Cinderella Church: the Story of Early Christianity R. John Kinkel, 2008-09-29 Christianity is the largest religion in the world with approximately 2.1 billion adherents Nonetheless when measured by the gold standard early Christian teachings and practice we find considerable slippage Two words describe current church problems and failures dull and devious At the highest levels of Catholic leadership for example we find scandals galore Top officials pilfer 40 million in Detroit to build national shrines Cardinals and bishops cover up priest sexual abuse and the pope most recently ignores high ranking bishops and cardinals pleas to allow Catholics to use condoms to prevent the spread of HIV AIDS That is the devious part At the lower end of the totem pole are priests and laity that just don't get it They say their prayers go to mass and have their baptisms they wonder why their kids don't go to church any more Not enough priests We will close the small churches and build a mega church One small city in Wisconsin pop 40 000 did this at the cost of 12 million Care to measure the cost of celibacy Pay pray and obey is the mantra and the young people don't like it Little wonder that only 1 in 3 Christians practice their faith to any appreciable degree and fail to pass religious traditions on to the next generation Instead of going after the lost sheep the pope says maybe we need a small dedicated remnant of believers Interesting strategy when you have driven the sheep away with questionable policies no women priests no married priests no condoms to fight AIDS
