Sonia Robles

Popular Movements State Formation In Revolutionary Mexico:

Popular Movements and State Formation in Revolutionary Mexico Jennie Purnell, 1999 Purnell reconsiders peasant partisanship in the cristiada of 1926-29 one episode in the broader Mexican Revolution

Movements After Revolution Miles V. Rodríguez, 2022 Movements After Revolution is a history of the people's movements in the aftermath of the Mexican Revolution of 1910-20 that brought together industrial workers and rural communities to fight for a vast array of demands and diverse forms of justice

Mexico's Once and Future Revolution Gilbert M. Joseph, Jürgen Buchenau, 2013-09-04 In this concise historical analysis of the Mexican Revolution Gilbert M. Joseph and Jürgen Buchenau explore the revolution's causes, dynamics, consequences, and legacies. They do so from varied perspectives including those of campesinos and workers, politicians, artists, intellectuals, and students, women and men, the well-heeled, the dispossessed, and the multitude in the middle. In the process, they engage major questions about the revolution: How did the revolutionary process and its aftermath modernize the nation's economy and political system and transform the lives of ordinary Mexicans? Rather than conceiving the revolution as either the culminating popular struggle of Mexico's history or the triumph of a new, not so revolutionary state over the people, Joseph and Buchenau examine the textured process through which state and society shaped each other. The result is a lively history of Mexico's long twentieth century, from Porfirio Díaz's modernizing dictatorship to the neoliberalism of the present day.

Revolutionary Women in Postrevolutionary Mexico Jocelyn H. Olcott, 2006-01-17 A history of women's political organizing and state formation in Mexico before and during the populist regime of Cárdenas, challenging assumptions that all Mexican women were conservative and anti-revolutionary.

Faith and Impiety in Revolutionary Mexico M. Butler, 2015-12-11 While Mexico's spiritual history after the 1910 Revolution is often essentialized as a church-state power struggle, this book reveals the complexity of interactions between revolution and religion. Looking at anticlericalism, indigenous cults, and Catholic pilgrimage, these authors reveal that the Revolution was a period of genuine religious change as well as social upheaval.

The Oxford Handbook of Latin American Christianity David Thomas Oríque, Susan Fitzpatrick-Behrens, Virginia Garrard, 2020-03-23 By 2025, Latin America's population of observant Christians will be the largest in the world. Nonetheless, studies examining the exponential growth of global Christianity tend to overlook this region, focusing instead on Africa and Asia. Research on Christianity in Latin America provides a core point of departure for understanding the growth and development of Christianity in the Global South. In *The Oxford Handbook of Latin American Christianity*, an interdisciplinary contingent of scholars examines Latin American Christianity in all of its manifestations, from the colonial to the contemporary period. The essays here provide an accessible background to understanding Christianity in Latin America. Spanning the era from indigenous and African descendant people's conversion to and transformation of Catholicism during the colonial period through the advent of Liberation Theology in the 1960s and conversion to Pentecostalism and Charismatic Catholicism, *The Oxford Handbook of Latin American Christianity* is the most complete

introduction to the history and trajectory of this important area of modern Christianity

The Global Perspective of Urban Labor in Mexico City, 1910-1929 Stephan Fender, 2019-11-28 The Global Perspective of Urban Labor in Mexico City 1910 1929 examines the global entanglement of the Mexican labor movement during the Mexican Revolution It describes how global influences made their entry into labor culture through the cinema the theater and labor festivals as well as into the development of consumption patterns and advertisement It further shows how the young labor movement constituted its discourse and invented its tradition at meetings and in the columns of newspapers The local conditions constitute the framework for the examination of Mexican labor s perspectives on and engagement with contemporary events of global significance Thereby this book demonstrates how workers turned to the global context in search of guidance and role models embracing global developments and narratives It also reveals the differentiations from this context in order to create a unique local identity This approach allows new perspectives on the role of a neglected revolutionary actor and on the influence of global developments in a revolution that has been predominantly interpreted from a national point of view It shows the way global ideas were brought to life in the framework of revolutionary Mexico City providing new insights into the grand narratives of Globalization and Revolution

Mexican Exodus Julia Grace Darling Young, 2015 The book investigates the formation of the Cristero diaspora a network of Mexican emigrants exiles and refugees across the United States who supported a Mexican Catholic uprising during the late 1920s These emigrants had a profound and enduring impact on Mexican American community formation political affiliations and religious devotion

Religious Culture in Modern Mexico Martin Austin Nesvig, 2007-02-01 This nuanced book considers the role of religion and religiosity in modern Mexico breaking new ground with an emphasis on popular religion and its relationship to politics The contributors highlight the multifaceted role of religion illuminating the ways that religion and religious devotion have persisted and changed since Mexican independence They explore such themes as the relationship between church and state the resurgence of religiosity and religious societies in the post reform period the religious values of the liberals of the 1850s and the ways that popular expressions of religion often trumped formal and universal proscriptions Focusing on individual stories and vignettes and on local elements of religion the contributors show that despite efforts to secularize society religion continues to be a strong component of Mexican culture Portraying the complexity of religiosity in Mexico in the context of an increasingly secular state this book will be invaluable for all those interested in Latin American history and religion Contributions by Silvia Marina Arrom Adrian Bantjes Alejandro Cort zar Jason Dormady Martin Austin Nesvig Matthew D O Hara Daniela Traffano Paul J Vanderwood Mark Overmyer Vel zquez Pamela Voekel and Edward Wright Rios

Mexican Waves Sonia Robles, 2019-10-08 Mexican Waves is the fascinating history of how borderlands radio stations shaped the identity of an entire region as they addressed the needs of the local population and fluidly reached across borders to the United States In so doing radio stations created a new market of borderlands consumers and worked both within and outside the constraints

of Mexican and U S laws Historian Sonia Robles examines the transnational business practices of Mexican radio entrepreneurs between the Golden Age of radio and the early years of television history Intersecting Mexican history and diaspora studies with communications studies this book explains how Mexican radio entrepreneurs targeted the Mexican population in the United States decades before U S advertising agencies realized the value of the Spanish language market Robles s robust transnational research weaves together histories of technology performance entrepreneurship and business into a single story Examining the programming of northern Mexican commercial radio stations the book shows how radio stations from Tijuana to Matamoros courted Spanish language listeners in the U S Southwest and local Mexican audiences between 1930 and 1950 Robles deftly demonstrates Mexico s role in creating the borderlands adding texture and depth to the story Scholars and students of radio Spanish language media in the United States communication studies Mexican history and border studies will see how Mexican radio shaped the region s development and how transnational listening communities used broadcast media s unique programming to carve out a place for themselves as consumers and citizens of Mexico and the United States

The Roots of Conservatism in Mexico Benjamin T. Smith, 2012-11-15 The Roots of Conservatism is the first attempt to ask why over the past two centuries so many Mexican peasants have opted to ally with conservative groups rather than their radical counterparts Blending socioeconomic history cultural analysis and political narrative Smith s study begins with the late Bourbon period and moves through the early republic the mid nineteenth century Reforma the Porfiriato and the Revolution when the Mixtecs rejected Zapatista offers of land distribution ending with the armed religious uprising known as the last Cristiada a desperate Cold War bid to rid the region of impious communist governance In recounting this long tradition of regional conservatism Smith emphasizes the influence of religious belief church ritual and lay clerical relations both on social relations and on political affiliation He posits that many Mexican peasants embraced provincial conservatism a variant of elite or metropolitan conservatism which not only comprised ideas on property hierarchy and the state but also the overwhelming import of the church to maintaining this system

Race and Nation in Modern Latin America Nancy P. Appelbaum, Anne S. Macpherson, Karin Alejandra Roseblatt, 2003-11-20 This collection brings together innovative historical work on race and national identity in Latin America and the Caribbean and places this scholarship in the context of interdisciplinary and transnational discussions regarding race and nation in the Americas Moving beyond debates about whether ideologies of racial democracy have actually served to obscure discrimination the book shows how notions of race and nationhood have varied over time across Latin America s political landscapes Framing the themes and questions explored in the volume the editors introduction also provides an overview of the current state of the interdisciplinary literature on race and nation state formation Essays on the postindependence period in Belize Brazil Colombia Cuba Mexico Panama and Peru consider how popular and elite racial constructs have developed in relation to one another and to processes of nation building Contributors also examine how ideas regarding racial and national identities have been

gendered and ask how racialized constructions of nationhood have shaped and limited the citizenship rights of subordinated groups The contributors are Sueann Caulfield Sarah C Chambers Lillian Guerra Anne S Macpherson Aims McGuinness Gerardo Renique James Sanders Alexandra Minna Stern and Barbara Weinstein

The Vatican and Catholic Activism in Mexico and Chile Stephen J. C. Andes, 2014 A religious and political history of transnational Catholic activism in Latin America during the 1920s and 1930s

Bandits and Liberals, Rebels and Saints Alan Knight, 2022-05 In seven substantial essays previously unpublished Alan Knight offers a distinct perspective on several overarching themes in Latin American history spanning approximately two centuries from 1800 to 2000

Indigenous Cosmopolitans Maximilian Christian Forte, 2010 Timely and original this volume looks at indigenous peoples from the perspective of cosmopolitan theory and at cosmopolitanism from the perspective of the indigenous world In doing so it not only sheds new light on both but also has something important to say about the complexities of identification in this shrinking overheated world Analysing ethnography from around the world the authors demonstrate the universality of the local indigeneity and the particularity of the universal cosmopolitanism Anthropology doesn't get much better than this Thomas Hylland Eriksen Professor of Anthropology University of Oslo Author of *Globalisation* Book Jacket

A Companion to Mexican History and Culture William H. Beezley, 2011-03-16 A Companion to Mexican History and Culture features 40 essays contributed by international scholars that incorporate ethnic gender environmental and cultural studies to reveal a richer portrait of the Mexican experience from the earliest peoples to the present Features the latest scholarship on Mexican history and culture by an array of international scholars Essays are separated into sections on the four major chronological eras Discusses recent historical interpretations with critical historiographical sources and is enriched by cultural analysis ethnic and gender studies and visual evidence The first volume to incorporate a discussion of popular music in political analysis This book is the recipient of the 2013 Michael C Meyer Special Recognition Award from the Rocky Mountain Conference on Latin American Studies

Mexico's Spiritual Reconquest Matthew Butler, 2024-12-01 Mexico's Spiritual Reconquest brings to life a classically misunderstood p carol liberal soldier turned Catholic priest and revolutionary antipope Patriarch Joaquín Pérez Historian Matthew Butler weaves Pérez's controversial life story into a larger narrative about the relationship between religion the state and indigeneity in twentieth century Mexico Mexico's Spiritual Reconquest is at once the history of an indigenous reformation and a deeply researched beautifully written exploration of what can happen when revolutions try to assimilate powerful religious institutions and groups The book challenges historians to reshape baseline assumptions about modern Mexico in order to see a revolutionary state that was deeply vested in religion and a Cristero War that was in reality a culture clash between Catholics

Popular Piety and Political Identity in Mexico's Cristero Rebellion Matthew Butler, 2004-06-17 Dr Butler provides a new interpretation of the cristero war 1926-29 which divided Mexico's peasantry into rival camps loyal to the Catholic Church cristero or the Revolution agrarista This book puts religion at the heart of our understanding of the revolt by

showing how peasant allegiances often resulted from genuinely popular cultural and religious antagonisms It challenges the assumption that Mexican peasants in the 1920s shared religious outlooks and that their behaviour was mainly driven by political and material factors Focusing on the state of Michoacán in western central Mexico the volume seeks to integrate both cultural and structural lines of inquiry First charting the uneven character of Michoacán's historical formation in the late colonial period and the nineteenth century Dr Butler shows how the emergence of distinct agrarian regimes and political cultures was later associated with varying popular responses to post revolutionary state formation in the areas of educational and agrarian reform At the same time it is argued that these structural trends were accompanied by increasingly clear divergences in popular religious cultures including lay attitudes to the clergy patterns of religious devotion and deviancy levels of sacramental participation and commitment to militant social Catholicism As peasants in different communities developed distinct parish identities so the institutional conflict between Church and state acquired diverse meanings and provoked violently contradictory popular responses Thus the fires of revolt burned all the more fiercely because they inflamed a countryside which then as now was deeply divided in matters of faith as well as politics Based on oral testimonies and careful searches of dozens of ecclesiastical and state archives this study makes an important contribution to the religious history of the Mexican Revolution

True Stories of Crime in Modern Mexico Robert Buffington, Pablo

Piccato, 2009-01-16 This edited volume focuses on Mexico's social and cultural history through the lens of celebrated cases of social deviance from the late nineteenth and early twentieth centuries

Latin America since Independence Alexander

Dawson, 2014-09-22 What is Latin America after all While histories of the other Americas often link disparate histories through revolutionary or tragic narratives Latin America since Independence begins with the assumption that our efforts to imagine a common past for nearly thirty countries are deeply problematic Without losing sight of chronology or regional trends this text offers glimpses of the Latin American past through carefully selected stories Each chapter introduces students to a specific historical issue which in turn raises questions about the history of the Americas as a whole Key themes include Race and Citizenship Inequality and Economic Development Politics and Rights Social and Cultural Movements Globalization Violence and Civil Society The short thematic chapters are bolstered by the inclusion of relevant primary documents many translated for the first time including advertisements and posters song lyrics political speeches government documents and more Each chapter also includes timelines highlighting important dates and suggestions for further reading Richly informative and highly readable Latin America since Independence provides compelling accounts of this region's past and present This second edition brings the story up to the present with revised chapters new primary documents and images and a new At A Glance feature that uses a selection of maps and tables to illuminate key issues like the economy the environment and demographics For additional information and classroom resources please visit the Latin America since Independence companion website at www.routledge.com/cw/dawson

Getting the books **Popular Movements State Formation In Revolutionary Mexico** now is not type of challenging means. While this might not be the Popular Movements State Formation In Revolutionary Mexico full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Popular Movements State Formation In Revolutionary Mexico eBooks, including some popular titles.

FAQs About Popular Movements State Formation In Revolutionary Mexico Books

What is a Popular Movements State Formation In Revolutionary Mexico PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Popular Movements State Formation In Revolutionary Mexico PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Popular Movements State Formation In Revolutionary Mexico PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Popular Movements State Formation In Revolutionary Mexico PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Popular Movements State Formation In Revolutionary Mexico PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions

when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
