Modern Liberal Theory Of Man:

The Modern Liberal Theory of Man Gerald F. Gaus, 2019-11-19 First published in 1983 The primary argument of this book is that there is a coherent tradition of liberal thinking that extends from L S Mill through liberals like T H Green Bernard Bosanquet L T Hobhouse and John Dewey to John Rawls The author places Rawls within a longstanding tradition of liberal thinking while also arguing that Green and Hobhouse are not simply of historical interest but represent genuine and interesting attempts to develop a modern liberal theory It is argued that modern liberal theory centres on a conception of human nature that modern liberals have sought to harmonise the pursuit of individuality with participation in social and communal life Although the book focuses on six modern liberals the discussion proceeds topically rather than according to author thus highlighting similarities and disagreements and providing a comprehensive study of modern liberalism

Contemporary Theories of Liberalism Gerald F Gaus, 2003-04-10 The author has provided us with a masterful overview and critique of liberal theorizing of the past quarter century While dealing exhaustively and fairly with each of a variety of broadly liberal approaches Gaus also presents a compelling argument for his own preferred justificatory approach His analyses range across familiar territory Berlin Gauthier Baier Habermas social choice theory Rawls and so on and are always illuminating and taken together provide both the newcomer and the old hand much to ponder Fred D Agostino University of New England Armidale A ll that man is and all that raises him above animals he owes to his reason Ludwig von Mises Contemporary Theories of Liberalism provides students with a comprehensive overview of the key tenets of liberalism developed through Hobbes Locke Kant and Rawls to present day theories and debates Central to recent debate has been the idea of public reason The text introduces and explores seven dominant theories of public reason namely pluralism Neo Hobbesianism pragmatism deliberative democracy political democracy Rawlsian political liberalism and justificatory liberalism As a proponent of justificatory liberalism Gaus presents an accessible and critical analysis of all contemporary liberal political theory and powerfully illustrates the distinct and important contribution of justificatory liberalism

Contemporary Theories of Liberalism is essential reading for students and academics seeking a deeper understanding of liberal political theory today **Alain Locke on the Theoretical Foundations for a Just and Successful Peace** Corey L. Barnes, 2022-11-04 Alain Locke is most known for his involvement in the Harlem Renaissance However he received his PhD in philosophy from Harvard University in 1918 and produced a very large corpus of philosophical work His work shows him to have been a sophisticated philosopher who thought through practical and theoretical problems regarding the nature of cosmopolitanism democracy race value religion art and education Although Locke s philosophical work has been discussed in parts there has been no theorizing about how his different philosophical commitments fit together In this book Corey L Barnes begins to systematize Locke s philosophical thought showing how his democratic theory philosophy of race and value theory are connected to and undergirded by a commitment to cosmopolitanism In so doing Barnes unearths aspects of Locke

s thought for example his economic thinking that have not been accorded attention and reimagines parts of his work about which have been theorized all while bringing Locke into current debates about each subject *The New Liberalism* Avital Simhony, David Weinstein, 2001-08-23 Essays on new liberalism demonstrate that liberalism can accommodate community rights and liberty R. G. Collingwood: An Autobiography and other writings David Boucher, Teresa Smith, 2013-12-12 This volume presents a many faceted view of the Oxford philosopher R G Collingwood At its centre is his Autobiography published in 1939 which has the status of a cult classic for its compelling story of his thought Collingwood s work has enjoyed renewed attention in recent years with new editions of his great philosophical works This volume republishes the Autobiography alongside a previously unpublished account by Collingwood of a journey to the East Indies in 1938 1939 These writings are accompanied by eleven specially written essays Several of these examine aspects of Collingwood s life not just the Autobiography but what he doesn t discuss in that work from his childhood to his professorship at Oxford And the essays also examine aspects of his work on philosophy politics history and archaeology in the context of his life Contemporary Jewish Philosophy Irene Karon, 2020-04-02 This text introduces the most important Jewish philosophers of contemporary times from the point of view of their original approach to both Judaism and philosophy and include Hermann Cohen Franz Rosenzweig Martin Buber Leo Strauss Emmanuel Levinas It shows how for them the dialogue between Judaism and philosophy is necessary in order to avoid on one side an attachment to Jewish tradition which is only nationalistic or non rational and on the other an idea of philosophy which first of all focuses the problems of nature human existence in the world or God as the origin of being In reconstructing the intellectual evolution of each of these twentieth century philosophers with a view to their meaning today this book is unique and goes beyond the standard historical account provided by other books Contemporary Jewish Philosophy is essential reading for researchers and students of philosophy Judaism and the history of religions Ideologies and Political Theory Michael Freeden, 1996-10-25 Ideologies play a crucial role in the way we understand and shape the political world But no one has yet satisfactorily explained the nature of ideologies themselves In this important study Michael Freeden offers a ground breaking approach to the subject Drawing on the political experience of Britain France Germany and the USA over the past two centuries the author provides an in depth examination of the key political ideologies liberalism conservatism socialism feminism and green political thought He goes on to outline a powerful and sophisticated new theory of ideologies and argues that by paying special attention to the complexity conceptual inter relationship and historical and contemporary context of ideologies we can both better understand them and reinvigorate the study of political theory From reviews of the hardback What is on offer here is both a highly original and profoundly stimulating analysis of ideological thinking Freeden s book will undoubtedly shape and redefine the field of ideological studies as it presently stands initiating fruitful lines of research for many years to come There is much to admire in this book History of European Ideas The approach is immensely illuminating The outstanding merit of Freeden s work is that he has

shown what political philosophy presently lacks and has done so by demonstrating that ideologies should not be dismissed as merely the poor cousins of philosophies Both political theory and political philosophy have a great deal to learn from this book *Radical Philosophy* *The Political Philosophy of the British Idealists* Peter P. Nicholson, 1990-01-26 This book offers a reassessment of the political philosophy of the British Idealists a group of once influential and now neglected nineteenth century Hegelian philosophers whose work has been much misunderstood Peter Nicholson focuses on F H Bradley's idea of morality and moral philosophy T H Green's theory of the Common Good of the social nature of rights of freedom and of state interference and Bernard Bosanquet's notorious theory of the General Will By examining the arguments offered by the Idealists and by their critics the author is able to penetrate the deep layers of hostile comment laid down by several generations of later writers and to show that these ideas once properly understood are not only defensible but interesting and important

Catholicism, Liberalism, and Communitarianism Kenneth L. Grasso, Gerard V. Bradley, Robert P. Hunt, 1995 This book makes a very ambitious proposal The proposal is that Catholic social thought can contribute significantly to revivifying the American experiment in liberal democracy That there is a need and urgent need for such a revival is today widely recognized by thinkers across the political and philosophical spectrum Some of the essays here are polemical and others apologetic but the book taken all in all is a proposal As such it must make its case sometimes in conversation with and sometimes against other proposals that are advanced in the public square of democratic discourse

Foreword **Humanity, Freedom and Feminism** Jill Marshall, 2017-05-15 While some feminists seek to use ideas of the universal human subject to include women others argue that such ideas are intrinsically masculine and exclude the feminine This book analyzes and critiques second wave feminists who discuss how philosophers such as Plato and Aristotle Descartes Hobbes and Kant regard human beings and their capacities The author suggests adopting an inclusive universal concept of the human being drawn from ideas of positive liberty from the liberal tradition Hegelian ideas of the formation of the free human being in society and care ethics The book links this theoretical perspective to international human rights and humanitarian law drawing together areas of theory usually presented separately These include the liberal theory of the individual particularly individual freedom feminist critiques and theories of subjectivity globalization and global identity issues and the theory of human rights law with the focus resting on human subjectivity and ethics While the focus is on Anglo American jurisprudence this is combined with continental philosophy international human rights issues and a Yugoslav war crimes case study

Liberalism Versus Conservatism François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open

their wallets to support whatever it is the hucksters are peddling But what to these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author

Beyond Individualism Jack Crittenden,1992 An examination of the debate in political theory about the true concept of human nature The author argues that current concepts of the liberal and communitarian self are unacceptable and draws upon recent psychological research to develop a theory of compound individuality

Charles Hartshorne's Concept of God S. Sia,2013-03-14 Charles Hartshorne s considerable writings have been influential in contem 1 porary religious and philosophical thought Not only is he regarded as the leading living representative of process thought as well as a much respected interpreter of Whitehead but he has also established himself as an original 2 and creative thinker in his own right The literature on his philosophy has been rapidly increasing His thought and influence have also been the subject 3 of a number of conferences and gatherings of scholars One of Hartshorne s most notable contributions to contemporary philoso 4 phy and theology is his concept of God In his writings he has set out to formulate the idea of deity so as to preserve perhaps increase its religious value while yet avoiding the contradictions which seem inseparable from the 5 idea as customarily defined The result of his efforts has been the develop ment of the concept of a dipolar God insofar as contrasting metaphysical predicates e g relative absolute contingent necessary finite infinite and so on are affirmed as applicable to God although always in an eminent way Inasmuch as he has elaborated this concept in close dialogue with classical theism he also refers to it as neo classical Because of the emphasis he places on the reality of change and becoming in his metaphysics which regards God as the chief exemplification of metaphysical principles the term 6 process has likewise been used to describe his notion of God

The Logic of Political Belief Ian Adams,1989-01-01 What is ideology and what is the scope of its influence Are all political doctrines ideological Is there such a thing as a non political ideology Can these questions be answered conclusively and if so by what means Different conceptions and theories of ideology offer a variety of contradictory answers resulting in general muddle and confusion This powerful and original book argues that philosophy alone can give clear and decisive answers to such questions Its rigorous logical analysis reveals ideology to be a distinctive form of thought with its own particular vocabulary and structure It is these logical features that define ideology and not any allegedly necessary connection with social class or fanaticism or even politics What ideology does necessarily connect with is human action and its moral justification Understanding the nature of ideological belief goes to the heart of the relationship between theory and practice and consequently to the way in which human beings understand themselves The Logic of Political Belief is essential reading for those concerned with political theory moral philosophy and the social sciences in general Its outstanding clarity and force of argument will also commend it to all those with an interest in wider political social and human issues Contents Chapter One Ideology and Confusion Ideology and Political Theory Ideology and Political Science Ideology and Philosophy Chapter Two Understanding Knowledge and Ideological Concepts

Forms of Understanding and Kinds of Knowledge Practice and Theory The Vocabulary of Political Belief Chapter Three Ideology Science and Theory Ideology as Bad Science Karl Popper Science as Ideology Thomas Kuhn The Nature of Ideological Theory Chapter Four Ideology and Ethics The Nature of Ordinary Morality Morality and Ethical Belief Ideology and Religion Chapter Five Human Nature and the Structure of Ideology Ideological and Non Ideological Conceptions of Man The Struct

Moral Selfhood in the Liberal Tradition Paul Fairfield,2000-01-01 Beginning with a wide ranging discussion of liberal philosophers Fairfield proposes that liberalism requires a complete reconception of moral selfhood one that accommodates elements of the contemporary critiques without abandoning liberal individualism Contemporary Political Philosophy Robert E. Goodin,Philip Pettit,2005-09-23 This authoritative collection of the seminal texts in post war political philosophy has now been updated and expanded Reprints key articles mainly unabridged touching upon the nature of the state democracy justice rights liberty equality and oppression Includes work from politics law and economics as well as from continental and analytic philosophy Now includes thirteen additional texts taking account of recent developments in the field and reflecting the most pressing concerns in international affairs Can be used alongside A Companion to Contemporary Political Philosophy Blackwell Publishing 1993 second edition in preparation as the basis for a systematic introduction to the subject

Domesticating Passions Nicole Fermon,1997-01-27 The role of women and family as central to Rousseau s concept of the modern enlightened state *The Metaphysics of Self-realisation and Freedom* Colin Tyler,2017-03-22 This first part of Colin Tyler s new critical assessment of the social and political thought of T H Green 1836 1882 explores the grounding that Green gives to liberal socialism Tyler shows how for Green ultimately personal self realisation and freedom stem from the innate human drive to construct a bedrock of fundamental values and commitments that can define and give direction to the individual s most valuable potentials and talents This book is not only a significant contribution to British idealist scholarship It highlights also the enduring philosophical and ethical resources of a social democratic tradition that remains one of the world s most important social and political movements and not least across Britain Europe North America India and Australia Dr Colin Tyler is Reader in Politics at the University of Hull and joint convenor of the Centre for British Idealism

Political Concepts And Political Theories Gerald Gaus,2018-02-20 This book presents an analysis of the political concepts It focuses on enduring disputes about the nature of freedom power equality justice democracy and authority The book is useful for both first year and advanced students who seek to learn more about political theory **John Stuart Mill and the Ethic of Human Growth** D.A. Habibi,2013-03-14 In this well researched comprehensive study of J S Mill Professor Habibi argues that the persistent dominant theme of Mill s life and work was his passionate belief in human improvement and progress Several Mill scholars recognize this however numerous writers overlook his growth ethic and this has led to misunderstandings about his value system This study defines and establishes the importance of Mill s growth ethic and clears up misinterpretations surrounding his notions of higher and lower pleasures positive and negative freedom the

status of children the legitimacy of authority and support for British colonialism Drawing from the entire corpus of Mill's writings as well as the extensive secondary literature Habibi has written the most focused sustained analysis of Mill's grand leading principle This book will be useful to college students in philosophy and intellectual history as well as specialists in these fields
