japanese literature this book analyses the process of conversion of nine canonical authors unveiling the influence that Christianity had on their self-construction their oeuvre and ultimately the trajectory of modern

Japanese literature Building significantly on previous research which has treated the intersections of Christianity with the Japanese literary world in only a cursory fashion this book emphasizes the need to make a clear distinction between the different roles played by Catholicism and Protestantism In particular it argues that most Meiji and Taisho intellectuals were exposed to an exclusively Protestant and mainly Calvinist derivation of Christianity and so it is against this worldview that the connections between the two ought to be assessed Examining the work of authors such as Kitamura Tokuo Akutagawa Ryunosuke and Nagayo Yoshir this book also contextualises the spread of Christianity in Japan and challenges the notion that Christian thought was in conflict with mainstream literary schools As such this book explains how the dualities experienced by many modern writers were in fact the manifestation of manifold developments which placed Christianity at the center rather than at the periphery of their process of self construction *The Dilemma of Faith in Modern Japanese Literature* will be of great interest to students and scholars of Japanese modern literature as well as those interested in Religious Studies and Japanese Studies more generally

Modern Japanese Fiction and Its Traditions J. Thomas Rimer, 2014-07-14 Thomas Rimer's book seeks to explain the background structural principles and development of pre modern and modern Japanese fiction in a way that is comprehensive methodical and accessible to the general reader Originally published in 1978 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Modern Japanese Short Stories Ivan Morris, 2019-07-16 *Modern Japanese Short Stories* is a remarkable collection of Japanese stories from the pioneers of contemporary Japanese literature This volume's twenty five stories by as many authors display a wide range of style and subject matter offering a revealing picture of modern Japanese culture and society The stories in this anthology include *Tattoo* by Junichiro Tanizaki a large spider tattooed on the back of a young woman results in unexpected changes *Autumn Mountain* by Ryunosuke Akutagawa vivid memories of a beautiful painting leads a man to wonder if it ever actually existed *The Priest and His Love* by Yukio Mishima a Buddhist priest finds his path to enlightenment challenged after falling in love *The Moon on the Water* by Nobel Prize winner Yasunari Kawabata a young woman who cared for her ailing first husband through most of their marriage regrets remarrying after his death Featuring a new foreword by Japanese literary scholar Seiji Lippit and striking woodcut illustrations by Masakazu Kuwata the stories are translated by the editor Ivan Morris and Edward Seidensticker George Saito and Geoffrey Sargent This collection of short stories shows why Japanese literature is so highly valued today it teaches not only about Japan but about the human condition and the possibilities of art

The Origins of Modern Japanese Philosophy Richard Stone, 2024-05-16 Nishida Kitaro is widely considered as the first original philosopher in modern Japan Addressing this claim

Richard Stone critically examines Nishida's relation to his contemporary philosophers in the Meiji era 1868-1912 highlighting the continuity, difference, and relationships between them. Stone reassesses the notion that Nishida's *An Inquiry into the Good* (1911) was substantially more philosophically worthwhile than any preceding attempts at philosophy in Japan whilst demonstrating how his early ideas were heavily influenced by the work of thinkers such as Inoue Enryō, Onishi Hajime, and Miyake Setsurei. He argues that original philosophy in Japan did not suddenly start with Nishida. Instead, it developed within a process of methodological refinement wherein ideas starting from early Meiji philosophers were gradually given more rigorous treatment over the course of the era, eventually culminating in Nishida's early philosophy. Providing an in-depth analysis of Nishida's work that brings it into dialogue with his predecessors, *The Origins of Modern Japanese Philosophy* offers both an engaging insight into the Meiji Period as the background of Nishida's philosophical formation and also a clear account of how several core themes in modern Japanese philosophy evolved over the course of an era. *Guide to Modern Japanese Woodblock Prints* Helen Merritt, Nanako Yamada, 1995-01-01. An impressive volume with a valuable amount of information not otherwise available in one source. Choice Companion volume to Merritt's *Modern Japanese Woodblock Prints*. This volume is a reference work that is both comprehensive and rigorously chronological. **The History of Modern Japanese Education** Benjamin C. Duke, 2009. *The History of Modern Japanese Education* is the first account in English of the construction of a national school system in Japan as outlined in the 1872 document, the Gakusei. Divided into three parts, tracing decades of change, the book begins by exploring the feudal background for the Gakusei during the Tokugawa era which produced the initial leaders of modern Japan. Next, Benjamin Duke traces the Ministry of Education's investigations of the 1870s to determine the best western model for Japan, including the decision to adopt American teaching methods. He then goes on to cover the eventual reverse course sparked by the Imperial Household protest that the western model overshadowed cherished Japanese traditions. Ultimately, the 1890 Imperial Rescript on Education integrated Confucian teachings of loyalty and filial piety with Imperial ideology, laying the moral basis for a western-style academic curriculum in the nation's schools. **Modern Japanese Art and the Meiji State** Dōshin Satō, 2011. This is an insightful and intelligent rethinking of Japanese art history, its Western influences. This broad-ranging and profoundly influential analysis describes how Western art institutions and vocabulary were transplanted to Japan in the late nineteenth century. In the 1870-80s, artists and government administrators in Japan encountered the Western system of the arts for the first time. Under pressure to exhibit and sell its artistic products abroad, Japan's new Meiji government came face to face with the need to create European-style art schools and museums and even to establish Japanese words for art, painting, artist, and sculpture. *Modern Japanese Art* is a full re-conceptualization of the field of Japanese art history, exposing the politics through which the words, categories, and values that structure our understanding of the field came to be, while revealing the historicity of Western and non-Western art history. **Contemporary Japanese Thought** Richard Calichman, 2005. The writings in this collection reflect some of

the most innovative and influential work by Japanese intellectuals and cover a range of disciplines addressing the political historical and cultural issues that have dominated Japanese intellectual life **Modern Japan, Student Economy Edition** Mikiso Hane, 2018-04-27 This book presents the essential facts of modern Japanese history It covers a variety of important developments through the 1990s giving special consideration to how traditional Japanese modes of thought and behavior have affected the recent developments **Gendering Modern Japanese History** Barbara Molony, Kathleen Uno, 2020-05-11 In the past quarter century gender has emerged as a lively area of inquiry for historians and other scholars and gender analysis has suggested important revisions of the master narratives of national histories the dominant often celebratory tales of the successes of a nation and its leaders Although modern Japanese history has not yet been restructured by a foregrounding of gender historians of Japan have begun to embrace gender as an analytic category The sixteen chapters in this volume treat men as well as women theories of sexuality as well as gender prescriptions and same sex as well as heterosexual relations in the period from 1868 to the present All of them take the position that history is gendered that is historians invariably perhaps unconsciously construct a gendered notion of past events people and ideas Together these essays construct a history informed by the idea that gender matters because it was part of the experience of people and because it often has been a central feature in the construction of modern ideologies discourses and institutions Separately each chapter examines how Japanese have engendered their ideas institutions and society The Bloomsbury Research Handbook of Contemporary Japanese Philosophy Michiko Yusa, 2017-09-21 The Bloomsbury Research Handbook of Contemporary Japanese Philosophy examines the current vibrant trends in Japanese philosophical thinking Situating Japanese philosophy within the larger context of global intercultural philosophical discourse and pointing to new topics of research this Handbook covers philosophy of science philosophy of peace philosophy of social justice and healing Introducing not only new readings of well known Japanese philosophers but also work by contemporary Japanese philosophers who are relatively unknown outside Japan it makes a unique contribution by offering an account of Japanese philosophy from within and going beyond an objective description of it in its various facets Also featured is the work of a younger generation of scholars and thinkers who bring in fresh perspectives that will push the field into the future These critical essays by leading philosophers and rising scholars to the past and the present of Japanese philosophy demonstrate ways of doing engaged philosophy in the present globalized age With suggestions for further reading a glossary a timeline and annotated bibliography The Bloomsbury Research Handbook of Contemporary Japanese Philosophy is an ideal research guide to understanding the origin transformation and reception of Japanese philosophy in the 21st century Modern Japanese Prints - Statler Oliver Statler, 2012-10-09 Featuring over 100 unique prints Modern Japanese Prints is a testament to the continuity of Japanese art and creativity By far the most vitally creative group of artists working in Japan today modern print makers are truly international in appeal Although they owe much of their heritage to the famous ukiyoe techniques of the

past they depart from their forebears in at least two important respects In the first place whereas in the ancient ukiyoe tradition a print was the joint production of three men the artist designer the artisan who carved the blocks and the printer these modern artists perform all these functions themselves thus satisfying their demands for individual artistic expression at every step of the creative process Another distinguishing feature of this artistic school is that its inspiration is derived neither solely from its own Japanese past nor solely from the West This book carefully traces the history of the modern print movement through detailed discussions of the life and work of twenty nine of its most noteworthy and representative artists It describes vicissitudes which the movement has undergone and the high artistic ideals which have motivated its members in spite of public apathy and the hostility of the traditionalists *The China Factor in Modern Japanese Thought* Lincoln Li, 1996-07-03 When militarism was on the ascendant Tachibana was a vocal critic of military solutions Yet his services were sought for by the radical elements of the Japanese military he criticized Through his writings we gain a clearer view of the continuing processes of policy debate in occupied Manchuria

Enjoying the Beat of Appearance: An Psychological Symphony within **Modern Japanese**

In a global taken by screens and the ceaseless chatter of fast interaction, the melodic elegance and mental symphony developed by the written term usually fade in to the back ground, eclipsed by the persistent noise and disruptions that permeate our lives. However, located within the pages of **Modern Japanese** a stunning fictional prize brimming with natural feelings, lies an immersive symphony waiting to be embraced. Constructed by a wonderful composer of language, that charming masterpiece conducts visitors on a psychological journey, well unraveling the concealed tunes and profound influence resonating within each cautiously crafted phrase. Within the depths of this poignant evaluation, we will discover the book is main harmonies, analyze their enthralling publishing type, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
