community prospects and tactics *Translation, Pornography, Performativity* Douglas Robinson, Xiaorui Sun, 2025-04-11 Robinson and Sun's book goes in search of the neglected metaphors of translation in pornography using poststructuralist rethinkings and reframings of porn and masturbation from Jacques Derrida to Judith Butler In his 1684 *Essay on Translated Verse* the Earl of Roscommon attacked want of decency in translation metaphorically by comparing it to picking up prostitutes in the park raking the park for stews instead of hanging out with troops of faultless nymphs Sex work and the graphic representation of sex work that Nathaniel Butler was the first to call pornography in print in 1638 is used as a metaphor for non normative translation which in Robinson and Sun's hands becomes experimental translation En route to that goal the authors take us through Butler on performativity and resistance Derrida on supplementarity and iterability and Haun Saussy's innovative application of Derridean citationality to the use of a target cultural sponsor or bondsman for translation They take detours through Charles Baudelaire's *Une charogne* and J G Ballard's *The Drowned Giant* They deal with the performativity of pornography and translatability in Part I the unnatural iterability of masturbation and translation in Part II and experimental translation in Part III The theory littered path this book takes through the metaphors of translation will be of interest to scholars and students of translation studies especially experimental translation and translation theory but also media scholars interested in the philosophical complexities of performativity *Disgust in Early Modern English Literature* Natalie K. Monster Robin Morgan, 2014-11-11 The debut poetry collection from one of feminism's most passionate voices with a new preface by the author Well before Robin Morgan was known as a feminist leader literary magazines published her as a

serious poet and in 1979 she received a National Endowment for the Arts Creative Writing Fellowship in poetry. *Monster*, her first collection originally published in 1972, contains work that will astonish, disorient, and move readers in powerful ways. But *Monster* is more than just a book; it has become a phenomenon. Written at a time of political turmoil during the birth of contemporary feminism, the title poem was adopted by women as the anthem of the women's movement; it was chanted at demonstrations, and some of its lines became slogans. Arraignment stirred an international controversy over Ted Hughes's influence on Sylvia Plath's suicide, complete with lawsuits, the banning of this book, and the publication of underground, pirated feminist editions, all of which Morgan reveals in her new preface. From her well-wrought poems in classical forms to the searing energy and poignant lyricism of the longer, later ones, Morgan's work, when it was first released, spoke to women hungry for validation of their own reality, and the book sold thirty thousand copies in hardcover alone in its first six months, which was unheard of for poetry. Available now for the first time in years, *Monster* is an intense, propulsive journey deep into the heart of one of feminism's greatest heroes.

Pornography and Silence Susan Griffin, 2015-07-28 A masterwork of feminist ideology brilliantly exposing pornography as the antithesis of free expression and the enemy of liberty. In this powerful and devastating critique, poet, philosopher, and feminist Susan Griffin exposes the inherent psychological horrors of pornography. Griffin argues that rather than encouraging expression, pornographic images and the philosophies that support them actually stifle freedoms through the dehumanization, subjugation, and degradation of female subjects. The pornographic mindset, Griffin contends, is akin to racism in that it causes dangerous schisms in society and promotes sexual regression, fear, and hatred. This violent rift in Western culture is explored by examining the lives of six notable individuals across two centuries: Franz Marc, the Marquis de Sade, Kate Chopin, Lawrence Sanders, Anne Frank, and Marilyn Monroe. The result is an extraordinary new approach to evaluating sexual health and the parameters of erotic imagination. Griffin reveals pornography as not a love of the life of the body but a fear of bodily knowledge and a desire to silence Eros.

English Poetry of the Eighteenth Century, 1700-1789 David Fairer, 2014-10-13 In recent years, the canon of eighteenth-century poetry has greatly expanded to include women poets, labouring-class, and provincial poets, and many previously unheard voices. Fairer's book takes up the challenge this ought to pose to our traditional understanding of the subject. This book seeks to question some of the structures, categories, and labels that have given the age its reassuring shape in literary history. In doing so, Fairer offers a fresh and detailed look at a wide range of material.
