## **Porsches At Le Mans:**

*Porsche at Le Mans* Glen Smale, 2011-06-15 Le Mans in 2011 marks the 60th anniversary of Porsche's participation in the Le Mans 24 Hours. This anniversary is an ideal opportunity to provide a detailed study packed with photos, narrative and data of Porsche's part in the world's greatest motor race. Porsche's first visit to Le Mans was with a singleton entry of a streamlined 356 model complete with aerodynamic fairings over the wheels. True to the reputation Porsche has established over its long association with the famous endurance race, this 356 ran like clockwork to 20th place, beating the coveted record for the shortest time spent in the pits. Since then, there have been Porsches entered for every single running of the 24 hours, and the models that have taken part add up to a roll call of great sports racing cars: 550 Spyder, 718 RSK, 904, 906, 908, 910, 917, 936, 935, 956, 962, and GT1. And to this list can be added the ubiquitous 911, the privateer's choice for the race in 1971, a year that saw a record number of Porsches take part: 19 of the 33 Porsches in the race were 911s. This book, compiled by a meticulous author with a passion for Porsche, provides definitive coverage of the subject, supported by full access to Porsche's archives of photographs, data and technical information.

In 1975, a small but headstrong German automaker on the verge of its most significant development. New national laws were changing the way manufacturers designed their products, but the auto consumer was also craving more exciting and innovative design. That innovation came in 1975 with the release of the revolutionary Porsche 924. This book begins its analysis with the creation of the Porsche 924 and the impact it made on the automotive world. During the 1980s, Porsche honed earlier 924 designs to create the 944 and its Turbo and convertible variants, and later the 968, completing a line that has produced some of the most respected sports cars of the modern era. The text also follows in detail the long production life and development of Porsche's V-8 powered high performance grand tourer, the 928, introduced in 1977, named the 1978 European Car of the Year, and culminating in the 350 bhp 928 GTS of the 1990s. This history of the dynamic Porsche family gives a full account of each model and reveals the unique contributions each has made to a constantly evolving automotive world.
