**Policymaking in Developing Countries** William Ascher,Robert G. Healy,1990 Drawing on case studies developed over a two year period 1987 1989 by Fellows in the Program in International Development Policy at Duke University including experienced representatives from developing countries the World Bank and scholars the authors integrate the growing interest in environmental protection and resource conservation into the existing body of knowledge about the political economy of developing countries This book is about the links that tie resource use environmental quality and economic development and the way in which those links are affected by the distribution of income and resource ownership The links may be relatively simple as in the case of peasant farmers too poor to conserve resources for the future and with nothing to gain from sound environmental practices Or they may be very complex as the authors find when they demonstrate how achievement of higher incomes by the rich can increase environmentally destructive behavior by the poor Many of the links in some way involve rural land use whether for agriculture or forestry Natural Resource Policymaking in Developing Countries argues that the policies that matter are not merely those dealing with resources and the environment but a much broader set that includes income distribution and asset ownership     **Geoenvironment, An Introduction** U.

Aswathanarayana,2018-12-19 The focus of this book is on the management of the geoenvironment It seeks to explain how through an understanding of the environmental processes that take place in rocks soils waters sediments air and so on the resources contained in them could be managed sustainably Topics covered in the book include Ecologically sustainable industrial development dynamics of the geoenvironment the impact of mining on rocks soils water and biota the natural radiation environment the use of geotechnology to mitigate the consequences of natural disasters and the disposal of various kinds of waste particularly hazardous waste The models proposed by the World Bank on how to make environmental amelioration economically viable are also looked at     **Structural Adjustment** Ed Brown,Bob Milward,Giles Mohan,Alfred

B. Zack-Williams,2013-04-15 Structural Adjustment Theory Practice and Impacts examines the problems associated with Structural Adjustment Programmes SAPs and reveals the damaging impacts they can have The book looks at how the debt

crisis of the 1970 s forced developing countries to seek external help and then reviews what constitutes as a standard adjustment programme detailing the political economic social and environmental impacts of SAPs The final section draws together theories and political responses and presents a case for alternatives to the programmes
