Framing the Bride Bonnie Adrian, 2003-12-08 With a wedding impending the Taiwanese bride turns to bridal photographers makeup artists and hair stylists to transform her image beyond recognition They give her fairer skin eyes like a Western baby doll and gowns inspired by sources from Victorian England to MTV An absorbing consideration of contemporary bridal practices in Taiwan Framing the Bride shows how the lavish photographs represent more than mere conspicuous consumption They are artifacts infused with cultural meaning and emotional significance products of the gender and generation based conflicts in Taiwan's hybrid system of modern matrimony From the bridal photographs the book opens out into broader issues such as courtship marriage kinship globalization and the meaning of the West and Western cultural images of beauty Bonnie Adrian argues that in compiling enormous bridal albums full of photographs of brides and grooms in varieties of finery posed in different places and exuding romance Taiwanese brides engage in a new rite of passage one that challenges the terms of marriage set out in conventional wedding rites In Framing the Bride we see how this practice is also a creative response to U S domination of transnational visual imagery how bridal photographers and their subjects take the project of globalization into their own hands defining its terms for their lives even as they expose the emptiness of its images

The Nomads of Mykonos Pola Bousiou, 2008-04-01 This is the ethnography of the Mykoniotis d'lection a gang of romantic adventurers who have been visiting the island of Mykonos for the last thirty five years and have formed a community of dispersed friends Their constant return to and insistence on working acting and creating in a tourist space offers them an extreme identity which in turn is aesthetically marked by the transient cultural properties of Mykonos Drawing semiotically from its ancient counterpart Delos whose myth of emergence entails a spatial restlessness contemporary Mykonos also acquires an idiosyncratic fluidity In mythology Delos the island of Apollo was condemned by the gods to be an island in constant movement Mykonos as a signifier of a new form of ontological nomadism semiotically shares such assumptions The Nomads of Mykonos keep returning to a series of alternative affective groups largely in order to heal a split between their desire for autonomy rebellion and aloneness and their need to affectively belong to a collectivity Mykonos for the Mykoniotis d'lection is their permanent stopover their regular comings and goings discursively project onto Mykonos space an allegorical discordant notion of home
