Neighbors At War Anthropological Perspectives On Yugoslav Ethnicity Culture And History:

Neighbors at War: Anthropological Perspectives on Yugoslav Ethnicity, Culture, and History , Before the former Yugoslavia was divided by wars its inhabitants successfully lived side by side in peace This collection seeks to explain how former neighbors became enemies with the hope that understanding what drove these peoples apart will help us discover ways for them to coexist in peace again Contributors analyze political cartoons psychiatry the arts visual media and law to present a diversity of views on the conflicts in Yugoslavia While the chapters in this book deal with regional developments they are not so much focused on politics as they are concerned with how values and attitudes are altered and new identities formed Thus this volume goes beyond recent journalistic accounts and should remain relevant for years to come This book began as a special issue of the journal *Anthropology of East Europe Review* Most of the contributors to that issue have revised their chapters for this collection and new chapters have been added including one on the recent war in Kosovo Essays range across all of former Yugoslavia emphasizing the variability and diversity of ethnic relations throughout its history Contributors are Mart Bax Brian C Bennett Nikolai Botev Bette Denich Elinor Despalatovi Hannes Grandits Joel M Halpern E A Hammel Robert M Hayden Goran Jovanovic va V Huseby Darvas David A Kideckel Mirjana Lausevic Lynn D Maners Julie Mertus Robert Gary Minnich Rajko Mursi Edit Petrovic Christian Promitzer Mirjana Prosic Dvornic Janet Reineck Jonathan Matthew Schwartz Andrei Simic and Stevan M Weine *Death and Burial in Socialist Yugoslavia* Carol S. Lilly, 2024-02-08 Across the globe memorial and grave sites are being increasingly weaponized in conflicts and politicized by parties to advance agendas Here Carol S Lilly examines ideas of death politics memory ideology and nationalism in the former Yugoslav republics of Bosnia Hercegovina Croatia and Serbia to shine fresh light on cemetery culture in 20th century Europe More specifically *Death and Burial in Socialist Yugoslavia* argues that while the CPY created its own communities of the dead in postwar Partisan Cemeteries it failed to do the same for civilian cemeteries in ways that might reinforce its ideals of secularism pluralism and brotherhood and unity Moreover the communist regime left the previous system of ethno religious segregation in place further isolating Catholics Orthodox Muslims and Jews who continued to be buried in separate locations Finally it explicitly politicized burial rites and grave markers making cemeteries into legitimate spaces of political discourse As a result by the time Yugoslavia disintegrated in the early 1990s dead bodies and cemeteries had become a concerted weapon of war in the ongoing ethnic conflict Ultimately then this timely study reveals for the first time the extent to which the communist regime not only failed to created their own communities of the dead but also further divided and alienated living communities in Yugoslavia Bosnia and Herzegovina Francine Friedman, 2013-10-15 First published in 2007 Emerging from communism in the early 1990s the new state of Bosnia and Herzegovina was immediately embroiled in devastating ethnonationalist conflict Now an international protectorate the choices of its elites may well propel Bosnia either to a stable future integrated into an expanding European entity or to a future filled with insecurity conflict and adversity This

volume assesses current conditions in Bosnia as well as the prospects for stability in a country torn between nationalistic elites on the one hand and the desires of important regional actors for control of Bosnia on the other with a fractious international community overseeing the matter Friedman controversially denies that the wars of Yugoslavia's dissolution are a necessary product of ancient ethnic hatreds contending that Bosnia and Herzegovina was once the quintessential multi ethnic multireligious community and could be again Containing chapters on the country's history economics international relations and politics this book will provide social scientists with an accessible overview of contemporary Bosnia and Herzegovina

The Oxford Handbook of Applied Ethnomusicology Svanibor Pettan, Jeff Todd Titon, 2015 Applied studies scholarship has triggered a not so quiet revolution in the discipline of ethnomusicology The current generation of applied ethnomusicologists has moved toward participatory action research involving themselves in musical communities and working directly on their behalf The essays in *The Oxford Handbook of Applied Ethnomusicology* edited by Svanibor Pettan and Jeff Todd Titon theorize applied ethnomusicology offer histories and detail practical examples with the goal of stimulating further development in the field The essays in the book all newly commissioned for the volume reflect scholarship and data gleaned from eleven countries by over twenty contributors Themes and locations of the research discussed encompass all world continents The authors present case studies encompassing multiple places other than that discuss circumstances within a geopolitical unit either near or far Many of the authors consider marginalized peoples and communities others argue for participatory action research All are united in their interest in overarching themes such as conflict education archives and the status of indigenous peoples and immigrants A volume that at once defines its field advances it and even acts as a large scale applied ethnomusicology project in the way it connects ideas and methodology *The Oxford Handbook of Applied Ethnomusicology* is a seminal contribution to the study of ethnomusicology theoretical and applied

Ethnic Times Dusan Kecmanovic, 2001-11-30 Kecmanovic deals with the phenomenon of ethnonationalism both as a broad worldwide concern and as a key ingredient to the struggles in the former Yugoslavia As in the former Yugoslavia the rise of ethnonationalistic sentiments and attitudes coincided with the transition from a state and party run affair to a new post communist type of government and society Drawing upon his personal experiences in Sarajevo Kecmanovic provides a unique view of the conflict In a style accessible to students and general readers he traces the transformations of leading principles value systems behavioral patterns and views of people in times of severe ethnic tensions At times nearly novelistic the book examines epidemic ethnonationalism and individual manifestations such as violence toward members of other groups beliefs that ethnic differences are genetic a need to aggrandize and even manufacture differences between communities

Bosnia Remade Gerard Toal, Carl T. Dahlman, 2011-02-16 *Bosnia Remade* is an authoritative account of ethnic cleansing and its partial undoing from the onset of the 1990s Bosnian wars up through the present Gerard Toal and Carl Dahlman combine a bird's eye view of the entire war from onset to aftermath with a micro level account of three towns

that underwent ethnic cleansing and later the return of refugees There have been two major attempts to remake the ethnic geography of Bosnia since 1991 In the first instance ascendant ethno nationalist forces tried to eradicate the mixed ethnic geographies of Bosnia s towns villages and communities These forces devastated tens of thousands of homes and lives but they failed to destroy Bosnia Herzegovina as a polity In the second attempt which followed the war the international community in league with Bosnian officials endeavored to reverse the demographic and other consequences of this ethnic cleansing While progress has been uneven this latter effort has transformed the ethnic demography of Bosnia and moved the nation beyond its recent segregationist past By showing how ethnic cleansing was challenged Bosnia Remade offers more than just a comprehensive narrative of Europe s worst political crisis of the past two decades It also offers lessons for addressing an enduring global problem

Ethnic Cleansing in the Balkans Cathie Carmichael, 2003-08-27 Ethnic Cleansing in the Balkans looks at the phenomenon of ethnic cleansing in the Balkans over the last two hundred years It argues that the events that occurred during this time can be demystified that the South East of Europe was not destined to become violent and that constructions of the Balkans as endemically violent misses an important political point and historical point

Carmichael provides an account of ethnic cleansing in the Balkans as a single historical phenomenon and brings together a vast array of primary and secondary sources to produce a concise and accessible argument This book will be of interest to students and researchers of European studies history and comparative politics

Race-ing Fargo Jennifer Erickson, 2020-10-15 Tracing the history of refugee settlement in Fargo North Dakota from the 1980s to the present day Race ing Fargo focuses on the role that gender religion and sociality play in everyday interactions between refugees from South Sudan and Bosnia Herzegovina and the dominant white Euro American population of the city Jennifer Erickson outlines the ways in which refugees have impacted this small city over the last thirty years showing how culture political economy and institutional transformations collectively contribute to the racialization of white cities like Fargo in ways that complicate their demographics Race ing Fargo shows that race religion and decorum prove to be powerful forces determining worthiness and belonging in the city and draws attention to the different roles that state and private sectors played in shaping ideas about race and citizenship on a local level Through the comparative study of white secular Muslim Bosnians and Black Christian Southern Sudanese Race ing Fargo demonstrates how cross cultural and transnational understandings of race ethnicity class and religion shape daily citizenship practices and belonging

Roma Pentecostals Narrating Identity, Trauma, and Renewal in Croatia and Serbia Melody Wachsmuth, 2022-10-17 Stories of Pentecostal conversion and church growth in Roma communities are prolific across Europe but how does conversion impact daily lives in the context of economic hardship and social marginalization In fact Roma Pentecostal life stories from Croatia and Serbia reveal both resilience and suffering and consequently reveal the struggle of lived faith amidst formidable challenges In what ways then has a new Pentecostal identity shifted relationships thinking and behaviour This ethnography explores the ways in which these Roma Pentecostals

incorporate their faith in their daily lives through analysing their life stories in conjunction with their socio cultural contexts and Pentecostal theology A Concise History of Bosnia Cathie Carmichael, 2015-07-02 Focuses on the dynamic and creative aspects of Bosnia's past as well as the contested tragic and controversial
