Bookpeople Sharron L. McElmeel,1990 **Animal World Adventure** Sabrine Arafa,2024-12-06 Hold on tight An amazing adventure awaits It all begins with two best friends Hazel and Violet For Violet s birthday she wishes to visit the forest somewhere she hasn t been in ages Little do they know an entirely new world is waiting to be discovered Warned by the animals that an evil force is trying to stop them they suddenly find themselves teleported to a strange world under a black sky Determined to save it they embark on a daring quest But the big question remains Can they succeed **The Political Economy of Narcotics** Julia Buxton,2013-07-04 This book explores the origins history and organisation of the international system of narcotic drug control with a specific focus on heroin cannabis and cocaine It argues that the century

long quest to eliminate the production trade in and use of narcotic drugs has been a profound failure The statistics produced by the international and domestic narcotic drug control agencies point to a sustained expansion of the drug trade despite the imposition of harsh criminal sanctions against those engaged as producers traffickers or consumers in the narcotic drugs market The roots of this major international policy failure are traced back to the outdated ideology of prohibition which is shown to be counterproductive utopian and a fundamentally inadequate basis for narcotic drug policy in the twenty first century Prohibition championed by many US policy makers has left the international community poorly positioned to confront those changes to the drug trade and drug markets that have resulted from globalisation Moreover prohibition based approaches are causing more harm than good as is demonstrated through reference to issues such as HIV AIDS the environment conflict development and social justice As the drug control system approaches its centenary there are signs that the global consensus on narcotic drug prohibition is fracturing Some European and South American states are pushing for a new approach based on regulation decriminalisation and harm reduction But those seeking to revise prohibition strategies faces entrenched resistance primarily by the U S This important text argues that successive American governments have pursued a contradictory approach acting decisively against the narcotic drug trade at home and abroad while at the same time working with drug traffickers and producer states when it is in America s strategic interest As a result US policy approaches emerge as a decisive factor in accounting for the failure of prohibition **American Bookseller** ,1986 *Tibet* Michel Peissel,2002 A passionate homage to Tibet in words and pictures by one of the last great explorers who brings the geographical spiritual and intellectual heart of the country to life 250 photos *Playing with ...
