[Creating a Nation with Cloth](#) Ping-Ann Addo, 2013-06-01 Tongan women living outside

of their island homeland create and use hand made sometimes hybridized textiles to maintain and rework their cultural traditions in diaspora Central to these traditions is an ancient concept of homeland or nation fonua which Tongans retain as an anchor for modern nation building Utilizing the concept of the multi territorial nation the author questions the notion that living in diaspora is mutually exclusive with authentic cultural production and identity The globalized nation the women build through gifting their barkcloth and fine mats challenges the normative idea that nations are always geographically bounded or spatially contiguous The work suggests that contrary to prevalent understandings of globalization global resource flows do not always primarily involve commodities Focusing on first generation Tongans in New Zealand and the relationships they forge across generations and throughout the diaspora the book examines how these communities centralize the diaspora by innovating and adapting traditional cultural forms in unprecedented ways

Zora Arelo Sederberg,2000-12 The central and precipitating event in this first rate historical novel by the author of *The Kingmakers* is the genocide of the Armenians carried out by the Turks in 1915 As a girl of 12 Zora Kazorian witnesses her mother s murder and the slaughter of her neighbors at the hands of the Turkish butcher Kemal Gokalp aka the Gray Wolf After a long struggle she escapes to America with her 10 year old brother Arra Years of a different kind of struggle ensue and in the end the Kazorians achieve brilliant success in their new country she as an opera diva and he as a businessman But success is not enough Zora burns with a need to right the old wrong or at least gain an admission that it occurred most people quickly forgot about the massacre a fact that was

not lost on Hitler So 40 years later Zora arranges an accounting with the perpetrators Richly and authentically detailed with characters of dimension and substance this novel convincingly illuminates a tragic era In addition to his vivid characterizations Sederberg s ability to integrate long stretches of time and wide sweeps of geography and circumstance is impressive *Parodies of the Works of English & American Authors* Walter Hamilton,1967 **Making Ends Meet** Melanie Tebbutt,2025-07-01 Originally published in 1983 this book filled a gap in the existing literature because the effect of credit upon a family s real income was frequently omitted in studies of living standards The book highlights daily routines and relationships which would otherwise remain hidden using interviews with pawnbrokers credit personnel and their customers in the Manchester and Salford areas of the UK These supplement unusual documentary sources such as pledge records from the inter war years which suggest how sensitive a barometer the trade was of working class poverty or prosperity The pawnshop epitomized the economic dependence of women whose critical role in domestic management and credit organization is a key theme Yet indebtedness became the fulfilment of a damning sexual stereotype Insecurity of income and the physical conditions of life combined to produce a distinct set of values of which pawning was a central part At a time when the cost of living crisis is affecting the global population and pawnbroking in the UK is on the increase this book has an enduring relevance **The Pawnbroker's Niece** June Francis,2015-12-21 When Eve Taylor leaves Liverpool for a new life in Cardiff her teenage daughter Rita has little choice but to go and live with the aunt she never knew she had Margaret Sinclair the local pawnbroker grudgingly agrees to look after her wayward niece Despite an initial battle of wills the two soon become firm friends especially when Rita re introduces Margaret to her long lost childhood sweetheart William Brodie As the Great Depression hits the Brodie family find themselves facing financial ruin can Rita persuade her aunt to help or will her feelings for William get in the way of a deal As Rita s relationship with the Brodie family flourishes and secrets from Margaret s past emerge both women must make a dramatic change of heart if they are to avoid making the same mistakes all over again [Something Fishy Aboard the Red Herring](#) Max Farrell-Whelan,2013-02 This is a whodunit with a difference This is not a regular storybook It s a police file A murder has been committed and YOU are the detective assigned to the case It s up to you with your unequalled detective skills to get to the bottom of this heinous crime The case centres on a group of five friends who set out from Palm Beach Florida for an overnight cruise to the Bahamas The police investigation begins when one of the crew is discovered to have gone missing during the night The four remaining crew members become suspects in a murder case There s *Something Fishy Aboard the Red Herring* Within is a collection of assorted forensic documents including interviews with suspects CSI reports hard evidence letters photos and police records You are faced with the challenge of bringing the killer to justice To do so you will need to read through the police files possibly more than once to deduce which of the suspects is the guilty party In the last section there is a transcript of the murderer s full confession which you should only read after you have reached your conclusion The evidence is all there Can YOU Catch the Killer Max

Kurin aided by a team of top Smithsonian curators and scholars has assembled a literary exhibition of 101 objects from across the Smithsonian's museums that together offer a marvelous new perspective on the history of the United States. Ranging from the earliest years of the pre-Columbian continent to the digital age and from the American Revolution to Vietnam, each entry pairs the fascinating history surrounding each object with the story of its creation or discovery and the place it has come to occupy in our national memory. Kurin sheds remarkable new light on objects we think we know well from Lincoln's hat to Dorothy's ruby slippers and Julia Child's kitchen, including the often astonishing tales of how each made its way into the collections of the Smithsonian. Other objects will be eye-opening new discoveries for many but no less evocative of the most poignant and important moments of the American experience. Some objects such as Harriet Tubman's hymnal, Sitting Bull's ledger, Cesar Chavez's union jacket and the Enola Gay bomber tell difficult stories from the nation's history and inspire controversies when exhibited at the Smithsonian. Others from George Washington's sword to the space shuttle Discovery celebrate the richness and vitality of the American spirit. In Kurin's hands, each object comes to vivid life, providing a tactile connection to American history. Beautifully designed and illustrated with color photographs throughout, *The Smithsonian's History of America in 101 Objects* is a rich and fascinating journey through America's collective memory and a beautiful object in its own right.
