Horner,2007 Future Israel Why Christian Anti Judaism Must Be Challenged is volume three in the NEW AMERICAN COMMENTARY STUDIES IN BIBLE THEOLOGY NACSBT series for pastors advanced Bible students and other deeply committed laypersons Author Barry E Horner writes to persuade readers concerning the divine validity of the Jew today based on Romans 11 28 as well as the nation of Israel and the land of Palestine in the midst of this much debated issue within Christendom at various levels He examines the Bible s consistent pro Judaic direction namely a Judeo centric eschatology that is a unifying feature throughout Scripture Not sensationalist like many other writings on this constantly debated topic Future Israel is instead notably exegetical and theological in its argumentation Users will find this an excellent extension of the long respected NEW AMERICAN COMMENTARY **The Founding of Israel** Martin Connolly,2019-02-20 A

chronological history of the Jewish people from the earliest attempts to establish a homeland during Biblical times to the creation of Israel More than seventy years ago in 1948 the State of Israel came into being amidst great controversy How did the state arise What led to the founding of Israel This book sets out to give a chronological journey of the Jewish people from the time Abraham came out of the land of Ur three thousand years ago until six million of them died in the horror of the Holocaust under Hitler and his Nazi regime It recounts the many expulsions from the land in which they lived the suffering under Babylonians Greeks Persians the destruction of their temple in Jerusalem in 70 AD and finally genocide and the expulsion by the Romans in 132 AD creating a diaspora across the world The Jews would be charged with killing God and throughout the following centuries would be expelled from countries burned alive after being locked in synagogues or at the stake have all their property seized and get herded into ghettos All of this until that fatal Holocaust which attempted to wipe them from the face of the earth This book recounts their story to achieve a homeland using a wide range of historical documents to tell the story of humiliation suffering poverty and death It tells of religious persecution that would not let them rest and as their journey enters the twentieth century gives a behind the scenes look at how governments manipulated the Middle East and exacerbated divisions

Strangers at Home Lynn M. Gunzberg,2023-12-22 Using popular literature as a window on Italian society and its values Lynn Gunzberg explores the representation of Jews in novels and poetry written by non Jews from the beginning of the Risorgimento in the early 1800s to the enactment of the Fascist racial laws in 1938 She shows how the literature of that period contradicts the popular belief that anti-Semitism simply did not exist in Italy until late in the Fascist period Using popular literature as a window on Italian society and its values Lynn Gunzberg explores the representation of Jews in novels and poetry written by non Jews from the beginning of the Risorgimento in the early 1800s to the enactment of the Fascist ra

The Omega David Henderson, 2023-05-15 This book was written foremost because I love studying prophecies of the Bible Bible prophecy feels to me like putting a large puzzle together This book is a study of the book of Revelation but it is more than that There are over three hundred verses in the Old Testament about Christ's first coming and over five hundred verses about his second coming There are also many verses in the New Testament about Christ's second coming outside of the book of Revelation Understanding what will happen in the end times means studying all of the passages about future events Along with taking a look at the verses about the end times throughout the Bible I will also discuss various ways people interpret future prophecies This book is titled The Omega because it takes a look at what the end looks like as described by the God who will end it all

, 1968 **The Papacy, the Jews, and the Holocaust** Frank J. Coppa, 2006 The Papacy has long played a crucial role in western civilization To many its history and theology have seemed steeped in hostility toward the Jews In the post World War II era the initial focus was on Pope Pius XII's stance during the Holocaust it soon expanded however to the broader question of the papacy and the Jews The present work transcends the thicket of controversy and provides a historical account of the relationship between the papacy and the Jews in the modern age and the interaction between clerical anti Judaism and secular anti-Semitism In light of the polemical debate this subject has aroused during the past half century this is no small task In this work acclaimed author and historian Frank J Coppa once again proves a capable guide to exploring the issue
