Modern Painting And The Northern Romantic Tradition Friedrich To Rothko:

Modern Painting and the Northern Romantic Tradition Robert Rosenblum, 1975 Sees a counter French tradition in modern art arising from cultural and religious developments in Northern Europe and the United States **Modern Painting And The Northern Romantic Tradition** R. Rosenblum, 1977-06-14 Sees a counter French tradition in modern art arising from cultural and religious developments in Northern Europe and the United States *Modern Painting and the Northern Romantic Tradition: Friedrich to Rothko* Robert Rosenblum, 1975 **Modern Painting and the Northern Romantic Tradition** Robert Rosenblum, 1978 **Internationalizing the History of American Art** Barbara S. Groseclose, Jochen Wierich, 2009 A collection of essays presenting international perspectives on the narratives and the practices grounding the scholarly study of American Art Provided by publisher Joseph Beuys Viola Michely, Claudia Mesch, 2007-06-27 Joseph Beuys is one of the most legendary figures of twentieth century art his work and ideas continue to impact on artists today An enigmatic self styled shaman who embraced radically democratic artistic and political ideas he has attained almost mythical status This reader brings together the crucial texts on Beuys to look at the most contentious reception ever accorded a postwar artist Here in one volume are key essays by prominent artists and critics from North America and Europe in a collection which foregrounds the full scope of Beuys work across performance drawing painting sculpture and multiples With a foreword by Arthur C Danto Joseph Beuys The Reader features Benjamin Buchloh s seminal essay Beuys The Twilight of the Idol and texts by Rosalind Krauss Peter Burger Vera Frenkel Irit Rogoff Thierry de Duve and others as well as essays translated for the first time into English Also included are two discussions previously unpublished outside of Germany with Beuys himself as well as a useful chronology of key events and exhibitions in the life of this most charismatic figure The most significant collection of texts on this artist to date the book will be essential reading for any student of Beuys and for all those interested in postwar art the cult of the artist and art s engagement with politics and society The Abstraction of Landscape Fundación Juan March, 2007 Inspired by the famous book by Robert Rosenblum *Modern Painting and the Northern Romantic Tradition From Friedrich to Rothko* 1975 the exhibition aims to demonstrate the pictorial aesthetic and historical cultural connection between the northern European tradition particularly early Romantic landscape painting and modern European and American abstraction It reveals a fascinating birth of abstraction out of the spirit of Romantic landscape Following in the tradition of numerous earlier exhibitions on Romanticism and landscape painting the present one departs from this argument to connect almost two centuries of art history *German Façade Design* Randall Ott, 2016-09-17 German architecture prior to the modern period has received less systemic analytical study than that of Italy France and Britain Scholarly discussion of broad traditions or continuities within Germanic or Central European fa ade design is even sparser Baroque era studies of the region mostly devote themselves to isolated architects monuments or movements Modernism s advent decisively changed this Germanic architecture enjoyed sudden ascendancy

Yet even so study specifically of that region's facades still lagged nothing compares to the dozens of treatments of Le Corbusier's facade systems for example and how these juxtapose with French neoclassical or Italian Renaissance methods Given the paucity of multi period studies one can be forgiven for believing Germany's effervescence of radical modern works seems unprecedented This book takes up these multiple quandaries It identifies and documents a previously unrecognized compositional tradition characterized here as the screen facade and posits it as a counter narrative critiquing the essentialist authentic canon currently dominant in Western architectural history By crossing evenly over the dividing line between the historical and modern periods it offers valuable insights on indigenous roots underlying some aspects of Germany's invigorating early twentieth century architectural developments The book chronologically examines 400 years of closely related facades concentrated in Germany but also found in Austria the Czech Republic German speaking Switzerland and nearby areas of Central Europe While nearly 75 buildings are mentioned and illustrated a dozen are given extensive analysis and the book focuses on the works of three architects Schinkel Behrens and Mies Relationships between examples of these three architects' facades far transcend mere homage amongst masters Glimmers of the system they eventually codify are apparent as early as at Heidelberg Castle in 1559 and Nürnberg's Rathaus in 1622 The book argues that in Germany northern Gothic affinities for bisection intense repetition and rote aggregation intersected with southern Classical affinities for symmetry hierarchy and centrality thereby spawning a unique hybrid product the screen Instead of graphic formality this study is guided by on site perceptions propositional contrasts means of approach interpretive conflicts and emotion and it relates the design of these facades to concepts proposed by contemporary philosophers including Novalis Hegel Nietzsche Freud Adorno and most importantly Gadamer on hermeneutics

How Painting Happens (and why it matters) Martin Gayford, 2024-09-26 Painting is an almost inconceivably ancient activity that remains vigorously alive in the twenty first century Every successful painting creates a new world which we inhabit for as long as we care to look at it Paintings can incorporate profound ideas and paradoxes that can be grasped without words For those who dedicate themselves to it the art of painting can become an all consuming lifelong obsession It is a subject on which painters themselves are often the most incisive commentators Martin Gayford's riveting and richly illustrated book deftly brings together numerous artists' voices past and present It draws

on a trove of conversations conducted over more than three decades with artists including Frank Auerbach Gillian Ayres Frank Bowling Cecily Brown Peter Doig Lucian Freud Katharina Fritsch David Hockney Claudette Johnson Lee Ufan Paula Rego Gerhard Richter Bridget Riley Jenny Saville Frank Stella Luc Tuymans Zeng Fanzhi and many more Here too is Vincent van Gogh on Rembrandt John Constable on Titian Francis Bacon on Velazquez R B Kitaj on C zanne and Jean Michel Basquiat on Picasso We hear the personal reflections of these artists on their chosen medium how and why they paint how they came to the practice the influence of fellow painters and how they find creative sustenance and inspiration in their art How Painting Happens crosses the centuries to give us a wealth of insights into the endlessly compelling phenomenon of painters and painting

Raymond Jonson and the Spiritual in Modernist and Abstract Painting

Herbert R. Hartel, Jr.,2018-02-21 This is the most thorough and detailed monograph on the artwork of Raymond Jonson He is one of many artists of the first half of the twentieth century who demonstrate the richness and diversity of an under appreciated period in the history of American art Visualizing the spiritual was one of the fundamental goals of early abstract painting in the years before and during World War I Artists turned to alternative spirituality the occult and mysticism believing that the pure use of line shape color light and texture could convey spiritual insight Jonson was steadfastly dedicated to this goal for most of his career and he always believed that modernist and abstract styles were the most effective and compelling means of achieving it

Modernism and the Spiritual in Russian Art Louise Hardiman,Nicola Kozicharow,2017-11-13 In 1911 Vasily Kandinsky published the first edition of *On the Spiritual in Art* a landmark modernist treatise in which he sought to reframe the meaning of art and the true role of the artist For many artists of late Imperial Russia a culture deeply influenced by the regime s adoption of Byzantine Orthodoxy centuries before questions of religion and spirituality were of paramount importance As artists and the wider art community experimented with new ideas and interpretations at the dawn of the twentieth century their relationship with the spiritual broadly defined was inextricably linked to their roles as pioneers of modernism This diverse collection of essays introduces new and stimulating approaches to the ongoing debate as to how Russian artistic modernism engaged with questions of spirituality in the late nineteenth to mid twentieth centuries Ten chapters from emerging and established voices offer new perspectives on Kandinsky and other familiar names such as Kazimir Malevich Mikhail Larionov and Natalia Goncharova and introduce less well known figures such as the Georgian artists Ucha Japaridze and Lado Gudiashvili and the craftswoman and art promoter Aleksandra Pogosskaia Prefaced by a lively and informative introduction by Louise Hardiman and Nicola Kozicharow that sets these perspectives in their historical and critical context *Modernism and the Spiritual in Russian Art* New Perspectives enriches our understanding of the modernist period and breaks new ground in its re examination of the role of religion and spirituality in the visual arts in late Imperial Russia Of interest to historians and enthusiasts of Russian art culture and religion and those of international modernism and the avant garde it offers innovative readings of a history only partially explored revealing uncharted corners and challenging long held assumptions

The Visionary Art of William Blake Naomi

Billingsley,2018-05-10 William Blake 1757 1827 is considered one of the most singular and brilliant talents that England has

ever produced Celebrated now for the originality of his thinking painting and verse he shocked contemporaries by rejecting all forms of organized worship even while adhering to the truth of the Bible But how did he come to equate Christianity with art How did he use images and paint to express those radical and prophetic ideas about religion which he came in time to believe And why did he conceive of Christ himself as an artist in fact as the artist par excellence These are among the questions which Naomi Billingsley explores in her subtle and wide ranging new study in art religion and the history of ideas Suggesting that Blake expresses through his representations of Jesus a truly distinctive theology of art and offering detailed readings of Blake s paintings and biblical commentary she argues that her subject thought of Christ as an artist archetype Blake s is thus a distinctively Romantic vision of art in which both the artist and his saviour fundamentally change the way that the world is perceived

Redeeming Transcendence in the Arts Jeremy Begbie , 2018-06-30 How can the arts witness to the transcendence of the Christian God It is widely believed that there is something transcendent about the arts that they can awaken a profound sense of awe wonder and mystery of something beyond this world Many argue that this opens up fruitful opportunities for conversation with those who may have no use for conventional forms of Christianity Jeremy Begbie a leading voice on theology and the arts in this book employs a biblical trinitarian imagination to show how Christian involvement in the arts can and should be shaped by a vision of God s transcendence revealed in the person of Jesus Christ After critiquing some current writing on the subject he goes on to offer rich resources to help readers engage

constructively with the contemporary cultural moment even as they bear witness to the otherness and uncontainability of the triune God of love
