Npr Interviews 1995:

NPR Michael P. McCauley, 2005-06-14 The people who shaped America's public broadcasting system thought it should be a civilized voice in a civilized community a clear alternative to commercial broadcasting This book tells the story of how NPR has tried to embody this idea Michael P. McCauley describes NPR's evolution from virtual obscurity in the early 1970s when it was riddled with difficulties political battles unseasoned leadership funding problems to a first rate broadcast organization The book draws on a wealth of primary evidence including fifty seven interviews with people who have been central to the NPR story and it places the network within the historical context of the wider U.S. radio industry Since the late 1970s NPR has worked hard to understand the characteristics of its audience Because of this its content is now targeted toward its most loyal listeners highly educated baby boomers for the most part who help support their local stations through pledges and fund drives *Adventures of an Itinerant Imagination* Bernard Brandon Scott, 2025-06-25 John Dominic Crossan is the most

important scholar on the historical Jesus since David Fredrick Strauss in the nineteenth century Both his scholarly *The Historical Jesus The Life of a Mediterranean Jewish Peasant* 1991 and the more popular *Jesus A Revolutionary Biography* 1994 made the bestsellers list But the scope of his work goes well beyond the historical Jesus to studies on the death of Jesus and anti-Semitism Christianity and empire archaeology the apostle Paul the Pharisee and recently apocalyptic and the environment He addresses both scholarly and popular audiences ancient sources and contemporary concerns The essays in this volume explore and access the range of his work for his various audiences Some of the essays are scholarly in tone while others are quite personal A feature of this book is Crossan's complete curriculum vitae *The Biographical Encyclopedia of American Radio* Christopher H. Sterling, Cary O'Dell, 2013-05-13 The Biographical Encyclopedia of American Radio presents

the very best biographies of the internationally acclaimed three volume Encyclopedia of Radio in a single volume It includes more than 200 biographical entries on the most important and influential American radio personalities writers producers directors newscasters and network executives With 23 new biographies and updated entries throughout this volume covers key figures from radio's past and present including Glenn Beck Jessie Blayton Fred Friendly Arthur Godfrey Bob Hope Don Imus Rush Limbaugh Ryan Seacrest Laura Schlesinger Red Skelton Nina Totenberg Walter Winchell and many more Scholarly but accessible this encyclopedia provides an unrivaled guide to the voices behind radio for students and general readers alike *The NPR Interviews, 1995* Robert Siegel, 1995 The successful launch of The NPR Interviews in 1994 proved

that many members of National Public Radio's wide audience want to read what they hear to find out what they missed This edition collects probing enlightening and provocative conversations by Jimmy Carter William Styron Newt Gingrich Wynton Marsalis Tom Robbins and many others *On Air* Steve Oney, 2025-03-11 An epic decade long reported history of National Public Radio that reveals the unlikely story of one of America's most celebrated but least understood media empires Founded in 1970 NPR is America's most powerful broadcast news network Despite being overshadowed by the larger and more

glamorous PBS public radio has long been home to shows such as All Things Considered Morning Edition and This American Life that captivate millions of listeners in homes cars and workplaces across the nation NPR and its hosts are a cultural force and a trusted voice and they have created a mode of journalism and storytelling that helps Americans understand the world in which we live In On Air a book fourteen years in the making journalist Steve Oney tells the dramatic history of this institution tracing the comings and goings of legendary on air talents Bob Edwards Susan Stamberg Ira Glass Cokie Roberts and many others and the rise and fall and occasional rise again of brilliant and sometimes venal executives It depicts how NPR created a medium for extraordinary journalism in which reporters and producers use microphones as paintbrushes and the voices of people around the world as the soundtrack of stories both global and local Featuring details on the controversial firing of Juan Williams the sloppy dismissal of Bob Edwards and a 230 million bequest by Joan B Kroc widow of the founder of McDonalds On Air also chronicles NPR s daring shift into the digital world and its early embrace of podcasting formats establishing the network as a formidable media empire Fascinating revelatory and irresistibly dishy this is a riveting account of NPR s unlikely launch chaotic ascent and ultimate triumph a must read for anyone interested in the history of public radio and its impact on American culture

Encyclopedia of Radio 3-Volume Set Christopher H. Sterling, 2004-03-01 Produced in association with the Museum of Broadcast Communications in Chicago the Encyclopedia of Radio includes more than 600 entries covering major countries and regions of the world as well as specific programs and people networks and organizations regulation and policies audience research and radio s technology This encyclopedic work will be the first broadly conceived reference source on a medium that is now nearly eighty years old with essays that provide essential information on the subject as well as comment on the significance of the particular person organization or topic being examined

Downsizing the Federal Government Vernon D Jones,2016-07-01 The main focus of downsizing has shifted from the private to the public sector The cutbacks began in the Department of Defense Now the goal is a federal civilian workforce reduction of 12 percent by the year 2000 This pioneering study looks at the management of workforce reductions in the public sector both in theory and in practice Three case studies of the Defense Logistics Agency the Bureau of Reclamation and the Food and Drug Administration illustrate the organizational managerial and human dimensions of attempting to improve performance with reduced resources The author draws on extensive interviews with senior executives and middle managers in the three agencies at the General Accounting Office the Office of Personnel Management and the National Performance Review the Senior Executives Association and the Federal Managers Association and scholars and researchers In a larger sense this work pushes the boundaries of knowledge concerning organizational change and makes a significant contribution to organization theory It offers important new insights not only for public sector managers but for organization theorists and management specialists whose work on downsizing has been presumed but not shown to be applicable to the public sector Subject Guide to Books in Print ,1991 *Susan, Linda, Nina & Cokie* Lisa Napoli,2021-04-13 A group biography of four beloved women who fought sexism covered decades of American news and whose voices defined NPR In the years after the Civil Rights Act of 1964 women in the workplace still found themselves relegated to secretarial positions or locked out of jobs entirely This was especially true in the news business a backwater of male chauvinism where a woman might be lucky to get a foothold on the women s pages But when a pioneering nonprofit called National Public Radio came along in the 1970s and the door to serious journalism opened a crack four remarkable women came along and blew it off the hinges Susan Linda Nina and Cokie is journalist Lisa Napoli s captivating account of these four women their deep and enduring friendships and the trail they blazed to becoming icons They had radically different stories Cokie Roberts was born into a political dynasty roamed the halls of Congress as a child and felt a tug toward public service Susan Stamberg who had lived in India with her husband who worked for the State Department was the first woman to anchor a nightly news program and pressed for accommodations to balance work and home life Linda Wertheimer the daughter of shopkeepers in New Mexico fought her way to a scholarship and a spot on air And Nina Totenberg the network s legal affairs correspondent

invented a new way to cover the Supreme Court Based on extensive interviews and calling on the author s deep connections in news and public radio Susan Linda Nina and Cokie will be as beguiling and sharp as its formidable subjects
