Pornography Men Possessing Women:

Pornography Andrea Dworkin, 2025-02-25 Andrea Dworkin's 1981 critique of pornography is an important and urgent document about how the culture consumes and manipulates images of women. Essential and discomfiting reading in a social media era where women's bodies are being commodified and displayed more than ever. Andrea Dworkin's seminal 1981 work on the issue of pornography argues that the industry serves only to harm and oppress women. Her discussion of pornography as an outgrowth of the power that men exert over women, the power of owning, the power of money and the power of sex among others still blazes with its clarity and immediacy and illustrates how these inequities while displayed in raw form in pornography are endemic in all media. With a lively and deeply compelling voice, Andrea Dworkin succinctly outlines her anti-pornography stance. Though the media environment may have changed, this passionately and powerfully argued classic remains a relevant and crucial contribution to the area of feminist studies.

Modern Feminisms Maggie Humm, 1992 Contributors include Simone de Beauvoir, Catharine A. MacKinnon, Audre Lorde, Adrienne Rich, Betty Friedan, Gayle Rubin, Laura Mulvey, Elaine Showalter and Julia Kristeva.

Straight Sex Lynne Segal, 1994-01-01 An unflinching examination of feminist thinking on sexuality over the past twenty-five years and an exploration of sex in our culture tackles major questions head-on and considers whether women must choose between sexuality and selfhood.

In Harm's Way Catharine A. MacKinnon, Andrea Dworkin, 1997 This book contains the oral testimony of victims of pornography spoken on the record for the first time in history. Speaking at hearings on a groundbreaking anti-pornography civil rights law, women offer eloquent witness to the devastation pornography has caused in their lives. Supported by social science experts and authorities on rape, battery and prostitution, discounted and opposed by free speech advocates and absolutists, their riveting testimony articulates the centrality of pornography to sexual abuse and inequity today. At issue in these hearings is a law conceived and drafted by Andrea Dworkin and Catharine A. MacKinnon that defines harm done through pornography as a legal injury of sex discrimination warranting civil redress. From the first set of hearings in Minneapolis in 1983 through those before the Massachusetts state legislature in 1992, the witnesses heard here expose the commonplace reality of denigration and sexual subordination due to pornography and refute the widespread notion that pornography is harmless expression that must be protected by the state. Introduced with powerful essays by MacKinnon and Dworkin, these hearings unabridged and with each word scrupulously verified, constitute a unique record of a conflict over the meaning of democracy itself, a major civil rights struggle for our time and a fundamental crisis in United States constitutional law. Can we sacrifice the lives of women and children to a pornographer's right to free speech? Can we allow the First Amendment to shield sexual exploitation and predatory sexual violence? These pages contain all the arguments for protecting pornography and dramatically document its human cost.

Pornography Gail Dines, Bob Jensen, Ann Russo, 2013-10-31 First published in 1998, no other issue has divided the feminist movement in the past two decades quite like pornography. By providing the first book to engage in an

empirical investigation of the pornography industry itself the authors each grounded in the radical feminist anti pornography movement move beyond the rhetorical bomb tossing of an often polarized debate The authors engage in a systematic examination of the politics production content and consumption of contemporary mass market heterosexual pornography thereby contributing to a fuller understanding of pornography s role in the cultural construction of gender racial and sexual identities and relations They begin with an overview of the social and political history of the feminist anti pornography movement and the debate over pornography within feminism Then they address the various rhetorical dodges definitional legal and causal used to distort the fact that institutionalized pornography helps maintain the sexual and social oppression of women within a patriarchal system Exploring the beginnings of the commercial pornography industry the book focuses in part on the history of Playboy magazine It also analyzes the content of contemporary mass market videos Dines Jensen and Russo argue that the sexual ideology of patriarchy eroticizes domination and submission with pornography playing a significant role in how these values are mediated and normalized in American society They discuss the effects of pornography on the lives of those who use it and those against whom it is used In so doing the authors hope to contribute to creating a world in which sex is not a site of oppression but of liberation

Refusing to be a Man John Stoltenberg, 2005-07-28 Since its original publication in 1989 *Refusing to be a Man* has been acclaimed as a classic and widely cited in gender studies literature In 13 eloquent essays Stoltenberg articulates the first fully argued liberation theory for men that will also liberate women He argues that male sexual identity is entirely a political and ethical construction whose advantages grow out of injustice His thesis is however ultimately one of hope that precisely because masculinity is so constructed it is possible to

Why We Lost the Sex Wars Lorna N. Bracewell, 2021-03-23 Reexamining feminist sexual politics since the 1970s the rivalries and the remarkable alliances Since the historic MeToo movement materialized in 2017 innumerable survivors of sexual assault and misconduct have broken their silence and called out their abusers publicly from well known celebrities to politicians and high profile business leaders Not surprisingly conservatives quickly opposed this new movement but the fact that sex positive progressives joined in the opposition was unexpected and seldom discussed Why We Lost the Sex Wars explores how a narrow set of political prospects for resisting the use of sex as a tool of domination came to be embraced across this broad swath of the political spectrum in the contemporary United States To better understand today s multilayered sexual politics

Lorna N Bracewell offers a revisionist history of the sex wars of the 1970s 80s and 90s Rather than focusing on what divided antipornography and sex radical feminists Bracewell highlights significant points of contact and overlap between these rivals particularly the trenchant challenges they offered to the narrow and ambivalent sexual politics of postwar liberalism Bracewell leverages this recovered history to illuminate in fresh and provocative ways a range of current phenomena including recent controversies over trigger warnings the unimaginative politics of sex positive feminism and the rise of carceral feminism By foregrounding the role played by liberal concepts such as expressive freedom and the public private divide as well as the long neglected contributions of Black and Third World feminists Bracewell upends much of what we think we know about the sex wars and makes a strong case for the continued relevance of these debates today Why We Lost the Sex Wars provides a history of feminist thinking on topics such as pornography commercial sex work LGBTQ identities and BDSM as well as discussions of such notable figures as Patrick Califia Alan Dershowitz Andrea Dworkin Elena Kagan Audre Lorde Catharine MacKinnon Cherr e Moraga Robin Morgan Gayle Rubin Nadine Strossen Cass Sunstein and Alice Walker

Walking Shadows Ib Johansen,2015-08-25 Walking Shadows focuses on the American fantastic and the American grotesque attempting in this manner for the first time to establish an overview of and a theoretical approach to two literary modes that have often been regarded as essential to an understanding of the American cultural canon The central importance of these two literary forms has been pointed out earlier by important theorists such as Stanley Cavell David Reynolds and William Van O Connor A number of literary works from the beginning of the nineteenth to the end of the twentieth centuries are taken up in order to illustrate the inherent links or family resemblances between the two modes with special reference to the way in which a Bakhtinian reading may facilitate our appreciation of their status within the canon These excursions into the House of Fantastic and Grotesque Fiction may be of interest not only to hardcore aficionados but also to philosophically minded readers in general in particular perhaps to those who have paid acute attention to debates on late twentieth and early twenty first century post structuralism and deconstruction where the classic positions of Foucault Derrida et al still appear to be relevant
