Palimpsests of the Real in Recent French Poetry Glenn W. Fetzter,2021-08-30 The richness and diversity of poetic voices in France since the mid twentieth century sharpen the challenge of charting the poetic landscape in ways that are accessible and cohesive Since poetry in France has long demonstrated a predisposition to philosophical questions *Palimpsests of the Real in Recent French Poetry* reads the work of six poets through the lens of the Pre Socratics The poets discussed range from the well known Jacques Dupin Andr du Bouchet Eug ne Guillevic to the lesser celebrated Jean Louis Chr tien C line Zins and Emmanuel Hocquard What binds these six together is an interest in the real and a fascination with the ways of sensing one s world of experiencing time unity memory and change For each poet the aesthetic character of the work takes precedence and its presentation is informed by the philosophical groundwork laid by ancient thinkers Written not only for specialists but also for students and all readers with a general interest in literature and poetry this book provides introductory material to each poet considered as well as offers critical readings that never stray far from the poetic texts

Contemporary French Poetics Michael Bishop,Christopher Elson,2002 This book finds its origin partly in the International Colloquium on French and Francophone Literature in the 1990 s at Dalhousie University September 1998 number of the papers since reworked take their place here alongside other studies subsequently invited They form a broad and varyingly focused set of cogent and pertinent appraisals of very recent French and francophone poetic practice and its shifting becoming conceptual underpinnings Collected Poems Arthur Rimbaud,2001-06-07 Rimbaud the poet of revolt and the greatest Albert Camus Rimbaud is the enfant terrible of French literature the precocious genius whose extraordinary poetry is revolutionary in its visionary hallucinatory content and its often liberated forms He wrote all his poems between the ages of about 15 and 21 after which he turned his back on family friends and France to roam the world In his final years he was a trader in the Horn of Africa Out of the brief colourful life and the poetry of sensory wildness has been created the myth of Rimbaud an enduring icon of youth rebellion and freedom But behind the myth lies a poetic adventure of high ambition and painful rigour poignant yet heroic Rimbaud is one of the greatest French poets of all times This bilingual edition provides all of Rimbaud s poems with the exception of his Latin verses and some small fragments It also includes some of his prose

pieces chosen because they offer a commentary on his poetic concerns

The Yale Anthology of Twentieth-century French Poetry Mary Ann Caws, 2004. A comprehensive bilingual collection of twentieth-century French poetry. Not since the publication of Paul Auster's *The Random House Book of 20th Century French Poetry* (1984) has there been a significant and widely read anthology of modern French poetry in the English-speaking world. Here for the first time is a comprehensive bilingual representation of French poetic achievement in the twentieth century, from the turn-of-the-century poetry of Guillaume Apollinaire to the high modernist art of Samuel Beckett to the contemporary verse of Scourge Michel Houellebecq. Many of the English translations on facing pages are justly celebrated, composed by eminent figures such as T.S. Eliot, Wallace Stevens, and John Ashbery; many others are new and have been commissioned for this book. Distinguished scholar and editor Mary Ann Caws has chosen work by more than 100 poets. Her deliberately extensive international selection includes work by Francophone poets, by writers better known for accomplishments in other genres (novelists, songwriters, performance artists), and by many more female poets than have typically been represented in past anthologies of modern French poetry. The editor has opted for a chronological organization that highlights six crucial pressure points in modern French poetry. Accompanying the selections are a general introduction, informative essays on each period, and short biographical notes, all prepared by the editor.

On Translating French Literature and Film Geoffrey T. Harris, 2025-02-10. This volume is of particular relevance to literary and filmic translators, to translation theorists, and to anyone with an interest in translation as an art. Throughout the majority of essays in the volume, translation is projected as a complex creative task and not as an exercise in simply re-encoding the meaning of a source text. The received superiority of the original is ultimately questioned here. The customary binary divide between original and translation, or copy, and between author and translator is forcefully challenged, as cinematic and literary translation is presented as an essentially creative process. Whether highlighting specific author-related problems or whether focusing on the broader issues of the ethics of translation, of cultural transmissibility, or of obsolescence, the general thrust of these essays seeks to demonstrate the authorial credentials of the translator. Despite the cogent counter-arguments advanced by a minority of the contributors, the dominant discourse here is one which replaces the stereotypical, virtually anonymous translator with a high-profile creative figure.

Paliyenko, 2017-01-03 In *Genius Envy* Adrianna M Paliyenko uncovers a forgotten history the multiplicity and diversity of nineteenth century French women s poetic voices Conservative critics of the time attributed the phenomenon of genius to masculinity and dismissed the work of female authors as feminine literature Despite the efforts of leading thinkers critics and literary historians to erase women from the pages of literary history Paliyenko shows how these female poets invigorated the debate about the origins of genius and garnered considerable recognition in their time for their creativity and bold aesthetic ideas This fresh account of French women poets contributions to literature probes the history of their critical reception The result is an encounter with the texts of celebrated writers such as Marceline Desbordes Valmore Ana s S galas Malvina Blanchecotte Louisa Siefert and Louise Ackermann Glimpses at the different stages of each poet s career show that these women explicitly challenged the notion of genius as gender specific thus advocating for their rightful place in the canon A prodigious contribution to studies of nineteenth century French poetry Paliyenko s book reexamines the reception of poetry by women within and beyond its original context This balanced and comprehensive treatment of their work uncovers the multiple ways in which women poets sought to define their place in history
