Chance or Fate Our human hope rests upon one star One sunny and rather warm spring morning in a more than well respected neighborhood of Louisville high school senior and star athlete Lance Buchanan awakens to discover strange bruises and scars across his body but theyre not from wrestling or football practice Nor did they come from a wild night on the town Where did they come from And whats gonna happen to me he can only wonder And to his dismay these questions reveal that this is only the tip of a much larger matter which not only his family and community struggle with but the nation and world as well Lances unexpected journey forces him to reconsider himselfwho he is and what hes all about It also reshapes his value systemwhats most important to himas well as the way he see things and carries out accomplishments And lastly it reveals to him who and what IS the precedence Without a doubt *The Precedence* will draw you in stretch your mind and perhaps forever change the way you think of life and see existence It may also challenge your entire paradigm and make you rethink God the universe and mankind's civilization as we know it today as well as strip away the most traditional of mores But on the other hand it may actually clarify and strengthen personal beliefs which many of us often question rather blindly *The Precedence* is a story like no other It will take you to places never dreamed of It will also bring you feelings never felt before Just remember keep an open mindand ask yourself Could this actually happen Then place yourself into the characters shoes and see if ANY of this fits Perhaps YOU will determine what the precedence actually is in YOUR life

you re willing to treat me with the respect courtesy and gentleness which no other man has ever shown me I don t know if I can claim to love you but compared to those who have meaninglessly spouted that word you have shown me more love than all of them combined She pauses a little while in thought then says Doug I would like to point out some proof of what I was saying about how you treat me and how special that makes me feel compared to all of the other men I ve had to endure Oh Yes Here I am sitting within your reach for a long time while I m only wearing a thin nightgown and you haven t made a single attempt to touch me more than to hug and kiss me He hesitates then says I m just trying to treat you like I think a woman ought to be treated so I don t see how that makes me special I suppose another way to look at it is that I m trying to treat you in a manner similar to how I would want to be treated if our roles were reversed Her eyes widen in surprise at that idea then she nods her head as she responds That makes a lot of sense and I greatly appreciate that you feel and think that way But let me assure you men do not treat women with respect courtesy and gentleness at least from my experience
