experiences as they journey through their search is the one of the focal point of this novel The story at first glance appears like opening a Pandora s box as it is filled with many emotional shades and bizarre looking situations The characters in this story have been taken from life around us which are ubiquitous but scarcely noticed The story unveils various shades of our liberated society I was sometimes astounded by the newfound courage sensuality and sexuality along with the inner struggle longing and getting rid of age old inhibitions in the newly liberated women The readers may find spelling and grammar mistakes in some parts of the book these are deliberately inserted to keep the essence of chatting and mailing as it happens in real life on the internet In chatting no one bothers about spelling or grammar words like bro txt are just written to convey the fast message The characters in the novel bear no resemblance to a person or persons living or dead Art is the depiction of life coloured with imagination Shyam Skha shyamskha1973 gmail com **DRMoudgill Give Peace One More Chance!**
