*Period-Nineteenth Century*) ,2020-08-03 The Development of Commercial Law in Sweden and Finland provides a broad perspective on recent research into the history of North European commercial law in a comparative and international framework The book brings together themes that have previously been considered largely from a national perspective Despite Sweden s and Finland s peripheral locations in Europe global legal phenomena took place there as well These countries were at the crossroads of cultures and commercial interests allowing us to re examine them as lively laboratories for commercial laws and practices rather than dismissing them as a negligible periphery The importance of trade and international transactions cannot be disclaimed but the book also emphasizes the resilient nature of commercial law Contributors are Dave De ruysscher Stefania Gialdroni Ulla Ij s Marko Lamberg Heikki Pihlajam ki Jussi Sallila and Katja Tikka

**European Commercial Expansion in Early Modern Asia** Om Prakash,2020-04-28 Regular commercial contacts between Europe and Asia date back to at least the early years of the Christian era but the pattern of trade underwent a structural modification following the Portuguese discovery of a route to the East Indies via the Cape of Good Hope This volume illustrates the consequences of the arrival of large numbers of Europeans in the East Europeans both participated in modified and exploited existing trade relationships in the Indian Ocean and the Pacific The studies reprinted here show how some environments such as Japan were hostile whilst most states welcomed the European commercial contact The necessity for Europeans to pay for Asian goods using precious metals is emphasised by the inclusion of articles in monetary transfers in Asian trade a phenomenon which provides a link between economic developments in the Americas and those in Asia from the 16th century onwards
