Classic American Popular Song David Jenness, Donald Velsey, 2014-02-04 Classic American Popular Song The Second Half Century 1950 2000 addresses the question What happened to American popular song after 1950 There are numerous books available on the so called Golden Age of popular song but none that follow the development of popular song styles in the second half of the 20th century While 1950 is seen as the end of an era the tap of popular song creation hardly ran dry after that date Many of the classic songwriters continued to work through the following decades Porter was active until 1958 Rodgers until the later 1970s Arlen until 1976 Some of the greatest lyricists of the classic era continued to do outstanding and successful work Johnny Mercer and Dorothy Fields for example continued to produce lyrics through the early 70s These works could be explained as simply the Golden Age s last stand a refusal of major figures to give in to a new reality But then how can we explain the outstanding careers of Frank Loesser Cy Coleman Jerry Herman Jerry Bock and Sheldon Harnick Fred Kander and John Ebb Jule Styne Alan Jay Lerner and Frederick Loewe and several other major figures Where did Stephen Sondheim come from For anyone interested in the development of American popular song and its survival this book will make fascinating reading

Opera Parody Songs of Blackface Minstrels (1844-1860) Renee Lapp Norris, During the American antebellum period minstrelsy was a ubiquitous form of theatrical entertainment Typically performed by white men in blackface makeup minstrelsy was based in oppressive misrepresentation of people of color and it created enduring stereotypes Beginning in the mid 1840s minstrels burlesqued various types of popular non blackface entertainments including Shakespeare s plays touring European concert musicians and opera which often was performed in the United States in English language adaptations Minstrels burlesques were advertised on playbills and mentioned in the press but there are few sources for their actual music and lyrics The thirty eight pieces of this edition survive as complete discrete songs published as musical sources Minstrels opera parody songs typically recast operatic characters as slaves who are happy childishly reliant on their paternalistic masters and primitively agrarian Such portrayals supported the so called happy darkey caricature that was central to mid century political ideology Minstrels used this imagery to parody up and down social hierarchies exploiting people of color and debasing opera s ostensibly elevated aesthetics Alongside minstrelsy s racial politics the parodies demonstrate creative musical adaptation Each of the thirty eight songs parodies opera differently

suggesting minstrels inventiveness The songs are rare and specific examples of the widespread practice of inter genre borrowing and musical arrangement that was fundamental to minstrelsy Content Warning The scores in this edition are intended for research rather than performance Performance of these scores is discouraged The original song titles and lyrics in this edition are evidence of and tools for racial oppression and are maintained here to present an accurate and reliable account of minstrelsy
