Needle A Bobbin A Strike:

A Needle, a Bobbin, a Strike Joan M. Jensen, Sue Davidson, 1984 **Annie Shapiro and the Clothing Workers' Strike** Marlene Targ Brill, 2010-08-01 Recounts Annie Shapiro's experiences during the 1910-1911 Garment Workers Strike in Chicago *The American Work Ethic and the Changing Work Force* Herbert Applebaum, 1998-06-25 A major force in American society the work ethic has played a pivotal role in U.S. history affecting cultural, social, and economic institutions. But what is the American work ethic? Not only has it changed from one era to another but it varies with race, gender, and occupation. Considering such diverse groups as Colonial craftsmen, slaves, 19th-century women, and 20th-century factory workers, this book provides a history of the American work ethic from Colonial times to the present. Tracing both continuities and differences, the book is divided into sections on the Colonial era, the 19th century, and the 20th century and includes chapters on both major occupational groups such as farmers, factory workers, laborers, and gender, racial, and ethnic minorities. This approach, which covers all major groups in U.S. history, enables the reader to discern how the work ethic applied to different occupational and ethnic groups over time. The book subjects the work ethic to an analysis based on historical, sociological, economic, and anthropological perspectives and provides an analysis of current thinking about how the work ethic applied to various groups and classes in different historical periods **Daughters of the Shtetl** Susan A. Glenn, 2019-06-30 In this fascinating portrait of Jewish immigrant wage earners, Susan A. Glenn weaves together several strands of social history to show the emergence of an ethnic version of what early twentieth-century Americans called the New Womanhood. She maintains that during an era when Americans perceived women as temporary workers interested ultimately in marriage and motherhood, these young Jewish women turned the garment industry upside down with a wave of militant strikes and shop-floor activism and helped build the two major clothing workers' unions Take My Word Anne E. Goldman, 2023-09-01 In an innovative critique of traditional approaches to autobiography, Anne E. Goldman convincingly demonstrates that ethnic women can and do speak for themselves even in the most unlikely contexts. Citing a wide variety of nontraditional texts, including the cookbooks of Nuevo Mexicanas, African American memoirs of midwifery and healing, and Jewish women's histories of the garment industry, Goldman illustrates how American women have asserted their ethnic identities and made their voices heard over and sometimes against the interests of publishers, editors, and readers. While the dominant culture has interpreted works of ethnic literature as representative of a people rather than an individual, the working women of this study insist upon their own agency in narrating rich and complicated self-portraits. In an innovative critique of traditional approaches to autobiography, Anne E. Goldman convincingly demonstrates that ethnic women can and do speak for themselves even in the most unlikely contexts. Citing a wide variety of nontraditional texts, including *The Radical Women's Press of the 1850's* Cheris Kramarae, Ann Russo, 2013-10-28 First published in 1991, the volume reprints excerpts from six radical feminist journals of this crucial decade: *The Lily*, *the Genius of Liberty*, *the Pioneer*, and *Women's*
