**A Modern Mongolian-English Dictionary** John G. Hangin, 1986      **Modern Mongolian-English Dictionary** J. A. Hangin, 1997-07-28 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's *A Comedy of Errors*. Miola's edited work also features a comprehensive critical history coupled with a full bibliography and photographs of major productions of the play from around the world. In the collection there are five previously unpublished essays. The topics covered in these new essays are women in the play, the play's debt to contemporary theater, its critical and performance histories in Germany and Japan, the metrical variety of the play, and the distinctly modern perspective on the play as containing dark and disturbing elements. To compliment these new essays, the collection features significant scholarship and commentary on *The Comedy of Errors* that is published in obscure and difficult-to-accessible journals, newspapers, and other sources. This collection brings together these essays for the first time.      *Modern Mongolian-English Dictionary* Ferdinand Lessing, John G. Hangin, 1963      *Modern Mongolian-English Dictionary* Ferdinand Lessing, 1963      Historical Dictionary of Mongolia Alan J.K. Sanders, 2017-08-25 This fourth edition of *Historical Dictionary of Mongolia* covers the people and organizations that brought Mongolia from revolution and oppression to independence and democracy and its current unprecedented level of national wealth and international growth. This is done through a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 1,200 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Mongolia.      **Historical Dictionary of Mongolia** Alan Sanders, 2003-04-09 This edition offers detail on the history of the Mongol Empire. Against the background of relations with Tibet, it adopts a focus on the spread of Tibetan Buddhism to Mongolia. There is a broader approach to Mongolian cultural affairs with expanded entries.      *A Modern Mongolian-English Dictionary* Hangin Gombojab, 1987-09      **Atlas of the World's Languages** R.E. Asher, Christopher Moseley, 2018-04-19 Before the first appearance of the *Atlas of the World's Languages* in 1993, all the world's languages had never been accurately and completely mapped. The Atlas depicts the location of every known living language, including languages on the point of extinction. This fully revised edition of the Atlas offers up-to-date research, some from fieldwork in early 2006, a general linguistic history of each section, an overview of the genetic relations of the languages in each section, statistical and sociolinguistic information, a large number of new or completely updated maps, further reading, and a bibliography for each section, a cross-referenced language index of over 6,000 languages. Presenting contributions from international scholars covering over 6,000 languages and containing over 150 full-colour maps, the *Atlas of the World's Languages* is the definitive reference resource for every linguistic and reference library.      Colloquial Mongolian Jantsangiyn Bat-Ireedui, Alan J. **The Šabdan Baatır Codex**, 2012-11-23 In The abdan Baat r Codex Daniel Prior presents the first complete edition translation and interpretation of a unique manuscript of early

twentieth century Kirghiz poetry which includes detailed accounts of nineteenth century warfare Dedicated to the chief abdan Baat r the Codex occupies an illuminating position in a network of oral and written genres that encompassed epic poetry and genealogy panegyric and steppe oral historiography that echoed oral performance and aspired to print publishing The Codex s fresh articulation of concepts of Kirghiz self identification was incipiently national yet remained couched in traditional forms The Codex thus bridges the interval often glossed over in cultural histories between a supposedly archaic state of oral epic tradition and the afterlife of epics in modern ethno nationalist projects *Proceedings of the Tenth Seminar of the IATS, 2003. Volume 9: The Mongolia-Tibet Interface* ,2007-11-30 This volume focuses on the interface between Mongolian and Tibetan cultures and aims to create a platform to encourage the development of new forms of scholarship across geographical and disciplinary boundaries This forum lets new materials emerge and brings to the fore a variety of different approaches to studying Mongolian and Tibetan cultures and societies The papers in this volume deal not only with the substantial Mongolian contribution to and engagement with Tibetan Buddhism but also with multiple readings of shared history and religion reconstruction of traditions shifting ethnic boundaries and the broader political context of the Mongolian Tibetan relationship **Government-supported Research on Foreign Affairs** United States. *Introduction to Altaic Philology* Igor de Rachewiltz,Volker Rybatzki,2010-05-31 There are many excellent books dealing with Old Turkic Preclassical and Classical Mongolian and Literary Manchu individually but none providing in a single volume a comprehensive survey of all the three major Altaic languages The present volume attempts to fill this gap at the same time it reviews also the much debated Altaic Hypothesis The book is intended for use by students at university level as well as by general readers with a basic knowledge of linguistics The 39 language texts analysed in the volume are discussed within their historical and cultural context thus vastly enlarging the scope of the purely linguistic investigation Boundless Worlds Peter Wynn Kirby,2009 Where lived experience of surroundings is shifting visceral and immersive interpretation of social spaces tends to be static and remote Space and place are also often analyzed without grappling much if at all with the social political and historical roots of spatial practice This volume embarks upon the novel strategy of focusing on movement as a way of understanding social spaces which offers a means to get beyond biases inherent in the social science of space Ethnographic studies of social life in settings as varied as nomadic Mongolia and island Melanesia as distinct as contemporary Tokyo and war torn Palestine challenge Western assumptions about the universality of space and allow concrete understanding of how life plays out over different socio cultural topographies In a world that is becoming increasingly bounded in many ways despite enormous changes wrought by technological ideological and other social developments Boundless Worlds urges a scholarly turn away from the purely global toward the human dimension of social

lives lived in conditions of conflict upheaval remapping and improvisation through movement
