

More Of The Straight Dope

David L. George

More Of The Straight Dope:

More of the Straight Dope Cecil Adams, 1988 Smart saucy answers the kind of book you'd buy as a goofy present for your wackiest friend and then keep THE PHILADELPHIA INQUIRER Since 1973 the redoubtable Cecil Adams has collected corrected inspected and dissected thousands of reader's questions reporting his sagacious findings in the popular weekly column THE STRAIGHT DOPE His first book amazed millions Now he returns with another incomparable compendium of fantastic facts insouciant information and delicious data on every subject of import to personkind Is it true Thanksgiving was invented by the editor of HARPER'S BIZARRE Why do your fingers wrinkle in the bathtub and hundreds more burning questions explained at last

Return of the Straight Dope Cecil Adams, 1994-04-12 When inquiring minds want to know there is someone to turn to for an answer The Wall Street Journal Cecil Adams's first two books covered everything from the real lyrics to Louie Louie to whatever became of Einstein's brain You probably thought you couldn't stand any more genius in one lifetime Well fasten your intellectual seat belts In *Return of the Straight Dope* you'll find 100% guaranteed top quality brilliance on every page as Adams winsomely and wisely answers questions like these Can people really hear radio broadcasts through their teeth What does Queen Elizabeth carry in that purse anyway So how DO porcupines mate And many more When you hear the answers you'll be glad someone asked the questions

The Straight Dope Cecil Adams, 1998 Is it true what they say about Catherine the Great and the horse How do they measure snow How do they get the stripes into toothpaste Do cats have navels How are coins taken out of circulation Why do men have nipples Cecil Adams has tackled these questions and more in his outspoken uncompromising and always entertaining weekly newspaper column The Straight Dope Now the best of these questions and answers from the profound to the ridiculous are collected in book form so that you can know a little about a lot Exploding myths revealing shocking truths and explaining all major mysteries of the cosmos The Straight Dope contains more than four hundred fully indexed entries on topics ranging from sex to consumer products science to history and rock n roll to much much more

Return of the Straight Dope Cecil Adams, 1999-03-01 When inquiring minds want to know there is someone to turn to for an answer WALL STREET JOURNAL Cecil Adams's first two books covered everything from the real lyrics to Louie Louie to whatever became of Einstein's brain You probably thought you couldn't stand any more genius in one lifetime Well fasten your intellectual seat belts Inside you'll find 100% guaranteed top quality brilliance on every page as he winsomely and wisely answers questions like these Can people really hear radio broadcasts through their teeth What does Queen Elizabeth carry in that purse anyway So how DO porcupines mate And many more When you hear the answers you'll be glad someone asked the questions

The Straight Dope Cecil Adams, 1988

Triumph of the Straight Dope Ed Zotti, Cecil Adams, 1999-02-16 Why do parachute jumpers yell Geronimo Is it aerodynamically impossible for bumblebees to fly Will watching too much TV ruin your eyes Fresh from the popular newspaper column by CECIL ADAMS WHAT IS CECIL ADAMS'S IQ Do you want it in scientific notation Little Ed get out the

slide rule Cecil Adams For more than a quarter of a century Cecil Adams has been courageously attempting to lift the veil of ignorance surrounding the modern world Now in his fifth book he takes yet another stab dissecting such classic conundrums as If you swim less than an hour after eating will you get cramps and die What s the difference between a Looney Tune and a Merrie Melody Can you see a Munchkin committing suicide in The Wizard of Oz Was The Texas Chainsaw Massacre based on actual events Did medieval lords really have the right of the first night And much more THE CRITICS STILL RAVING AFTER ALL THESE YEARS Trenchant witty answers to the great imponderables Denver Post Know it All! Ed Zotti,1993 Ed Zotti draws on his vast storehouse of knowledge to solve the mysteries of basic existence that keep us up at night wondering

From Urban Legends to Political Fact-Checking William Aspray,James W. Cortada,2019-08-12 This text presents an historical examination of political fact checking highlighting how this is part of a larger phenomenon of online scrutiny that manifests itself in multiple forms Reflecting the long history of fake facts in America the book discusses important developments in this area from the emergence of the public Internet in the 1990s to the start of the Trump Clinton presidential election campaigns Topics and features describes how some of the major players in political fact checking began with the purpose of scrutinizing and debunking of urban legends considers how this was part of a wider culture encompassing B grade horror movies truth or fiction television shows and groups warning about computer viruses explains how such developments are connected revealing political fact checking as one of many forms of scrutiny applied in the face of a complex dangerous world provides a range of detailed case studies covering such topics as the rumors surrounding the 9 11 terrorist attacks and academic interest in contemporary legends discusses how pre Internet technologies such as bulletin boards Usenet and proprietary online service providers such as CompuServe and AOL were used to both disseminate and debunk urban legends examines the rise of political fact checking reviewing all of the major initiatives in this area undertaken in the United States This timely study touches on issues of popular culture and major events and offers profiles of colorful individuals and organizations and as such will appeal to a broad audience interested in the history of fact checking and efforts to protect the political process from falsehoods **Mousejunkies!** Bill Burke,2015-02-16 A guidebook with a decidedly different approach Mousejunkies 3rd Edition is a collection of humorous travelogues and insider how to secrets compiled after scores of trips to Walt Disney World The book draws on the insights of a panel of Disney fanatics The Mousejunkies following dozens of personal vacations trade shows and press trips in recent years This third edition brings everything up to date with countless new tips tricks and tales Mousejunkies provides tips and travel plans told through personal accounts something that sets it apart from all the other guides All of the most important topics are covered When to go where to stay what to do and where to eat But readers will also learn Zen and the art of not melting down under the Florida sun how to extract your family from Fantasmic with your sanity intact where to catch a mid afternoon catnap in the theme parks and even how wrong things go when Epcrotch strikes Mousejunkies is more than one travel writer s experiences

at one of the most popular vacation destinations in the world The Mousejunkies are a group of seemingly well adjusted adults who have found themselves inexplicably drawn to Walt Disney World again and again Each has taken his or her own path finding their way separately When the smoke cleared the group found itself back in reality staring at one another over a pile of discarded annual passes and a useless collection of novelty hats The stories wry humorous and told with an affection gained through years of Disney addiction paint vivid portraits of a creatively engineered world where unexpected surprises create lasting memories The tips valuable information designed to help readers get more out of their vacations are told with a sly wink and the desire to share the secrets that make trips to central Florida more memorable From touring plans to tongue in cheek reviews of the theme parks restrooms Mousejunkies provides readers with useful information couched in obsessively detailed narrative with a humorous touch Sorry, Wrong Answer Rod L. Evans Ph.D.,2010-06-01 Where were Venetian blinds invented What color is the black box on a commercial airplane Where did India ink originate Most of us know more than we think we know We also think we know more than we actually do because some of what we think we know simply ain t so We all harbor misconceptions that are accepted not only because they are popular but also because they make sense It makes sense to believe for example that German chocolate originated in Germany rather than the truth that German chocolate is so named because it was created by Sam German It seems logical to believe that Mercury is the hottest planet because of its proximity to the sun or that buttermilk contains butter that Danish pastry is from Denmark and that the boat race America s Cup was named after the United States of America In Sorry Wrong Answer Rod Evans takes readers on a tour of misleading trivia debunking commonly held assumptions and sharing surprising right answers Answers Japan Orange China **Dictionary of American Slang and Colloquial Expressions** Salim Khan Anmol ,2025-09-03 Dictionary of American Slang and Colloquial Expressions **More Damned Lies and Statistics** Joel Best,2004-09-06 In this sequel to the acclaimed Damned Lies and Statistics which the Boston Globe said deserves a place next to the dictionary on every school media and home office desk Joel Best continues his straightforward lively and humorous account of how statistics are produced used and misused by everyone from researchers to journalists Underlining the importance of critical thinking in all matters numerical Best illustrates his points with examples of good and bad statistics about such contemporary concerns as school shootings fatal hospital errors bullying teen suicides deaths at the World Trade Center college ratings the risks of divorce racial profiling and fatalities caused by falling coconuts More Damned Lies and Statistics encourages all of us to think in a more sophisticated and skeptical manner about how statistics are used to promote causes create fear and advance particular points of view Best identifies different sorts of numbers that shape how we think about public issues missing numbers are relevant but overlooked confusing numbers bewilder when they should inform scary numbers play to our fears about the present and the future authoritative numbers demand respect they don t deserve magical numbers promise unrealistic simple solutions to complex problems and contentious numbers become the focus of data duels and stat wars The

author's use of pertinent socially important examples documents the life altering consequences of understanding or misunderstanding statistical information. He demystifies statistical measures by explaining in straightforward prose how decisions are made about what to count and what not to count, what assumptions get made and which figures are brought to our attention. Best identifies different sorts of numbers that shape how we think about public issues. Entertaining, enlightening and very timely, this book offers a basis for critical thinking about the numbers we encounter and a reminder that when it comes to the news, people count in more ways than one.

Alphabet Juice Roy Blount Jr., 2008-10-14 Ali G: How many words does you know? Noam Chomsky: Normally humans by maturity have tens of thousands of them. Ali G: What is some of em? Da Ali G Show: Did you know that both mammal and matter derive from baby talk? Have you noticed how wince makes you wince? Ever wonder why so many h words have to do with breath? Roy Blount Jr. certainly has, and after forty years of making a living using words in every medium, print or electronic, except greeting cards, he still can't get over his ABCs. In *Alphabet Juice*, he celebrates the electricity, the juju, the sonic and kinetic energies of letters and their combinations. Blount does not prescribe proper English. The franchise he claims is over the counter. Three and a half centuries ago, Thomas Blount produced *Blount's Glossographia*, the first dictionary to explore derivations of English words. This Blount's *Glossographia* takes that pursuit to other levels, from Proto-Indo-European roots to your epiglottis. It rejects the standard linguistic notion that the connection between words and their meanings is arbitrary. Even the word arbitrary is shown to be no more arbitrary at its root than go to guy or crackerjack. From sources as venerable as the OED, in which Blount finds an inconsistency at whisk, and as fresh as *UrbanDictionary.com*, to which Blount has contributed the number one definition of alligator arm, and especially from the author's own wide-ranging experience, *Alphabet Juice* derives an organic take on language that is unlike and more fun than any other.

Threescore and More Alan Weiss, 2018-03-21 Ageism is too often an accepted form of bias, even though the facts support the value of aging. Airline pilots forced to retire at the arbitrary age of 65 are usually at the top of their game. Forced retirement in most organizations removes highly skilled performers as well as role models and trainers for newer generations. Instead of revelling in who we are, we begin to try to look younger as soon as possible, with 16-year-old women receiving nose and breast surgery as birthday presents. People have become inured to losing abilities as they age, instead of appreciating new abilities that only age can bestow. Everyone extols the need for gender equality lest we lose the talents of half of our population. Yet people over 65 are currently 15 percent of the US population, 46.2 million, and is projected to rise to 34 percent. Due to the IRA legislation of the Reagan era and the lack of need to purchase homes, college educations, cars, or health care, the discretionary assets are also substantial. It's time these people took control of their lives and influence on everything from business to politics.

Larva Julián Ríos, 2004 A striking reassessment of the Don Juan myth. A literary tour de force, this extraordinary novel is told in single-minded pursuit of double meanings, but it is serious play. *Larva* is a rollicking account of a masquerade party in an abandoned mansion in London. Milalias, disguised as Don Juan, searches for Babelle as

Sleeping Beauty through a linguistic funhouse of puns and wordplay recalling Joyce's *Finnegans Wake*. A mock scholarly commentary reveals the backgrounds of the masked revellers while Rios's allusive language shows that words too wear masks hiding an astonishing range of further meanings and implications. *Larva* revives a Hispanic tradition repressed for centuries by introducing the English tradition of puns, palindromes and acrostics: a word puzzle in which certain letters in each line form a word or words and establishes Rios as the most accomplished successor in any language to Joyce. **More!** Tammie Rothermel, 2022-08-01 *Rock Roll and Espionage: An Exhilarating Ride*. Worlds collide and sparks ignite when a simple country girl encounters a white hot rock star in rural Pennsylvania. Certainly small town Nikki was not looking for love. But from the moment she meets the universally famous Grant Henderson, More comps the reader a backstage pass to the secrets, glitz, glam and romance of a sizzling rock star's non-stop life. As Nikki climbs on board Grant's comet, her own charisma engages the world even as a mysterious stranger pursues her from Naples to Hong Kong. Along the way, espionage's notorious agency sucks Nikki into its beguiling embrace of treachery. Advance Reviews: a love every minute. More's characters are so real I hated to leave them. K. Bulman. Non-stop action with unexpected twists and turns lure readers into Nikki's adventures. Ita's mystery, music and intrigue for the girl next door. L. Good. More will stay with me forever. Could not put it down. Give me more. S. Yourk. **Control the Crazy** Vinny Guadagnino, Samantha Rose, 2013-01-08. Vinny Guadagnino, star of *Jersey Shore*, discusses his lifelong struggle to control the effects of social anxiety and stress and teaches readers the tools and techniques he's used to stay calm and maintain his sanity in all types of crazy situations, both on and off the show. For more than a decade, Vinny has been keeping a secret from his family, his friends, his castmates and his fans: the fact that he's not as carefree and stress-free as he appears. Vinny suffers from panic attacks that strike without warning. They plagued him throughout his teens, forced him to move home from college and tormented him during the first season of *Jersey Shore*. After fleeing the set during the filming of the fifth season of the show, Vinny realized he could no longer keep his problems to himself. It was time to speak out. In this book, Vinny discusses how he's confronted his demons head-on and he gives readers the tools to do so themselves. For the millions of his fans who are also feeling overwhelmed with the world around them and by their own thoughts, Vinny offers a practical plan for taking control of your life, your body and your mind. **The Rhetoric of the Right** David L. George, 2013. This study seeks to demonstrate the subtle ways in which changes in the language associated with economic issues are reflective of a gradual but quantifiable conservative ideological shift. In this rigorous analysis, David George uses as his data a century of word usage within *The New York Times* starting in 1900. It is not always obvious how the changes identified necessarily reflect a stronger prejudice toward laissez-faire, free market capitalism and so much of the book seeks to demonstrate the subtle ways in which the changing language indeed carries with it a political message. This analysis is made through exploration of five major areas of focus: economics, rhetoric, scholarship and the

growing behavioral economics school of thought the discourse of government and taxation the changing meaning of competition and competitive changing attitudes toward labor and the celebration of growth relative to the decline in attention to economic justice and social equality

Needful Things Stephen King, 2016-01-01 Set in the fictional town of Castle Rock Maine Master storyteller Stephen King presents the classic New York Times bestseller about a mysterious store that can sell you whatever you desire but not without exacting a terrible price in return The town of Castle Rock Maine has seen its fair share of oddities over the years but nothing is as peculiar as the little curio shop that's just opened for business here Its mysterious proprietor Leland Gaunt seems to have something for everyone out on display at Needful Things interesting items that run the gamut from worthless to priceless Nothing has a price tag in this place but everything is certainly for sale The heart's desire for any resident of Castle Rock can easily be found among the curiosities in exchange for a little money and at the specific request of Leland Gaunt a whole lot of menace against their fellow neighbors Everyone in town seems willing to make a deal at Needful Things but the devil is in the details And no one takes heed of the little sign hanging on the wall Caveat emptor In other words let the buyer beware

The Good Web Guide Arabella Dymoke, 2004 This guide has been completely revised and updated The authors have revisited all the websites recommended in the first edition and cut out the dead wood bringing the book thoroughly up to date It is aimed at every family and household

Delve into the emotional tapestry woven by Emotional Journey with in Experience **More Of The Straight Dope** . This ebook, available for download in a PDF format (Download in PDF: *), is more than just words on a page; itis a journey of connection and profound emotion.
