Sex and the Devil's Wager Lee Huxley,2009-11-25 Anti erotic elements in feminism have joined forces with Islam and Christianity to condemn prostitution the male gaze and the natural love men have for the feminine body as a symbol of universal beauty The author whose religion is based in Tantra regards these attitudes both wrong and offensive to pagans Lee Huxley claims to be a knower an enlightened one who sees with the third eye and whose wisdom and lateral thinking demonstrate his special insights in this book Lee knows the truth the unthinkable that Jesus Christ the hellfire and damnation preacher is not the Son of God but the Son of Evil If Christ is the Son of Evil then Lee argues from this basis that Judaism Christianity and Islam are blasphemies This book asks how Western civilization could be founded on lies delusions and blasphemies that even today are still taken seriously This book is the result of a lifetime of research which has culminated in the formulation of the Devils Wager The Devils Wager challenges you the reader to name any moral idea from the worst evildoers of history that is as evil as the central teaching of the Bible and the Koran namely that God will resurrect the human race and torture most of them in hell for all eternity Fifty per cent of the damned will be women The male God of monotheism is a hellfire pyromaniac Jesus Christ and Allah are arsonists who burn women alive This is the feminist issue of our times Lee uses the writings of theologian and lapsed Catholic Mary Daly one of the greatest feminist thinkers to explain their common conviction that feminism must now assume the role of the Antichrist and bring an end to monotheism

The Whore's Story Bradford K. Mudge,2000-06-08 This fresh and persuasively argued book examines the origins of pornography in Britain and presents a comprehensive overview of women s role in the evolution of obscene fiction Carefully monitoring the complex interconnections between three related debates that over the masquerade that over the novel and that over prostitution Mudge contextualizes the growing literary need to separate good fiction from bad and argues that that process was of crucial importance to the emergence of a new middle class state Looking closely at sermons medical manuals periodical essays and political tracts as well as poetry novels and literary criticism The Whore s Story tracks the shifting politics of pleasure in eighteenth century Britain and charts the rise of modern pornographic sensibilities

Violence against Women in Pornography Walter DeKeseredy,Marilyn Corsianos,2015-11-19 Violence against Women in Pornography illuminates the ways in which adult pornography hurts many women both on and off screen A growing body of

social scientific knowledge shows that it is strongly associated with various types of violence against women in intimate relationships. Many women who try to leave abusive and/or patriarchal men also report that pornography plays a role in the abuse inflicted on them by their ex-partners. On top of these harms, male pornography consumption is strongly correlated with attitudes supporting violence against women. Many researchers, practitioners, and policy makers believe that adult pornography is a major problem and offer substantial evidence supporting this claim.

Violence against Women in Pornography unlike books written mainly for scholarly and general audiences specifically targets students enrolled in undergraduate criminology, deviance, women's studies, masculinities studies, human sexuality, and media studies courses. Thoughtful discussion questions are placed at the end of each chapter, and appropriate PowerPoint slides and suggestions for classroom exercises will be available to aid student understanding. The main objective of this book is to motivate readers to think critically about adult pornography and to take progressive steps individually and collectively to curb the production and consumption of hurtful sexual media, including that from the dark side of the Internet.

Fenwick on Civil Liberties & Human Rights Helen Fenwick, Richard Edwards, 2016-11-25 More than merely describing the evolution of human rights and civil liberties law, this classic textbook provides students with detailed and thought-provoking coverage of the most crucial developments in the field, clearly explaining the law in context and practice. Updated throughout for this new edition, *Fenwick on Civil Liberties and Human Rights* considers a number of recent major changes in the law, in particular proposals to replace the Human Rights Act with a British Bill of Rights and the Counter Terrorism and Security Act 2015, whilst also contextualising the impact of reforms on hate speech and contempt due to advances in new media. Comprehensive and authoritative, this textbook offers an essential resource for students on human rights or civil liberties courses, as well as a useful reference for students and scholars of UK Public Law.

Radical Feminism Today Denise Thompson, 2001-06-01 *Radical Feminism Today* offers a timely and engaging account of exactly what feminism is and what it is not. Author Denise Thompson questions much of what has come to be taken for granted as feminism and points to the limitations of implicitly defining feminism in terms of women, gender, difference, or race, gender, class. She challenges some of the most widely accepted ideas about feminism and, in doing so, opens up a number of hitherto closed debates, allowing for the possibility of moving those debates further.

Feminist Thought Rosemarie Putnam Tong, 2013-07-09 A classic resource on feminist theory, *Feminist Thought* offers a clear, comprehensive, and incisive introduction to the major traditions of feminist theory, from liberal feminism, radical feminism, and Marxist and socialist feminism to care-focused feminism, psychoanalytic feminism, and ecofeminism. The fifth edition has been thoroughly revised and now includes a new chapter on Third Wave and Third Space Feminism. Also added to this edition are significantly expanded discussions on women of color, feminisms, psychoanalytic and care feminisms, as well as new examinations of queer theory, LGBTQ, and trans feminism. Learning tools like end-of-chapter discussion questions and the bibliography make *Feminist Thought* an essential resource for students and

thinkers who want to understand the theoretical origins and complexities of contemporary feminist debates

various shades of sexualisation harassment exploitation and commercialization Fada Iroegbu took up this challenge to minimize womanhood but unfortunately was unable to completely realise his dream before death struck As it is with many great and indefatigable minds or thinkers who left behind unfinished works we his friends family interlocutors well wishers men and women of good will have come together to actualize one of his felt knowledge dreams The fight for equality between women and men can sometimes not only be exaggerated but also plunged in controversy we cannot fathom The search for the truth about the relationship that ought to exist between male and female should constitute The Kpim of Feminism Dr George Uzoma Ukagba Editor University of Benin In light of the word feminism conjuring up different images to different people The Kpim of Feminism reflects the sensitivity and objectivity to the concept of feminism by scholars drawing from their fields and life experiences The book insists that women and men be encouraged to emancipate and empower one another together Dr Obioma Des Obi Editor Imo State University The Kpim of Feminism a rare harvest of academic erudition from across the globe showcases the different modalities from which issues theories and debates on feminism and other gender related polemics past present and future could be considered Dr Iks J Nwankwor Editor University of Uyo Without mincing words this book is a welcome intellectual assembly and has come out at the right time with deep critical insights and values for students researchers and public and policy issues in both local and global prospects Patrick Iroegbu Ph D The Kpim Book Project Series Coordinator Father Pantaleon Iroegbu Foundation Grant MacEwan University

Feminine, Feministic, Feminists, and Feminisms Bushra Naz, Sadia Irshad, Farzana

Masroor, Maria Farooq Maan, Stacy Blythe, Abida Sharif, 2025-08-20 This Research Topic aims at bringing together writings across various disciplines to deliberate on how women as a philosophical aesthetic and political category are represented negotiated and transformed in the world of today The representation of women as a philosophical aesthetic and political category has been shaped by cultural and societal norms as well as by historical and political factors While progress has been made in recent years towards greater equality and representation for women there is still much work to be done to fully recognize and celebrate the diversity and complexity of women's experiences and identities There have been continued debates around the notion of feminism becoming obsolete because perceptions exist that feminism has achieved all of its goals However while certain fights have been partially won such as the right to vote and equal access to education women continue to be adversely impacted by all sorts of violence and discrimination in all facets of life Both the United Nations UN and World Health Organization WHO have published various reports on injustice to women and the four key findings suggest

- 1 approximately 1 in 3 women worldwide according to WHO has experienced physical or psychological violence at some point in their lives UN reports that both women and girls face gender based violence in the form of domestic violence human trafficking and sexual harassment
- 2 Women face economic injustice as the UN reports that women are often less paid than men for the same work and are more likely to work in low paying jobs in poor working conditions
- 3 According to a report by the UN women worldwide have less than 25% of parliamentary seats and only 21 countries have women as heads of state
- 4 WHO reports that women face serious and significant health disparities especially in low income countries including maternal mortality cervical cancer and mental health
